

# Public Land Auction

Allegan, Berrien, Cass, Van Buren

*September 3rd, 2024*

Allegan, Berrien, Cass, and Van Buren Counties

***Location:***

Online  
[www.tax-sale.info](http://www.tax-sale.info)

***Time:***

Auction: 10:00am EDT to 07:00pm  
EDT

*Printed information is subject to change up to the auction start time. Please check each lot listing closely for updates.*

**Follow us on Facebook for the latest updates:**  
**[www.facebook.com/taxsaleinfo](http://www.facebook.com/taxsaleinfo)**

There are two ways to bid in our auctions:

**ONLINE AT WWW.TAX-SALE.INFO**

**-or-**

**ABSENTEE BID**

(For those who have *no* computer access. Please call for assistance)

For **registered users**, our website features:

- **Photos** and detailed descriptions of properties (where available)
- **GPS/GIS** location of the property
- **Maps** of the property vicinity (where available)
- **Google Maps links** to satellite images of the area and street views of the property and neighborhood (where available)
- **Save properties** to your personalized “favorites” list
- **Personalized Auction Feed** with live updates on parcels in which you have placed a bid(s)

We have a short window to review several thousand parcels prior to listing them on our website. We began inspecting properties in May and release catalogs county by county as they become available. Please be patient and **check back often** for updates. Parcels are sold "as is" based on the assessed legal description only. All other information in this salebook or listed on our website, though reliable to the best of our knowledge, is provided as unverified reference and is not guaranteed to be accurate. You should verify this information with your own research and investigation prior to bidding.

**CREATE YOUR ACCOUNT TODAY AT**  
**[WWW.TAX-SALE.INFO](http://WWW.TAX-SALE.INFO)**

# Visiting and viewing property BEFORE auction:

The auction list furnished in this salebook contains property that *may* be offered. Please keep checking the catalog on our website as the auction date approaches as some parcels may be removed from the list for a variety of reasons.

**You are NOT AUTHORIZED to enter any buildings**, even if they are unlocked or open to access. Entering a tax auction property to “see it” is considered breaking and entering (a criminal offense). Please limit your review to looking through the windows and other external inspections. We will post exterior and interior photos on the website and provide other commentary whenever possible.

Entering properties (even vacant land) can be dangerous due to unknown conditions of structures and land. **You assume all liability for injuries and other damage** if you choose to visit these lands.

Properties may be occupied or “being watched” by former owners or neighbors sympathetic with former owners. Occupants are often unknown and could potentially be volatile, unstable or “anti- government” persons. Even vacant land presents potential for conflict.

Some properties still contain the personal property of former owners (including vehicles, furnishings, appliances etc). These items are not sold at our auctions. We are only selling the real estate (land) and whatever is attached to it (buildings and other permanent fixtures).

- **You are not authorized to remove ANY “personal” property, “scrap” metal or fixtures from auction parcels. This is considered theft and will be prosecuted.** We often ask neighbors to watch property for theft and vandalism and report this to local police.
- **Property is sold “as-is” in every respect.** Please check zoning, building code violation records, property boundaries, condition of buildings and all local records available to the public.
- **There are no refunds and no sale cancellation at the buyer’s request.**
- **Information offered on the website or in the salebook is deemed reliable but is not guaranteed.** We suggest reviewing the records of the local assessor’s office to be sure that what we are selling is what you think it is. **We sell by the legal description only.**
- **You should consider obtaining professional assistance** from land surveyors, property inspection companies or others if you have questions about property attributes.

**PLEASE REMEMBER that property lists can change up to the day-of-auction.**

# Paying for your Auction Purchases

- **The full purchase price must be paid in full within 5 business days of the sale.** No purchases can be made on a time-payment plan.
- No cash or personal checks will be accepted.
- All payments must be made with a **Credit/Debit Card, Wire Transfer, or by certified (cashier's) check.**
- Your sale is not complete until we've received both your payment and your notarized receipt and buyer's affidavit paperwork. This is also due 5 business days from the date of the sale.
- When mailing in your paperwork (especially with a certified check), please use a trackable service like Priority Mail, FedEx, or UPS to ensure timely, verified delivery.

## Bidding Authorization

- Online and absentee bidding requires a **\$1,000 pre-authorization hold** on a Visa, MasterCard, or Discover credit card before any bids will be accepted. Alternatively, bidders can mail in a \$1,000 certified funds deposit if a credit card is unavailable. A buyer's failure to consummate an online or absentee purchase will result in the forfeiture of this \$1,000.
  - *Your card is not charged unless you win, however the hold may reduce your available credit until it is released by your credit card issuer (usually 30 days).*

## Absentee bidding

- If you do not have internet access, **you can submit an absentee bid by calling us.** You will still need to pre-authorize a \$1000 deposit on a major credit card (or mail in a \$1000 certified check deposit). Contact us at 1-800-259-7470 for more information.
  - *Your card is not charged unless you win, however the hold may reduce your available credit until it is released by your credit card issuer (usually 30 days).*

## 2025 AUCTION SCHEDULE

All Auctions are ONLINE ONLY

Schedule is subject to change – Please see [www.tax-sale.info](http://www.tax-sale.info) for the latest information

# Rules and Regulations

## 1. Registration

You must create an online user account at [www.tax-sale.info](http://www.tax-sale.info) in order to bid at an auction. You should create such an account no less than 48 hours prior to the auction in which you wish to participate to ensure that your account is active and authorized in time to bid. Before any bids will be accepted, you must also provide a deposit by authorizing a \$1000 pre-authorization on a Visa, MasterCard, or Discover credit card or by tendering \$1,000 in certified funds to the Auctioneer.

## 2. Properties Offered

### A. Overview

**"Foreclosing Governmental Unit" ("FGU")** is a term used by the Michigan tax foreclosure statute and is typically the office of the County Treasurer in the county where the offered property is located. However, in some instances the FGU is the State of Michigan Department of Treasury.

Unless otherwise noted, the "Seller" is the County Treasurer, acting as the "FGU". The Auctioneer is Title Check, LLC acting as the authorized agent of the Seller/FGU.

The attached list of parcels has been approved for sale at public auction and each is identified by a sale unit number. The Seller reserves the right to pull parcels from the sale at any time prior to the auction.

According to state statutes, **ALL PRIOR** liens (other than certain DEQ liens and other limited exceptions), encumbrances and taxes **are cancelled** by Circuit Court Order. The FGU has attempted to include in the minimum bid, liens that have accrued since foreclosure, such as nuisance or water bills; **all other outstanding bills since foreclosure are the responsibility of the buyer**. These properties are subject to any state, county, or local zoning or building ordinances. The FGU does not guarantee the usability or access to any of these lands.

### B. Know What You Are Buying

It is the **responsibility of the prospective purchaser to do THEIR OWN RESEARCH** as to the suitability of any offered property for any intended purpose. The FGU and the Auctioneer make no warranty, guaranty, or representation of any kind concerning, but not limited to, the merchantability of title, boundary lines, location of improvements, availability of land divisions, easements or right to access by public street, utility presence or location, or any other physical, structural, or legal condition regarding any parcel offered for sale.

Prospective buyers should, prior to the auction, **personally visit and inspect any offered property** they wish to purchase. However, prior to purchase at the auction, **STRUCTURES MAY NOT BE ENTERED** without the **WRITTEN PERMISSION** of the FGU. Some structures may be occupied and occupants should not be disturbed.

### C. Reservations

At the sole option of the FGU, a reverter clause may be included in any deed issued to a winning bidder which prohibits the future severing of mineral rights (if any) and/or splitting/subdividing any purchased property into smaller parcels which do not meet local zoning rules or otherwise comply with applicable regulations relating to the splitting of property. If such a reverter clause is included, a violation thereof will result the property reverting to the FGU without refund.

Pursuant to state statutes, where the State of Michigan Department of Treasury is acting as Seller/FGU, deeds issued may contain the following reservations and stipulations:

- *"Excepting and reserving to the State of Michigan, all aboriginal antiquities including mounds, earthworks, forts, burial and village sites, mines or other relics and also reserving the right to explore and excavate for the same, by and through its duly authorized agents and employees, pursuant to the provisions of Part 761, Aboriginal Records and Antiquities, of the Natural Resources and Environmental Protection Act, Act 451 of the Public Acts of 1994, MCL 324.76101 to 324.76118 as amended."*
- *"Saving and reserving unto the People of the State of Michigan the rights of ingress and egress over and across all of the above-mentioned descriptions of land lying along any watercourse or stream, pursuant to the provisions of Part 5, Act 451, P.A. 1994, as amended, MCL 324.503, as amended."*

Additionally, the State may, in its discretion, reserve the mineral rights to offered property as follows:

- *"Saving and excepting and always reserving unto the said State of Michigan, all mineral, coal, oil and gas, lying and being on, within or under the said lands whereby conveyed, except sand, gravel, clay or other nonmetallic minerals with full and free liberty and power to the said State of Michigan, its duly authorized officers, representatives and assigns, and its or their lessees, agents and workmen, and all other persons by its or their authority or permission, whether already given or hereafter to be given at any time and from time to time, to enter upon said lands and take all usual, necessary, or convenient means for exploring, mining, working, piping, getting, laying up, storing, dressing, make merchantable, and taking away the said mineral, coal, oil and gas, except sand, gravel, clay or other nonmetallic minerals."*

If the State does not reserve mineral rights as described above, the State may nonetheless restrict the severance of mineral rights from offered property as follows:

- *"This conveyance hereby restricts the Grantee from severing oil, gas, mineral and other subsurface rights from the surface rights any time in the future. If the Grantee severs the subsurface rights from the surface rights, the subsurface rights will revert to the State of Michigan."*

### 3. Bidding

#### A. Overview

##### Live Bidding Auctions:

First round minimum bid auctions, unless otherwise specifically noted, include live bidding. Bidding at live bidding auctions is divided into two phases:

##### i. Advance Bidding

Advance Bidding begins **thirty days before the posted auction start time**. During Advance Bidding, you can place and modify bids in any way that you see fit. You can increase, decrease, or delete bids entirely during Advance Bidding. You will be able to see your maximum bid but will not be able to see the current high bid price or what other users have bid during this time. Advance bidding **ends at the designated start time which is listed for the applicable auction** and the Active Bidding phase then begins.

##### ii. Active Bidding

Active Bidding begins **at the designated start time which is listed for the applicable auction and continues until the designated end time**. Active Bidding is the interactive phase of the auction process. During active Bidding, you will be able to see the current high bid price and whether or not you are the high bidder. You will also be able to see whether you have been outbid. During active Bidding you can place new bids or increase bids **but cannot delete or decrease your bid amount**. When making a bid during Active Bidding, you are committing to pay up to your maximum bid amount so bid carefully and accordingly. Active Bidding **concludes at the designated end time which is listed for the applicable auction. All bidding ends promptly at the listed end time for the applicable auction**. Bidding *is not* extended beyond the listed end time regardless of bidding activity.

All bids placed during Advance and Active bidding are maximum bids. The auction system will automatically bid on your behalf up to your maximum bid amount as applicable based upon competition from other bidders. Bidding activity can be very high during the final minutes of the auction. Entering your maximum bid and allowing the system to bid up to that maximum, as opposed to manually bidding one increment at a time, helps ensure that you aren't outbid in the final moments of the sale simply because you were unable to manually enter an additional bid before time expires.

After the listed end time passes, the sale will be awarded to the individual bidding the highest amount equal to or greater than the starting bid.

##### Sealed Bid Auctions:

Second round no-minimum sales, unless otherwise specifically noted, are conducted by sealed bid. Bidding at sealed bid auctions opens approximately thirty days before the final bidding deadline. While bidding is open, you can place and modify bids in any way that you see fit. You can increase, decrease, or delete bids entirely during this time. **Your best and final bid must be entered prior to the posted final bidding deadline at which point bidding CLOSES and all bids are locked**. You can see your own bids while bidding is open but the current high bid price is not visible. **Once the posted bidding deadline passes, final winning bids are calculated and awarded by the award date posted for the auction in question**. The sale will be awarded to the individual bidding the highest amount equal to or greater than the starting bid. All bids placed at sealed bid auctions are maximum bids. The auction system will automatically bid on your behalf up to your maximum bid amount at the time final winning bids are calculated as applicable based upon competition from other bidders.

#### B. Starting Bid Price

The starting bid prices are shown on the online lot description page for each sale unit as well as on the list included in the sale book. At auctions with a minimum bid, no sales can be made for less than the starting price indicated. The starting bid for no-minimum-bid sales will be at the discretion of the FGU.

However, any person who held an interest in a property offered for sale at the time a judgment of foreclosure was entered against such property **must pay at least minimum bid** for such property even if purchased at a no-minimum auction.

#### C. Bid Increments

Bids will **only** be accepted in the following increments:

<u>Bid Amount</u>	<u>Increment</u>
\$100 to \$999	\$ 50.00
\$1000 to \$9999	\$ 100.00
Over \$10,000	\$ 250.00

#### D. Eligible Bidders

Any person who meets the following requirements may register as a bidder:

- The person does not directly or indirectly hold more than a minimal legal interest in any property with delinquent property taxes which is located in the county in which the person intends to purchase property.
- The person is not directly or indirectly responsible for any unpaid civil fines for a violation of any ordinance, including but not limited to any ordinance authorized by section 4/ of The Home Rule City Act, 1909 PA 279, as amended, MCL 117.4/, in the local tax collection unit in which the person intends to purchase property.
- The person has not been banned or otherwise excluded by the FGU from participation in the public sale and is not acting on behalf of another who has been banned or excluded.

Any person unable to attend the sale can be represented at the sale by an agent or other representative with authority to bid and otherwise represent the person. However, any party utilizing an agent to bid on their behalf must still meet the above listed requirements. **The registered bidder is legally and financially responsible for all parcels bid upon whether acting on their own behalf or as the agent of another.**

#### E. Absentee Bidding

Prospective bidders who do not have internet access or who are otherwise unable to bid on their own may bid by Absentee bid. Absentee bidders must meet all eligibility and other requirements of these Rules and Regulations. Absentee bids will be accepted in increments up to the amount pre-approved by the absentee bidder. Absentee bids require a \$1,000 pre-authorization on a major credit card or a \$1,000 deposit before the bid will be accepted. Absentee bids must be submitted 48 hours prior to the date of the auction by calling 1-800-259-7470.

#### F. Auction Location

Auctions are conducted online through [www.tax-sale.info](http://www.tax-sale.info). An auction may be conducted in-person with simultaneous online bidding as determined by the FGU.

#### G. Bids are Binding

A bid accepted at public auction through [www.tax-sale.info](http://www.tax-sale.info) is a legal and binding contract to purchase. The FGU reserves the right to reject any or all bids.

#### H. Limitations on Bidding

The FGU and Auctioneer reserve the right to limit the number of bids placed per auction for any bidder or group of bidders for any reason.

#### I. Attempts to Bypass These Rules and Regulations

The FGU and Auctioneer reserve the right to reject the bids of any bidder who appears to be acting on behalf of another person who is ineligible to bid on their own.

### 4. Terms of Sale

#### A. Payment

- **The full purchase price must be paid in full WITHIN 5 BUSINESS DAYS OF THE SALE.** Payment may be made by certified funds, money order, Visa, MasterCard, Discover, or wire transfer. No purchases can be made on a time-payment plan.
- If a buyer fails to consummate a purchase for any reason, their sale will be cancelled and the buyer will be assessed liquidated damages in the amount of \$1000 for breach of contract. Seller may collect this liquidated damages assessment from any funds tendered by buyer prior to cancellation and may collect any remaining unpaid liquidated damages assessment using the deposit described in paragraph 1 above.

The full purchase price consists of the final bid price *plus* a buyer's premium of 10% of the bid price, any outstanding taxes due on the property including associated fees and penalties, and a \$30.00 deed recording fee. ***Any portion of the purchase price paid by credit card will be assessed an additional fee of 2.75%.***

#### B. Refund Checks

In some instances it may be necessary to refund to a buyer some or all of the payment tendered by such buyer. This can occur, for example, when a buyer tenders certified funds in an amount greater than their total obligation or if the sale is cancelled under any provision of these Rules and Regulations. Refund checks will be processed and mailed to buyer within approximately ten days of the time such refund becomes due to buyer. Buyer shall cash such refund check within 90 days of the date listed on such refund check. If buyer fails to cash such refund check within 90 days, such refund check shall become void and buyer shall forfeit any refunded amount.

#### C. Dishonored Payment

A buyer whose payment is dishonored for any reason will have their sale cancelled and will be assessed liquidated damages in the amount of \$1000. Seller may retain any portion of the purchase price which was tendered and not dishonored up to \$1000 to apply toward such liquidated damages assessment. Seller may collect any remaining unpaid liquidated damages assessment using the deposit described in paragraph 1 above.

**Furthermore, the FGU may seek to prosecute any buyer whose payment is dishonored or who fails to consummate a purchase.**

Any buyer who fails to consummate a purchase for any reason will be banned from bidding at all future land auctions.

The buyer's premium is not subject to any broker fees. There are no co-brokerage or other fees or rebates available.

#### D. Eligible Buyers

In order to take title to purchased property, each party that will be listed on the deed must meet **ALL of the following requirements at the time their winning bid is accepted:**

- i. The party does not directly or indirectly hold more than a minimal legal interest in any property with delinquent property taxes which is located in the county in which the purchased property is located
- ii. The party is not directly or indirectly responsible for any unpaid civil fines for a violation of any ordinance, including but not limited to any ordinance authorized by section 4/ of The Home Rule City Act, 1909 PA 279, as amended, MCL 117.4/ in the local tax collection unit in which the purchased property is located.

- iii. The party is not purchasing, for less than minimum bid, any property in which the party held an interest at the time a judgment of foreclosure was entered against such property nor is the party purchasing property, for less than minimum bid, on behalf of any other party who held such an interest.
- iv. The party has not been banned or otherwise excluded by the FGU from participation in the public sale and is not owned or controlled by a person or entity that has been banned or excluded.

At the time payment is tendered after the auction, the buyer will be required to execute an affidavit affirming, **under penalty of perjury**, that each party that the buyer desires to have listed on the deed to purchased property meets the above requirements.

The FGU **will not issue a deed** and the sale will be canceled if the buyer or any party that the buyer seeks to list on the deed does not meet the eligibility requirements outlined in this section at the time the buyer's bid was accepted, the buyer fails to execute this affidavit, or if any affirmations made in this affidavit are untrue. If the FGU is forced to cancel any sale due to the buyer's noncompliance with this provision, the buyer will be banned from participating at all future land auctions and the **buyer will be assessed liquidated damages in the amount of \$1000**. Seller may collect this liquidated damages assessment from any funds tendered by buyer prior to cancellation and may collect any remaining unpaid liquidated damages assessment using the deposit described in paragraph 1 above. Furthermore, the FGU may pursue **CRIMINAL PERJURY CHARGES** against any buyer who makes a false affirmation on the affidavit required under this or any other provision of these Rules and Regulations.

#### **E. Sale to Entities**

In order to ensure that individuals do not utilize legal entities to circumvent the sale and ownership restrictions contained in MCL 211.78m(2), the FGU will only sell property to legal entities under certain circumstances. Any buyer desiring to deed a purchased property to a legal entity must disclose the name and address of all officers, shareholders, partners, members, or other parties, regardless of title, who own any portion of that entity. However, such disclosure will not be required if one or more of the following exceptions are applicable:

- The Entity held a prior recorded interest in each purchased property.
- The Entity is a division, agency, or instrumentality of federal, state, or local government.
- The Entity is a Homeowners Association, Condo Association, or other such organization that exercises control over each purchased property.
- The Entity is a publicly traded company listed on a national securities exchange.
- The Entity is a nonprofit corporation and is qualified as tax exempt under IRC §501.

At the time payment is tendered after the auction, any buyer desiring to deed a purchased property to a legal entity will be required to execute an affidavit affirming, **under penalty of perjury**, that the entity is exempt from disclosure under one of the five exceptions listed above, or in the event that no exception is applicable, the names and addresses of all parties owning any portion of that legal entity.

#### **F. Cancellation Policy**

Prior to the issuance of a deed, the FGU has the right, in its sole discretion, to cancel any sale for any of the following reasons: transfer of the property at issue is stayed or enjoined by a court of competent jurisdiction; any of the reasons outlined in MCL 211.78m(9); the property at issue becomes the subject of litigation; a defect is discovered in the underlying foreclosure or sale procedures relating to the property at issue; any other reason authorized under these Rules and Regulations.

#### **G. Property Transfer Affidavit**

It is the responsibility of the buyer to file a **Property Transfer Affidavit** with the *assessor for the city or township* where the property is located **within 45 days of the transfer**. If it is not timely filed, a **penalty of \$5/day (maximum \$200) applies**. The information on this Property Transfer Affidavit is NOT CONFIDENTIAL.

### **5. Purchase Receipts**

Successful bidders at the sale will be issued a receipt for their purchases during the checkout process. This receipt does not convey an interest in title to the purchased property unless and until a deed has been issued and recorded. Buyers will be entitled to deeds for the property descriptions identified by the sale unit numbers noted on the receipt unless the sale is cancelled under these Rules and Regulations or other statutory authority.

### **6. Title Being Conveyed**

Quit-claim deeds will be issued conveying **only such title as received by the FGU through tax foreclosure**. Title insurance companies may or may not issue title insurance on properties purchased at this sale. The FGU makes no representation as to the availability of title insurance and the **unavailability of title insurance is not grounds for reconveyance to the FGU**. The buyer may incur legal costs for Quiet Title Action to satisfy the requirements of title insurance companies in order to obtain title insurance.

### **7. Special Assessments**

Special assessment installments through the most recent prior tax year are included in the starting bids. Seller has attempted to identify those parcels subject to special assessments with a note on the parcel detail page. Parcels sold are subject to property taxes for the entire current tax year, as well as current and future installments of any outstanding bonded assessments. All bidders should contact the appropriate city, village, or township offices to determine if there are any outstanding bonded assessments for future tax years on the properties being offered.

### **8. Possession of Property**

#### **A. Possession Pending Deed Delivery**

It is recommended that the buyer DOES NOT take physical possession of any purchased property until a deed has been executed and delivered to the buyer. The buyer risks financial loss for any improvements or investments made on purchased property *before the delivery of a deed* in the event that the Foreclosing Governmental Unit exercises their right to cancel the sale. Until the buyer pays for all purchases in full and receives a deed, no activities should be conducted

on the site other than:

**I. Securing the Property**

Buyer should take steps to protect their equity in purchased property **by securing vacant structures against entry and obtaining (homeowners) insurance for occupied property.** Buyer is responsible for contacting local units of government **to prevent possible demolition of structures situated on purchased property.**

**II. Assessing Potential Contamination**

Buyer may immediately wish to conduct a Baseline Environmental Assessment (BEA) to assess the condition of potentially contaminated properties. More information about BEAs can be found at <https://www.michigan.gov/egle/about/organization/remediation-and-redevelopment/baseline-environmental-assessments>

**B. Occupied Property**

**Buyers will be responsible for all procedures and legal requirements for conducting evictions.** Occupants of purchased property should be treated as tenants holding over under an expired lease. This means that legal eviction and/or possession proceedings will be necessary to effectuate control over such property if occupants will not otherwise leave voluntarily. You may wish to consult a licensed attorney for additional guidance. Buyers may not commence eviction proceedings until a deed to the applicable occupied property has been issued by the FGU.

**9. Additional Conditions**

The buyer accepts the premises in its present "as is" condition, and releases the Foreclosing Governmental Unit and employees and agents including the Auctioneer from all liability whatsoever arising from any condition of the premises, whether now known or subsequently discovered, including but not limited to all claims based on environmental contamination of the premises.

A person who acquires property that is contaminated (a "facility" pursuant to Section 20201(1)(1) of Natural Resources and Environmental Act (NREPA), 1994 P.A. 451, as amended) as a result of release(s) of a hazardous substance(s) may become liable for all costs of cleaning up the property and any other properties impacted by the release(s). Liability may be imposed upon the person acquiring the property even in the absence of any personal responsibility for, or knowledge of, the release. Protection from such liability may be obtained by conducting a Baseline Environmental Assessment (BEA) as provided for under Section 20126(1) (c) of NREPA. However, the BEA must be conducted prior to or within 45 days of the earliest date of purchase or occupancy of the property. Persons who acquire contaminated property may have "due care" obligations under Section 20107a of NREPA even if they conduct a BEA and are not liable for the contamination.

Pursuant to part 201 of NREPA, the person(s) responsible for an activity causing a release at the property is obligated to pursue response activities at the property. Consequently, the non-labile purchaser may be required to provide access to the liable party to conduct response activities at the property in the future. Section 20116 of the NREPA requires that a person who has knowledge that their property is contaminated provide a written notice to the purchaser or other person to whom the property is transferred which discloses the general nature and extent of the release. Additional disclosure obligations may also apply at the time the property, or an interest in the property, is transferred. Accordingly, the Foreclosing Governmental Unit recommends that a person who is interested in acquiring property at this auction contact an attorney or an environmental consultant for advice prior to the acquisition of any property that may be contaminated.

**10. Deeds**

**A. Deed Execution and Delivery**

All monies collected will initially be deposited in escrow. Once payment is cleared and verified, funds will be disbursed to the FGU and deeds will be executed and recorded as required by law. The FGU will deliver the deeds to the Register of Deeds for recording and remit them to the buyer after recording is complete. IT CAN TAKE 6 TO 8 WEEKS FOR DEEDS TO ARRIVE. PLEASE BE PATIENT.

**B. Restrictive Covenants**

Some counties sell properties with deed covenants that will attach to the property. These parcels will be noted online, along with the terms being required. **Please carefully review the information for each specific parcel to make sure you understand the terms of sale.**

**11. Property Taxes & Other Fees**

All property taxes and associated fees that have accrued on or after April 1 in the year that a property is auctioned must be paid **at the time of checkout** after the auction along with the final bid price, buyer's premium, and deed recording fee.

Furthermore, please understand that the **buyer is responsible for all other fees and liens that accrue against a property on or after April 1 in the year that a property is auctioned.** These items are not prorated. They include, but are not limited to, municipal utility or ordinance fees, and condo or property owner association fees or dues. This can also include demolition and other nuisance abatement costs. These fees and expenses **are not collected at the auction** and must be paid by the buyer after taking title to any purchased property which is subject to such fees and expenses.

**12. Other**

**A. Personal Property**

Personal property (*items not attached to buildings and lands such as furnishings, automobiles, etc.*) located on offered property or within structures situated on offered property was not taxed as part of the real estate, does not belong to the FGU, and is not sold to the buyer of the real estate in this transaction. You are advised to contact former owners of any purchased property and provide them an opportunity to reclaim contents. A certified and first class mail notice to their last known address is strongly advised. It is your responsibility to identify and properly handle items of personal property. The FGU and Auctioneer make no representations or warranties as to the presence of personal property or as to the legal requirements for dispensing with such property.

**Mobile Homes may be titled separately and considered *personal property*.** It is the buyer's responsibility to determine the legal status of any mobile home located on purchased property. A useful first step could include determining whether an Affidavit of Affixture of Manufactured Home has been executed and recorded as outlined in MCL 125.2330i.

### **B. Mineral Rights**

You will receive any and all title that the FGU obtains via their tax foreclosure through a quit-claim deed. If the owner of the surface rights to the property also owned the mineral rights, those will become part of your title interest. However, this will be subject to the rights of any outstanding leaseholders of oil, gas, mineral or storage rights. You would be obligated to honor the balance of any remaining lease (with automatic renewals if so written). However, if the mineral rights have been severed (split from the surface rights) and are owned by a third party, they have not been foreclosed by the FGU and are not included in the mineral rights conveyed to you. In either instance, the leaseholder still has the right to explore for and/or extract minerals under the terms of any outstanding agreement.

### **C. Applicability of These Rules and Regulations**

All sales are subject to these Rules and Regulations. Furthermore, additional terms and conditions which apply to one or more specific auction lots may be printed in the auction sale booklets and/or online at [www.tax-sale.info](http://www.tax-sale.info) ("**Additional Terms**"). If such Additional Terms apply, they will be listed on the online lot description page and/or in the printed sale book for the lot(s) to which they apply. Such Additional Terms, if existing, shall be considered a part of these Rules and Regulations for the specific auction lots to which they apply. Finally, additional conditions are included on the auction receipt given to the buyer at the time of checkout ("**Terms of Sale**"). All sales are subject to these Terms of Sale as well. These Rules and Regulations, Additional Terms, and Terms of Sale are intended to be compatible. To the extent that a conflict arises between any of these sources, they shall be interpreted in the following order of priority: Additional Terms, Terms of Sale, Rules and Regulations.

These Rules and Regulations are subject to change and should be reviewed frequently.

**NOTE: Please review the terms at the top of each online catalog and the addendum pages in the sale books for county-specific purchase terms. Failure to follow the specific rules posted for each county could result in cancellation of sale and/or the assessment of liquidated damages as provided by these Rules and Regulations.**

Lot #	Lot Information	Address	Min. Bid
7300	<p><b>Parcel ID:</b> 02-103-002-00; <b>Legal Description:</b> LOT 2 BLK 3 BLACK RIVER PARK SECS 27 &amp; 34 T1N R16W. <b>Comments:</b> This vacant lot is approximately 0.07 acres of land. Looks to be mostly deciduous forest. The property is located on a platted subdivision road but the road has not been constructed. Was not able to gain access to the property but there is legal road frontage on undeveloped Garfield Blvd in the Black River Park Subdivision. Plat map is provided in the photos. Residential land use code 402. If planning to develop the land please contact the local government unit to get more information on possible building restrictions. E.g. Minimum Sq. footage requirement. Electric and phone are in the area but are not established on this portion of unimproved road. Located in the South Haven Public School District. <b>Additional Disclosures:</b> 8 (see key for full text)  <b>Summer Tax Due:</b> \$8.12</p>	SOUTH HAVEN	\$750.00
7301	<p><b>Parcel ID:</b> 02-380-077-00; <b>Legal Description:</b> LOT 77 AL PERTELLE BEACH SECS 25 &amp; 36 T1N R17W. <b>Comments:</b> This vacant lot is approximately 0.05 acres of land. No observed structures. About 90 feet of road frontage. About a half mile away from lake Michigan. This lot is made up of mostly young growth forest. A few mature trees mixed in. Thick vegetation throughout but easily traversable. Appears to be mostly flat ground. Nice location to build if you'd like to be in a forest setting and close to Lake Michigan but this single lot is very small and likely not large enough to build on. If planning to develop the land please contact the local government unit to get more information on possible building restrictions. E.g. Minimum Sq. footage requirement. Residential land use code 402. Located in the South Haven Public School District. <b>Additional Disclosures:</b> 9 (see key for full text)  <b>Summer Tax Due:</b> \$29.42</p>	Beachview Dr SOUTH HAVEN	\$900.00
7303	<p><b>Parcel ID:</b> 12-034-009-50; <b>Legal Description:</b> W 125' OF E 1100' OF S 500' OF E 1/2 SW 1/4 SEC 34 T1N R15W (93) <b>Comments:</b> This trailer sits on approximately 1.41 acres of land. The property appears to be abandoned. 125 feet of road frontage on Baseline Rd. Cement blocked area with a 2" well pipe sticking out of ground. There is a small DIY shed next to the trailer. It is built with random materials. Would be good for storing non expensive items. The trailer is sitting on blocks and dirt. The trailer is quite old and is showing its age. There is a septic tank behind the trailer. The electric meter has been removed and the main power line has been cut. Propane tank appears to have been removed as well. Large burn pit behind the trailer. Possible contamination. The back side of the trailer has some damage and a tarp is being used to keep out the elements. One side of the trailer is bowing out and duct tape has been used to keep it together. The inside of the trailer is in poor shape as well. The floors feel soft and unstable. There is debris and other personal items throughout the house. 100 amp breaker box is in disrepair. Bathroom is trashed. The mobile home is in poor shape and should be removed from the property. I believe the value here is in the land. It would be a great spot to build a small home. Quiet are in the forest. It could be a lovely spot with the right amount of care. Residential land use code 401. If planning to develop the land please contact the local government unit to get more information on possible building restrictions. E.g. Minimum Sq. footage requirement. Located in the Bloomingdale Public School District. Notice: Farther North of the property sits a mobile home and a shipping container. I was unable to determine if these were on the property. It is very close to the boundary line. This trailer is in very poor shape as well. The shipping container had debris and personal items stored in it. If bidding on this property you may want to have a survey done to determine if these are encroaching on the property. <b>Additional Disclosures:</b> 21; 22; 17 (see key for full text)  <b>Summer Tax Due:</b> \$34.04</p>	BASELINE RD	\$1,350.00

7127	<p><b>Parcel ID:</b> 03-5020-0082-00-8; <b>Legal Description:</b> LOT 82 TOWN OF MILLBURG</p> <p><b>Comments:</b> The house sits on approximately 0.20 acres of land. ~60 feet of road frontage along N Second St. This home was recently occupied. The electric and water are still active. Gas meter has been removed. The rear hose outlet was open and broken spraying water for who knows how long. The basement had standing water most likely from the ground being over saturated with water from the open hose. Sump pump was running. The basement still has water heater and furnace but both look to be in poor condition and were most likely underwater at some point. The interior of the home is trashed. The former residents did not take care or maintain the home. Three bedroom one full bathroom. Garbage, debris, and personal property all throughout the home. Many of the rooms floors are down to the subflooring. Many broken windows. Some have been boarded. Some parts of the floors felt soft. Block foundation looked ok with some cracking. Its difficult to tell if the running water has caused any issues with the foundation. The sump pump outlet in the middle of the back yard has eroded some of the land. Siding on the home needs repairs. The shingled roof is in poor condition and should be replaced. Small shed on side of the home. Gravel/dirt driveway. This building is in poor shape and will need a lot of work before its back in good living condition. Please be prepared for some work. Residential land use code 401. Located in the Benton Harbor Area School District. <b>Additional Disclosures:</b> 21; 66; 5 (see key for full text)</p> <p><b>Summer Tax Due:</b> \$493.46</p>	483 N 2ND ST BENTON HARBOR	\$4,586.24

7179	<p><b>Parcel ID:</b> 34-4200-0023-00-0; <b>Legal Description:</b> THE W HAF OF LOT 4 &amp; ENTIRE LOT 5 BLK K KEIGLEY'S ADD'N TO THE VILLAGE OF EAU CLAIRE <b>Comments:</b> The house sits on approximately 0.32 acres of land. ~98 feet of road frontage along Keigly St as well as Hoyt St. There is also ~139 feet of road frontage along Hickory St. Large two story home with a detached one car garage. The house is going to need some work. The stone foundation has a lot of cracking. The concrete porch on the side entrance is cracking and crumbling in certain areas and will need attention. There is soffit/fascia rot on the rear portion of the home. The shingled roof looks fine for its age but it is nearing the end of its lifespan. Metal siding needs some repairs. Multiple broken windows. Some have been boarded. Three bedroom two full bathroom. The three bedrooms are all on the second story. The interior of the home is in rough shape although the former residents have cleared out most of the home. Some areas of the home are down to the subflooring. Paint peeling in most rooms. The basement is wet. The furnace and water heater have been harvested. 100 amp breaker box is still intact. Does not look like the electrical wiring was harvested. Some areas of the home has nice wood work such as the stairwell next to the front entrance. This older home has a lot of character but it has been neglected and not maintained. This is definitely a fixer upper but there is a lot of potential here. After repairs and renovations this would be a beautiful older home across the street from a large park. The detached garage needs some work as well but is in decent shape. Shingled roof on the garage is in poor shape with localized leaks. Slab foundation looks solid. Wood siding in decent shape. Short concrete driveway. Residential land use code 401. Located in the Eau Claire Public School District. <b>Additional Disclosures:</b> 21; 48; 5; 34 (see key for full text)</p> <p><b>Summer Tax Due:</b> \$2,507.82</p>	6482 HOYT ST EAU CLAIRE	\$25,192.53

This house appears to have been sitting abandoned for some time. Third party stated the former owner passed. Block foundation looks solid. Metal siding is in decent shape. Some overgrown vegetation around the home. Shingled roof looks older and needs some repairs. Gutters need a bit of work as well. The interior of the home has been cleaned out for the most part but the basement is full of personal property and debris. The basement was wet and the excess moisture has caused mold to form in the back mud room. This area will need to be gutted and mold remediated. One bedroom one full bathroom. Furnace and water heater still present and look to be in fair shape. Unknown if in working condition. 100 amp breaker box intact. Some of the floor joists looked saturated from the moisture. The house will need some repairs and renovations. Paved driveway leads to a detached one car garage. The garage is in fair shape. There is a tree with many branches rubbing on the shingled roof that needs to be trimmed. There is most likely damage to the shingles underneath the tree limbs. Slab foundation looks solid and extends into the back yard about 7 feet. Large slab. The wood door to the garage is rotting. This is a decent little property but it has its issues. Please be prepared. Residential land use code 401. Located in the Niles Community School District District. <b>Additional Disclosures:</b> 21; 32; 5 (see key for full text) <b>Summer Tax Due:</b> \$683.13</p>	1437 POWERS CT NILES	\$4,365.68

EX E 150 FT. SEC 4. <b>Comments:</b> The house sits on approximately 1.40 acres of land. 273 Feet of road frontage along US-12. Tucked away amongst deciduous trees. Across the street from a gas station. Unable to locate basement entrance. The house is in over all fair shape but it has been neglected as misused. The interior of the home is pretty trashed. There is garbage and personal property all throughout the house. Visible leaks in multiple areas. The excess moisture has caused mold to start forming. The drywall ceiling has collapsed in multiple locations. The bathroom is in poor shape. Three bedroom two bathroom. The interior of the home needs a major cleaning and repairs. The poured foundation looks solid. Vinyl siding needs repairs along the chimney where it has detached from the building. Electric meter still hooked up. Gas line runs underground. possible tank buried behind home where a lid was located. Stoned work around the home is unique with a wood stove built into the side of the hill. There is a garage behind the home that is covered in overgrown vegetation. Shingled roof is leaking. Dirt floor. Wood posted foundation. Old vehicle and debris inside the garage. Farther East on the proepty is an old "animal coup". Possibly for chickens. The coup has a old wire fence around the perimeter. This house needs a good deal of work before its back in good living condition but there is potential here. Although its on a busy road it feels secluded in the small forest. The property deserves a new life. Residential land use code 401. 1251	<p><b>Parcel ID:</b> 14-160-300-177-00; <b>Legal Description:</b> . DW 1071 LOT 9 HARTER ANDREW BLISH ADD CITY OF DOWAGIAC. <b>Comments:</b> This property was occupied on last visit. Please use caution and be respectful if visiting property in person. The house sits on approximately 0.22 acres of land. ~70 Feet of road frontage along E Railroad St. The house looks to be in overall fair condition from the exterior inspection. Privacy fence runs along the perimeter of the property. There are two storage sheds behind the home. The larger of the two has a concrete slab foundation that looks solid. The sheds wall is being used a section of fence. Metal roof on the shed is in good shape. Wood siding looks fine. Garage door style on the rear of the shed. The other shed is smaller with an old shingle roof and wood siding. The vinyl siding on the home has some fire damaged on the East wall. There is an exterior staircase on the North side of the home. Possibly set up as a duplex. Shingled roof looks fine for its age. Vinyl siding looks good except for the melted section on the rear. Gas meter has been removed. Electric meter still hooked up. Foundation appears solid from what was visible. Unable to access the back yard for closer inspection. The house is full of personal property. The backyard is overgrown and has some debris piles here and there. Broken window on the second floor. This property has a lot of potential. Depending on what the interior looks like and few repairs on the exterior would make this house look real nice. Residential land use code 401. 6404	<p><b>Parcel ID:</b> 80-05-018-024-00; <b>Legal Description:</b> 220 18-1-14 827-464 865-245/297 1066-877-879 1434-706 N 8 RODS 13 LINKS OF S 25 RODS 14 LINKS OF W FR 1/2 OF NW FR 1/4 OF SEC. <b>Comments:</b> The buildings sit on approximately 2.77 acres of land. ~150 feet of road frontage. Mostly wooded wetlands and deciduous forest. The house is not in the best shape. It appears to have been sitting for awhile. The basement was wet and there's evidence it was full of water at one point. The stairs leading to the basement are rotting. The wood porch that wraps around the home is collapsing and unsafe. The block foundation looks solid from what was visible but much of it is covered up. Vinyl siding is in decent shape but vegetation is growing up all around the home. Many trees growing close to the foundation will cause issues in the future. Wood burning stove for heat. Water heater in the basement but I imagine its shot due to the standing water. The shingled roof looks ok for its age, I did not see any leaks inside the home. The roof had a lot of vegetation on it as well difficult to see. One bedroom one bathroom. Small house. I suspect if the house sits longer mold will start to form. There is a one car garage in front of the home that is being swallowed up by ivy and other vegetation. Shingled roof on the garage is in poor shape. Garage door opens fine. Still usable. There is a larger barn behind the home. It looks like it was used for animals. Old wood framing. Metal roof is old but in fair shape. Sliding barn door. Trees growing close to the block foundation. The barn is still very usable. The shed next to the barn is insulated and in fine shape. A tree has fallen on the shed but it doesn't appear to have done any damage. This is a nice property that has a ton of potential. Clearing out the lot and making some repairs would go a long way. Lots of space for activities. Plenty of forest to explore. This is a good small fixer upper. Residential land use code 401. Located in the Bloomingdale Public School District.</p> <p><b>Additional Disclosures:</b> 32; 21 (see key for full text)  <b>Summer Tax Due:</b> \$317.24</p>	9673 46TH ST BLOOMINGDALE	\$3,718.71

6420	<p><b>Parcel ID:</b> 80-16-090-014-40; <b>Legal Description:</b> 858-37 619-A24 1-4-13 LOTS 24 &amp; 25 FROSTY ACRES PLAT. <b>Comments:</b> These buildings sit on approximately 0.49 acres of land. ~160 feet of road frontage. Unfortunately most of the structures are in poor shape. The house appears to be in decent shape from an exterior inspection but once you enter the home it obvious there are issues. The floors are wavy and feel unstable. The ceilings are sinking in certain areas and you can see that the walls are buckling from the ceilings dropping down. There is evidence there was a tarp on the South East section of the home. Water has been leaking into the home for some time now. The room underneath this section is in very poor shape. The floors are collapsing and there is mold. The building looks like it was originally a trailer that had additions built on to make it more permanent. The front entrance to the home has a mud room with a block stair case leading to the front door. Drywall ceiling is failing and starting to collapse. The cement slab looks solid with a bit of cracking. The inside of the trailer is unsanitary and there is mold/mildew growing on most of the surfaces. Two bedrooms, one bathroom. You may be able to gut the home and repair it but you may want to start fresh and build a new home in its place. Nice wide cement driveway with gate. Chain link fence surrounds the perimeter of the property. Open grassy lot with a handful of trees. The sheds/outbuildings are not in the best shape either. There is a small metal shed to the East of the home. It has a cement ramp that leads to plywood flooring that is bowing. The metal roof has some leaking. This is a DIY shed. There is another small metal shed with a shingled roof that is in poor condition. This shed has a cement ramp leading up into it as well. If you replaced the roof on this shed it would be very usable. As it sits with the leaking roof it will start to rot and will soon be unstable. Directly North from this shed is another DIY outbuilding that has a collapsing roof. The metal siding is beat up and does not look stable. This building is full of debris and garbage. This structure is attached to the storage shed that is in the best shape out of all the outbuildings. Metal siding is standing up strait. The metal roof looks fine. Cement ramp leads into the building that has plywood floors. It is being used to store lawn equipment. There is a riding lawnmower that has sunk through the flooring. All of these outbuilding were DIY builds. Unknown if they are up to code. Some had electric boxes installed inside but there were no breaker/fuse boxes. Power must have been ran from the main house. This property is going to need a good amount of work before its back in living condition. Be prepared. Its in a small neighbor with low traffic. Would be a nice spot to build a small home for a family. Residential land use code 401. Located in the Lawton Community School District. <b>Additional Disclosures:</b> 21; 32; 5; 50; 22 (see key for full text) <b>Summer Tax Due:</b> \$211.35</p>	75341 MARIE DR LAWTON	\$3,006.35

BLOCK W ORIGINAL PLAT OF DECATUR <b>Comments:</b> This vacant lot is approximately 0.25 acres of land. No observed structures, however there was a building previously on the property but has since been removed. It looks like the property hasn't been reassessed since its removal. Due to this the SEV may not accurately represent the current value of the property. Open grassy lot with a handful of trees. There is a large tree in the center of the property. This tree has metal screwed into it and is damaging one of the limbs. Mostly flat with a slight slope as you enter the property. Cement driveway still remains with a dog house and some chairs sitting on it. Small amount of debris. Nice spot to rebuild. Residential land use code 401. If planning to develop the land please contact the local government unit to get more information on possible building restrictions. E.g. Minimum Sq. footage requirement. Located in the Decatur Public School District. <b>Additional Disclosures:</b> 42; 23 (see key for full text) <b>Summer Tax Due:</b> \$2,192.32</p>	302 PAW PAW ST DECATUR	\$8,671.86

6426	<p><b>Parcel ID:</b> 80-44-107-101-00; <b>Legal Description:</b> 544 10-3-15 644-536 693-08 1169-496 1194-144 1199-622 1224-849 1549-226 1560-932 1624-91 1624-556 1648-900/1 1672-172 *** BEG 100' E OF SW COR OF LOT 8, TH E 30', TH N 82.5' TO N L OF LOT 8, TH E 25' TO ALLEY, TH N ALG SD ALLEY 57.5', TH W 52', TH S 18', TH W 3', TH S 122' TO BEG BLK 7 ORIGINAL PLAT OF LAWRENCE <b>Comments:</b> This commercial building sits on approximately 0.13 acres of land. About 30 feet of road frontage on E St Joseph St and about 60 feet of road frontage on Allen Ct. Unfortunately the building is in very poor shape. The roof is falling in multiple areas. The inside of the building has been cleared out but it has been vandalized. The building has been boarded up. There is mold inside the building. It appears to have been partially finished with a possible store front. The wood framed portions of the building are in poor shape. The floor is rotting and unstable. Walls have been ripped down to studs. Holes in walls. 100 amp breaker box in the finished section. An additional breaker box with some large fuses in the back cement portion of the building. The slab foundation is solid but there are some cracks and sinking in a few spots. There are some trees around the perimeter that are growing very close to the foundation and roof. These should be removed. Some of the brick walls are cracking. There are multiple garage doors, doors and windows. Most appear to be broken and have been boarded up or blocked but metal caging. This building will need a great deal of work to get in back in good usable condition. It needs a new roof at the minimum. Nice location. If you're looking for a large commercial building and aren't afraid to get your hands dirty this would be a good fixer upper. Just know its going to need a lot of work. Be prepared. 6429	<p><b>Parcel ID:</b> 80-45-700-036-00; <b>Legal Description:</b> 947-A 29-3-13 761-824 705-76 953-440 1470-348 *** BEG ON E SEC L 645.5' N OF SE COR OF SEC, TH W PAR TO S SEC L TO RR, TH NELY ALG RR TO E SEC L, TH S TO BEG. EX E 2 R THEREOF. UNPLATTED.</p> <p><b>Comments:</b> This commercial building was still in use and occupied on last visit. Please use caution and be respectful if visiting the property in person. The building appears to be an auto repair store. It sits on approximately 0.61 acres of land. ~190 feet of road frontage on N Nursery Road to the East. The North portion of the property runs parallel to railroad tracks. The building looks to be in overall fair shape from the exterior inspection. Block foundation looks solid where visible, although a good portion of the rear of the building is blocked by overgrown vegetation and debris. There are multiple vehicles parked in the parking lot and in the grass behind the building. Mix of metal and shingled roof looks to be in fair shape although there are a few areas where the soffit/fascia needs repairs. Mix of vinyl, composite, metal, and block siding looks good but again there are a few spots that need repairs. For the most part looks fine. Good amount of vegetation growing up on the exterior walls. There is a total of 7 garage doors. It looks like there was an 8th garage door on the South side of the building but it was covered with plywood. Poured concrete entry way in front of all doors. The middle garage door is extra tall for larger vehicles. Large dirt/gravel parking lot in front of the building. Grassy lot surrounds the building. Gas meter and electric meter are still hooked up and appear active. Good amount of debris piled up along the rear of the building. Trailers, campers, boats and vehicles parked on property. This is a large commercial building that will most likely need some repairs and renovations but as it sits looks like a decent building. Spoke with former owners and they stated they were going to attempt to buy back at the auction. Commercial land use code 201. ## Additional Disclosures Key

**5:** One or more buildings on this parcel has a roof which is either leaking to the interior or appears close to failure. Failing roofs often indicate substantial structural decay inside the building. You should investigate the integrity of this structure(s) prior to bidding.

**6:** This property is **occupied**. Please respect the privacy of current occupants and limit any inspection to what can be **safely observed from the road**. Some occupants may be upset or angry and may meet contact with aggression or violence. **Please use discretion and caution when researching this or other occupied properties**. Furthermore, although this property has been foreclosed for unpaid taxes, occupants have certain rights under Michigan law and must be formally evicted if unwilling to leave voluntarily. You may wish to consult a licensed attorney for more information.

**7:** This parcel does not front on a public or privately deeded improved road. Often times there are easements in the recorded chain-of-title that provide legal access to such parcels but other times there are not. You should thoroughly research this parcel's access rights prior to bidding. It can require expensive, complicated, and time consuming legal proceedings to secure legal access to landlocked parcels that do not have easements for ingress and egress.

**8:** The roads which are shown on plat or tax maps for this parcel do not appear to exist or may be located in a different location than shown on such maps. While a legal right to build such roads may remain, this construction would likely be very expensive. However, in some instances these unimproved roads have been vacated or abandoned by action of the local government and no such right to construct the roads remains. Issues surrounding unimproved roads can be complicated and expensive to resolve. You should investigate the existence of any roads and the ability to access this parcel thoroughly before bidding.

**9:** This parcel is too small to be practically useful under most circumstances. Many times such parcels are the result of survey or property transfer errors which create small orphaned slivers of land. These parcels are frequently too small to allow construction or any other practical use. They often have no road frontage or legal means of access. These parcels can often lead to **adverse claims or encroachments by neighboring land owners** which can be complicated legal issues to resolve. Please investigate this parcel thoroughly prior to bidding.

**10:** This parcel has surface water, soil, or vegetation conditions indicating that it may include wetland habitat. Such habitat may comprise all or part of the parcel's area. However, it is possible that this parcel contains buildable areas as well. There are many environmental and building regulations related to wetlands which you should consult before bidding on this parcel. The Michigan Department of Environment, Great Lakes, and Energy maintains a Wetland Map Viewer which provides easy access to wetland data and can be found [here](#). It is your responsibility to determine if this parcel is suitable for your desired use.

**11:** This parcel includes structures which have been damaged by fire. It is up to the auction purchaser to determine if this property can be restored to a safe condition and to comply with all relevant local regulations and building codes. Please research thoroughly prior to bidding.

**13:** A visual inspection of this parcel indicates **potential environmental contamination**. Visual indicators can include things like used tires, dirty soils, or chemically intensive former uses such as dry cleaning. Prospective bidders should carefully research the condition of this property prior to bidding. You may want to contact the Michigan Department of Environment, Great Lakes, and Energy (EGLE) or other relevant state agencies for additional guidance. EGLE maintains an interactive mapping tool which tracks known environmental contamination sites and can be accessed [here](#). Please note that this tool only reflects sites which are currently known to the state and may not definitely indicate the absence of contamination on this parcel. Purchasers are strongly advised to obtain a **Baseline Environmental Assessment (BEA)**. Some basic information about BEAs can be found [here](#). All sales are made as/is where/is without any representations or warranties. It is the sole responsibility of the purchaser to identify and appropriately handle any environmental contamination that may exist. Please do all necessary research before the auction.

**16:** This parcel is likely subject to ASSOCIATION FEES which are assessed to cover maintenance and other costs associated with the development in which the parcel is located. Interested parties should verify the existence and extent of association fees and costs prior to bidding.

**17:** Mobile homes (and some modular homes) can be separately titled and considered personal property. In these instances, there may be third parties that have the legal right to remove that mobile home from the parcel whether or not it has been assessed as part of the property in the past. We make no representations or warranties as to whether such mobile or modular homes are included with the real property offered for sale. It is the buyer's responsibility to conduct their own research as to the state of title. As a preliminary step, it may be useful to determine if an Affidavit of Affixture of Manufactured Home has been executed and recorded as outlined in [MCL 125.2330j](#). You may wish to consult a licensed attorney or title company to assist in this research.

**18:** The building on this property appears to have been used for multi-family occupancy in the past based upon indicators such as multiple mailboxes, entrances, numbering, layout, or other such factors. Modifications to the property may NOT have been legally made and may NOT conform to local zoning. Prospective bidders should verify with local officials that multi-family use is permitted under existing zoning. In many areas, once a multi-family use has been discontinued, it cannot be reinstated unless in conformance with local zoning and code.

**21:** This parcel appears to contain "personal property" that may be of value. Property tax foreclosure affects **only "real property."** In general, real property includes the land and those things physically attached to it. **This sale includes only such real property.** However, some parcels also contain personal property such as cars, furniture, clothing, and other things which aren't physically attached to the land. Such **personal property is not included as part of this sale.** It is strongly suggested that the purchaser of this parcel contact the former owner and provide them the opportunity to remove this personal property before disposing of it. Minimum reasonable steps could include sending a letter by certified

and first class mail to the former owner at their last known address. However, it is the responsibility of the winning bidder to determine what personal property is present on the parcel and the appropriate measures for handling such personal property.

**22:** This parcel has substantial structural issues caused by poor design, insufficient maintenance, or both. Such buildings may be subject to condemnation orders which we were unable to locate during our inspection. All such buildings should be brought into compliance with local building regulations prior to use. We **strongly** recommend that you contact the local building code official and consider consulting a competent structural engineer to assess the condition of this property before to bidding.

**23:** This parcel is located within a municipality which monitors property maintenance and condition. You may be assessed fees and fines if you fail to mow the grass or do not otherwise properly maintain the property after purchase. One advantage to these parcels is that they typically have infrastructure nearby (water, sewer, power). However, you should confirm the availability of such utilities as well as the connection costs prior to bidding. It is your responsibility to determine whether a parcel is suitable for your desired purpose.

**30:** This parcel may be subject to utility, road, driveway right-of-way, or other easements which could allow third parties access to the property. Easements are not extinguished by tax foreclosure and foreclosed parcels are sold subject to these preexisting rights, if any. You should conduct your own investigation into the existence of any such easements prior to bidding.

**31:** This parcel has been posted as "Condemned" by the local building authority. Properties are generally condemned when they are deemed substandard, unsafe, or otherwise unfit for use and habitation. Condemned property **must** be rehabilitated to meet local building codes **prior to use or occupancy**. A building is not automatically slated for demolition when condemned. However, this does not necessarily mean that demolition will not also be pursued by the local unit. Please check with the local building official before bidding to determine the specific status and requirements for this property.

**32:** This building contains evidence of **mold**. Mold is an indication of excess moisture which can come from a variety of sources including high ground water, improper sealing of foundation walls, damaged roofs, and other conditions which can be expensive to correct. Mold can pose significant health risks and, if extensive, may require a complete renovation which could exceed the value of the building. Please conduct your own research and bid accordingly.

**33:** The interior of this property was not viewed during our inspection. Buildings which are dangerous, occupied, boarded, condemned, or otherwise difficult to enter are inspected from the exterior/curbside only. You are NOT authorized to enter these or any other buildings offered for sale. You should limit your inspection to that which can be made safely from the building's exterior.

**34:** The foundation of one or more buildings located on this parcel appears to be failing. Correcting foundation issues can be very expensive and issues are often more complex than they initially appear. You should research this issue thoroughly prior to bidding on this parcel.

**35:** This property contains physical indications that one or more water lines have frozen, ruptured, and leaked for a significant period of time prior to being shut off. Such indications can include damage to ceilings and floors and visibly damaged pipes and fixtures. Damage from freeze bursts can be substantial including significant harm to structural components such as framing and foundations.

**36:** This parcel includes a structure which should be considered **DANGEROUS**. This building has suffered structural damage which creates substantial risk of harm from falling through damaged areas or collapse from above. It may also contain extensive debris which could fall or collapse, rusty nails, broken glass, and other hazards. **You are not permitted to enter this or any other structure offered at tax sale. You should limit your inspection only to what can be safely observed from the building's exterior.** Trespassers are subject to prosecution.

**39:** This parcel appears that it may be subject to encroachments or may encroach on neighboring property. This assessment is based upon our visual inspection. Not everyone is a surveyor and sometimes buildings, roads, septic systems, wells, or other improvements are built across property lines and may lie partially or wholly upon neighboring parcels. Please consider a survey and conduct thorough research before bidding on this parcel. All property is sold "as-is, where-is" without warranty based upon the assessed legal description.

**40:** This parcel is accessible by a road that is believed to be a seasonal or non-maintained public road. While we make no representations or warranties as to the precise nature of such road access, our research suggests that this road is either **1)** Not regularly graded; and/or **2)** Not snow plowed in winters; and/or **3)** Appears subject to fallen trees or other events which have not been addressed by the county road commission. You should conduct your own research into this issue prior to bidding.

**41:** This parcel has surface water, soil, or vegetation conditions indicating that it may include wetland habitat. Such habitat may comprise all or part of the parcel's area. However, it is possible that this parcel contains buildable areas as well. There are many environmental and building regulations related to wetlands which you should consult before bidding on this parcel. The Michigan Department of Environment, Great Lakes, and Energy maintains a Wetland Map Viewer which provides easy access to wetland data and can be found [here](#). It is your responsibility to determine if this parcel is suitable for your desired use.

**42:** Our review of this parcel indicates that the noted State Equalized Value (SEV) does not appear to reflect the current value of the property. This is often due to buildings or other improvements being demolished or fire damaged or other similar items included in the SEV being removed from the property. It can also be due to market changes in the area in which the property is located. It should be further noted that the SEV/assessed value of the parcel as noted in this listing may be several years old. You should consult a local real estate professional or appraiser to help you assess the current market value of this property before bidding and **should not base your valuation on the stated SEV**.

**44:** This property appears as if it may be a side-yard parcel. Frequently homes are located on one parcel and the associated back or side-yard is located on a separate adjacent parcel. These side-yards are sometimes foreclosed while the home is not. This can create unfortunate situations where fenced boundaries, septic tanks, out buildings, garages, and other improvements that were previously associated with the home next door are sold on their own. Such parcels may have value to the adjacent owners but often have little to no value on their own. You should investigate this parcel carefully and understand what you are purchasing before you bid.

**45:** Our inspectors encountered aggressive dogs in the vicinity of this parcel. Please ***exercise caution*** if you choose to assess this property in person.

**46:** One or more structures was boarded when we conducted our assessment of this parcel. Properties may be boarded for a variety of reasons. For example, properties are often boarded to prevent trespassers from harvesting copper plumbing, wiring, and other fixtures. Buildings may also be boarded by fire or other officials when they present a safety hazard. We generally do not enter boarded structures and limit our observations to the building's exterior. Likewise, you should limit any inspection of this property to its exterior ***only***. You are not permitted to remove any boarding to view building interiors under any circumstances. Public property records or polite inquiries to neighbors may reveal additional information about a property's history.

**47:** This property has been subject to vandalism by former occupants or other parties. Typical damage includes broken windows, holes in walls, broken doors and doorjamb, and other damage which can add to the cost of repair and rehabilitation. You should conduct your own research prior to bidding on this parcel.

**48:** This parcel appears to have been subject to harvesting of electrical, plumbing, mechanical systems, or other building components. Buildings are sometimes targeted by criminals that steal or "harvest" items such as copper plumbing, wiring, furnaces, water heaters, fixtures, hardwood flooring, etc. This building should be considered incomplete due to such harvesting and may require substantial investment to reequip.

**49:** This parcel appears to have challenging terrain. Challenging terrain can include steep hillsides, ravines, gullies, or similar topographical features as well as little to no buildable area. Such parcels often have no practical use. You should investigate this parcel's terrain and suitability for your desired purpose prior to bidding.

**50:** The previous owner of this parcel undertook a construction or rehabilitation project which has not been completed. We have attempted to describe the degree to which the project has been finished, but the building should be considered incomplete nonetheless. The local building code enforcement official may be able to offer additional insight as to why the project was never completed.

**60:** A visual inspection of this parcel indicates that it contains a crop or planting which may have been made by a third party. These can range from single year crops like corn or grain to items such as Christmas trees or other nursery stock which require more than one year to mature before harvest. Any third party lease has been voided through the foreclosure process. However, these situations can become points of potential litigation. In an effort to prevent dispute, the Foreclosing Governmental Unit will often grant single year farmers the right to harvest their crop as a condition of sale.

**62:** This parcel appears to include an area where a mobile home was previously located. Such mobile home pads will frequently include well/water and septic/sewer connections as well as power hookups. However, local zoning regulations may prohibit placing a new mobile home on this site despite the fact that one was previously located here. Please check local zoning regulations carefully prior to bidding. We make no representations or warranties as to the suitability of this parcel for any purpose.

**63:** Pet and/or wild animal waste was observed within this property. Potential bidders should consider that urine stains/odors can be difficult to remove from porous surfaces such as wood floors or underlayment.

**65:** A visual inspection indicated that this parcel ***may*** contain asbestos in the form of insulation on piping, boilers, or other structural components. However, no formal testing was conducted and the presence of asbestos has not been confirmed. There are other insulation products that are similar in appearance. According to the U.S. Environmental Protection Agency, asbestos is not likely to cause significant health risk when left undisturbed. See this [EPA publication](#) for additional information. It is the responsibility of the winning bidder to take proper safety precautions and conduct testing and/or removal efforts if deemed appropriate.

**66:** This property is unsanitary and poses a potential health hazard because of raw food garbage, backed up sewer lines, or other similar waste. Such conditions can attract rodents, wild animals, and other vermin. You should bid accordingly and be prepared to mitigate the situation immediately upon purchase.

**69:** This property appears to include one or more obsolete structures. Due to changed circumstances, physical conditions, or the passage of time, structures can become economically unviable. Such changes may be related to physical condition but may also be the result of things like changed traffic patterns or local economic distress. Prospective bidders should be aware that this property may no longer be suitable for purposes to which it was previously put and should investigate and consider all circumstances prior to bidding.
