

# Public Land Auction

Branch, Hillsdale, Jackson

*August 28th, 2026*

Branch, Hillsdale, Jackson, and Jackson (Dnr) Counties

***Location:***

Online  
[www.tax-sale.info](http://www.tax-sale.info)

***Time:***

Auction: 10:00am EDT to 07:00pm  
EDT

*Printed information is subject to change up to the auction start time. Please check each lot listing closely for updates.*

**Follow us on Facebook for the latest updates:**  
**[www.facebook.com/taxsaleinfo](http://www.facebook.com/taxsaleinfo)**

There are two ways to bid in our auctions:

**ONLINE AT WWW.TAX-SALE.INFO**

**-or-**

**ABSENTEE BID**

(For those who have *no* computer access. Please call for assistance)

For **registered users**, our website features:

- **Photos** and detailed descriptions of properties (where available)
- **GPS/GIS** location of the property
- **Maps** of the property vicinity (where available)
- **Google Maps links** to satellite images of the area and street views of the property and neighborhood (where available)
- **Save properties** to your personalized “favorites” list
- **Personalized Auction Feed** with live updates on parcels in which you have placed a bid(s)

We have a short window to review several thousand parcels prior to listing them on our website. We began inspecting properties in May and release catalogs county by county as they become available. Please be patient and **check back often** for updates. Parcels are sold "as is" based on the assessed legal description only. All other information in this salebook or listed on our website, though reliable to the best of our knowledge, is provided as unverified reference and is not guaranteed to be accurate. You should verify this information with your own research and investigation prior to bidding.

**CREATE YOUR ACCOUNT TODAY AT**  
**[WWW.TAX-SALE.INFO](http://WWW.TAX-SALE.INFO)**

# Visiting and viewing property BEFORE auction:

The auction list furnished in this salebook contains property that *may* be offered. Please keep checking the catalog on our website as the auction date approaches as some parcels may be removed from the list for a variety of reasons.

**You are NOT AUTHORIZED to enter any buildings**, even if they are unlocked or open to access. Entering a tax auction property to “see it” is considered breaking and entering (a criminal offense). Please limit your review to looking through the windows and other external inspections. We will post exterior and interior photos on the website and provide other commentary whenever possible.

Entering properties (even vacant land) can be dangerous due to unknown conditions of structures and land. **You assume all liability for injuries and other damage** if you choose to visit these lands.

Properties may be occupied or “being watched” by former owners or neighbors sympathetic with former owners. Occupants are often unknown and could potentially be volatile, unstable or “anti- government” persons. Even vacant land presents potential for conflict.

Some properties still contain the personal property of former owners (including vehicles, furnishings, appliances etc). These items are not sold at our auctions. We are only selling the real estate (land) and whatever is attached to it (buildings and other permanent fixtures).

- **You are not authorized to remove ANY “personal” property, “scrap” metal or fixtures from auction parcels. This is considered theft and will be prosecuted.** We often ask neighbors to watch property for theft and vandalism and report this to local police.
- **Property is sold “as-is” in every respect.** Please check zoning, building code violation records, property boundaries, condition of buildings and all local records available to the public.
- **There are no refunds and no sale cancellation at the buyer’s request.**
- **Information offered on the website or in the salebook is deemed reliable but is not guaranteed.** We suggest reviewing the records of the local assessor’s office to be sure that what we are selling is what you think it is. **We sell by the legal description only.**
- **You should consider obtaining professional assistance** from land surveyors, property inspection companies or others if you have questions about property attributes.

**PLEASE REMEMBER that property lists can change up to the day-of-auction.**

# Paying for your Auction Purchases

- **The full purchase price must be paid in full within 5 business days of the sale.** No purchases can be made on a time-payment plan.
- No cash or personal checks will be accepted.
- All payments must be made with a **Credit/Debit Card, Wire Transfer, or by certified (cashier's) check.**
- Your sale is not complete until we've received both your payment and your notarized receipt and buyer's affidavit paperwork. This is also due 5 business days from the date of the sale.
- When mailing in your paperwork (especially with a certified check), please use a trackable service like Priority Mail, FedEx, or UPS to ensure timely, verified delivery.

## Bidding Authorization

- Online and absentee bidding requires a **\$1,000 pre-authorization hold** on a Visa, MasterCard, or Discover credit card before any bids will be accepted. Alternatively, bidders can mail in a \$1,000 certified funds deposit if a credit card is unavailable. A buyer's failure to consummate an online or absentee purchase will result in the forfeiture of this \$1,000.
  - *Your card is not charged unless you win, however the hold may reduce your available credit until it is released by your credit card issuer (usually 30 days).*

## Absentee bidding

- If you do not have internet access, **you can submit an absentee bid by calling us.** You will still need to pre-authorize a \$1000 deposit on a major credit card (or mail in a \$1000 certified check deposit). Contact us at 1-800-259-7470 for more information.
  - *Your card is not charged unless you win, however the hold may reduce your available credit until it is released by your credit card issuer (usually 30 days).*

## 2026 AUCTION SCHEDULE

All Auctions are ONLINE ONLY

Schedule is subject to change – Please see [www.tax-sale.info](http://www.tax-sale.info) for the latest information

## **Important Information Regarding Rules and Regulations**

**The Rules and Regulations immediately following this page are applicable to the following catalogs listed on this page which are included as part of this auction. These Rules and Regulations are not applicable to sales made on behalf of the Michigan Department of Natural Resources. Specific DNR rules are listed elsewhere in this document where applicable.**

- Branch
- Hillsdale
- Jackson

# Rules and Regulations

## 1. Registration

You must create an online user account at [www.tax-sale.info](http://www.tax-sale.info) in order to bid at an auction. You should create such an account no less than 48 hours prior to the auction in which you wish to participate to ensure that your account is active and authorized in time to bid. Before any bids will be accepted, you must also provide a deposit by authorizing a \$1000 pre-authorization on a Visa, MasterCard, or Discover credit card or by tendering \$1,000 in certified funds to the Auctioneer.

## 2. Properties Offered

### A. Overview

**"Foreclosing Governmental Unit" ("FGU")** is a term used by the Michigan tax foreclosure statute and is typically the office of the County Treasurer in the county where the offered property is located. However, in some instances the FGU is the State of Michigan Department of Treasury.

Unless otherwise noted, the "Seller" is the County Treasurer, acting as the "FGU". The Auctioneer is Title Check, LLC acting as the authorized agent of the Seller/FGU.

The attached list of parcels has been approved for sale at public auction and each is identified by a sale unit number. The Seller reserves the right to pull parcels from the sale at any time prior to the auction.

According to state statutes, **ALL PRIOR** liens (other than certain DEQ liens and other limited exceptions), encumbrances and taxes **are cancelled** by Circuit Court Order. The FGU has attempted to include in the minimum bid, liens that have accrued since foreclosure, such as nuisance or water bills; **all other outstanding bills since foreclosure are the responsibility of the buyer**. These properties are subject to any state, county, or local zoning or building ordinances. The FGU does not guarantee the usability or access to any of these lands.

### B. Know What You Are Buying

It is the **responsibility of the prospective purchaser to do THEIR OWN RESEARCH** as to the suitability of any offered property for any intended purpose. The FGU and the Auctioneer make no warranty, guaranty, or representation of any kind concerning, but not limited to, the merchantability of title, boundary lines, location of improvements, availability of land divisions, easements or right to access by public street, utility presence or location, or any other physical, structural, or legal condition regarding any parcel offered for sale.

Prospective buyers should, prior to the auction, **personally visit and inspect any offered property** they wish to purchase. However, prior to purchase at the auction, **STRUCTURES MAY NOT BE ENTERED** without the **WRITTEN PERMISSION** of the FGU. Some structures may be occupied and occupants should not be disturbed.

### C. Reservations

At the sole option of the FGU, a reverter clause may be included in any deed issued to a winning bidder which prohibits the future severing of mineral rights (if any) and/or splitting/subdividing any purchased property into smaller parcels which do not meet local zoning rules or otherwise comply with applicable regulations relating to the splitting of property. If such a reverter clause is included, a violation thereof will result the property reverting to the FGU without refund.

Pursuant to state statutes, where the State of Michigan Department of Treasury is acting as Seller/FGU, deeds issued may contain the following reservations and stipulations:

- *"Excepting and reserving to the State of Michigan, all aboriginal antiquities including mounds, earthworks, forts, burial and village sites, mines or other relics and also reserving the right to explore and excavate for the same, by and through its duly authorized agents and employees, pursuant to the provisions of Part 761, Aboriginal Records and Antiquities, of the Natural Resources and Environmental Protection Act, Act 451 of the Public Acts of 1994, MCL 324.76101 to 324.76118 as amended."*
- *"Saving and reserving unto the People of the State of Michigan the rights of ingress and egress over and across all of the above-mentioned descriptions of land lying along any watercourse or stream, pursuant to the provisions of Part 5, Act 451, P.A. 1994, as amended, MCL 324.503, as amended."*

Additionally, the State may, in its discretion, reserve the mineral rights to offered property as follows:

- *"Saving and excepting and always reserving unto the said State of Michigan, all mineral, coal, oil and gas, lying and being on, within or under the said lands whereby conveyed, except sand, gravel, clay or other nonmetallic minerals with full and free liberty and power to the said State of Michigan, its duly authorized officers, representatives and assigns, and its or their lessees, agents and workmen, and all other persons by its or their authority or permission, whether already given or hereafter to be given at any time and from time to time, to enter upon said lands and take all usual, necessary, or convenient means for exploring, mining, working, piping, getting, laying up, storing, dressing, make merchantable, and taking away the said mineral, coal, oil and gas, except sand, gravel, clay or other nonmetallic minerals."*

If the State does not reserve mineral rights as described above, the State may nonetheless restrict the severance of mineral rights from offered property as follows:

- *"This conveyance hereby restricts the Grantee from severing oil, gas, mineral and other subsurface rights from the surface rights any time in the future. If the Grantee severs the subsurface rights from the surface rights, the subsurface rights will revert to the State of Michigan."*

### 3. Bidding

#### A. Overview

##### Live Bidding Auctions:

First round minimum bid auctions, unless otherwise specifically noted, include live bidding. Bidding at live bidding auctions is divided into two phases:

##### i. Advance Bidding

Advance Bidding begins **thirty days before the posted auction start time**. During Advance Bidding, you can place and modify bids in any way that you see fit. You can increase, decrease, or delete bids entirely during Advance Bidding. You will be able to see your maximum bid but will not be able to see the current high bid price or what other users have bid during this time. Advance bidding **ends at the designated start time which is listed for the applicable auction** and the Active Bidding phase then begins.

##### ii. Active Bidding

Active Bidding begins **at the designated start time which is listed for the applicable auction and continues until the designated end time**. Active Bidding is the interactive phase of the auction process. During active Bidding, you will be able to see the current high bid price and whether or not you are the high bidder. You will also be able to see whether you have been outbid. During active Bidding you can place new bids or increase bids **but cannot delete or decrease your bid amount**. When making a bid during Active Bidding, you are committing to pay up to your maximum bid amount so bid carefully and accordingly. Active Bidding **concludes at the designated end time which is listed for the applicable auction. All bidding ends promptly at the listed end time for the applicable auction**. Bidding *is not* extended beyond the listed end time regardless of bidding activity.

All bids placed during Advance and Active bidding are maximum bids. The auction system will automatically bid on your behalf up to your maximum bid amount as applicable based upon competition from other bidders. Bidding activity can be very high during the final minutes of the auction. Entering your maximum bid and allowing the system to bid up to that maximum, as opposed to manually bidding one increment at a time, helps ensure that you aren't outbid in the final moments of the sale simply because you were unable to manually enter an additional bid before time expires.

After the listed end time passes, the sale will be awarded to the individual bidding the highest amount equal to or greater than the starting bid.

##### Sealed Bid Auctions:

Second round no-minimum sales, unless otherwise specifically noted, are conducted by sealed bid. Bidding at sealed bid auctions opens approximately thirty days before the final bidding deadline. While bidding is open, you can place and modify bids in any way that you see fit. You can increase, decrease, or delete bids entirely during this time. **Your best and final bid must be entered prior to the posted final bidding deadline at which point bidding CLOSES and all bids are locked**. You can see your own bids while bidding is open but the current high bid price is not visible. **Once the posted bidding deadline passes, final winning bids are calculated and awarded by the award date posted for the auction in question**. The sale will be awarded to the individual bidding the highest amount equal to or greater than the starting bid. All bids placed at sealed bid auctions are maximum bids. The auction system will automatically bid on your behalf up to your maximum bid amount at the time final winning bids are calculated as applicable based upon competition from other bidders.

#### B. Starting Bid Price

The starting bid prices are shown on the online lot description page for each sale unit as well as on the list included in the sale book. At auctions with a minimum bid, no sales can be made for less than the starting price indicated. The starting bid for no-minimum-bid sales will be at the discretion of the FGU.

However, any person who held an interest in a property offered for sale at the time a judgment of foreclosure was entered against such property **must pay at least minimum bid** for such property even if purchased at a no-minimum auction.

#### C. Bid Increments

Bids will **only** be accepted in the following increments:

<u>Bid Amount</u>	<u>Increment</u>
\$100 to \$999	\$ 50.00
\$1000 to \$9999	\$ 100.00
Over \$10,000	\$ 250.00

#### D. Eligible Bidders

Any person who meets the following requirements may register as a bidder:

- The person does not directly or indirectly hold more than a minimal legal interest in any property with delinquent property taxes which is located in the county in which the person intends to purchase property.
- The person is not directly or indirectly responsible for any unpaid civil fines for a violation of any ordinance, including but not limited to any ordinance authorized by section 4/ of The Home Rule City Act, 1909 PA 279, as amended, MCL 117.4/, in the local tax collection unit in which the person intends to purchase property.
- The person has not been banned or otherwise excluded by the FGU from participation in the public sale and is not acting on behalf of another who has been banned or excluded.

Any person unable to attend the sale can be represented at the sale by an agent or other representative with authority to bid and otherwise represent the person. However, any party utilizing an agent to bid on their behalf must still meet the above listed requirements. **The registered bidder is legally and financially responsible for all parcels bid upon whether acting on their own behalf or as the agent of another.**

#### E. Absentee Bidding

Prospective bidders who do not have internet access or who are otherwise unable to bid on their own may bid by Absentee bid. Absentee bidders must meet all eligibility and other requirements of these Rules and Regulations. Absentee bids will be accepted in increments up to the amount pre-approved by the absentee bidder. Absentee bids require a \$1,000 pre-authorization on a major credit card or a \$1,000 deposit before the bid will be accepted. Absentee bids must be submitted 48 hours prior to the date of the auction by calling 1-800-259-7470.

#### F. Auction Location

Auctions are conducted online through [www.tax-sale.info](http://www.tax-sale.info). An auction may be conducted in-person with simultaneous online bidding as determined by the FGU.

#### G. Bids are Binding

A bid accepted at public auction through [www.tax-sale.info](http://www.tax-sale.info) is a legal and binding contract to purchase. The FGU reserves the right to reject any or all bids.

#### H. Limitations on Bidding

The FGU and Auctioneer reserve the right to limit the number of bids placed per auction for any bidder or group of bidders for any reason.

#### I. Attempts to Bypass These Rules and Regulations

The FGU and Auctioneer reserve the right to reject the bids of any bidder who appears to be acting on behalf of another person who is ineligible to bid on their own.

### 4. Terms of Sale

#### A. Payment

- **The full purchase price must be paid in full WITHIN 5 BUSINESS DAYS OF THE SALE.** Payment may be made by certified funds, money order, Visa, MasterCard, Discover, or wire transfer. No purchases can be made on a time-payment plan.
- If a buyer fails to consummate a purchase for any reason, their sale will be cancelled and the buyer will be assessed liquidated damages in the amount of \$1000 for breach of contract. Seller may collect this liquidated damages assessment from any funds tendered by buyer prior to cancellation and may collect any remaining unpaid liquidated damages assessment using the deposit described in paragraph 1 above.

The full purchase price consists of the final bid price *plus* a buyer's premium of 10% of the bid price, any outstanding taxes due on the property including associated fees and penalties, and a \$30.00 deed recording fee. ***Any portion of the purchase price paid by credit card will be assessed an additional fee of 2.75%.***

#### B. Refund Checks

In some instances it may be necessary to refund to a buyer some or all of the payment tendered by such buyer. This can occur, for example, when a buyer tenders certified funds in an amount greater than their total obligation or if the sale is cancelled under any provision of these Rules and Regulations. Refund checks will be processed and mailed to buyer within approximately ten days of the time such refund becomes due to buyer. Buyer shall cash such refund check within 90 days of the date listed on such refund check. If buyer fails to cash such refund check within 90 days, such refund check shall become void and buyer shall forfeit any refunded amount.

#### C. Dishonored Payment

A buyer whose payment is dishonored for any reason will have their sale cancelled and will be assessed liquidated damages in the amount of \$1000. Seller may retain any portion of the purchase price which was tendered and not dishonored up to \$1000 to apply toward such liquidated damages assessment. Seller may collect any remaining unpaid liquidated damages assessment using the deposit described in paragraph 1 above.

**Furthermore, the FGU may seek to prosecute any buyer whose payment is dishonored or who fails to consummate a purchase.**

Any buyer who fails to consummate a purchase for any reason will be banned from bidding at all future land auctions.

The buyer's premium is not subject to any broker fees. There are no co-brokerage or other fees or rebates available.

#### D. Eligible Buyers

In order to take title to purchased property, each party that will be listed on the deed must meet **ALL of the following requirements at the time their winning bid is accepted:**

- i. The party does not directly or indirectly hold more than a minimal legal interest in any property with delinquent property taxes which is located in the county in which the purchased property is located
- ii. The party is not directly or indirectly responsible for any unpaid civil fines for a violation of any ordinance, including but not limited to any ordinance authorized by section 4/ of The Home Rule City Act, 1909 PA 279, as amended, MCL 117.4/ in the local tax collection unit in which the purchased property is located.

- iii. The party is not purchasing, for less than minimum bid, any property in which the party held an interest at the time a judgment of foreclosure was entered against such property nor is the party purchasing property, for less than minimum bid, on behalf of any other party who held such an interest.
- iv. The party has not been banned or otherwise excluded by the FGU from participation in the public sale and is not owned or controlled by a person or entity that has been banned or excluded.

At the time payment is tendered after the auction, the buyer will be required to execute an affidavit affirming, **under penalty of perjury**, that each party that the buyer desires to have listed on the deed to purchased property meets the above requirements.

The FGU **will not issue a deed** and the sale will be canceled if the buyer or any party that the buyer seeks to list on the deed does not meet the eligibility requirements outlined in this section at the time the buyer's bid was accepted, the buyer fails to execute this affidavit, or if any affirmations made in this affidavit are untrue. If the FGU is forced to cancel any sale due to the buyer's noncompliance with this provision, the buyer will be banned from participating at all future land auctions and the **buyer will be assessed liquidated damages in the amount of \$1000**. Seller may collect this liquidated damages assessment from any funds tendered by buyer prior to cancellation and may collect any remaining unpaid liquidated damages assessment using the deposit described in paragraph 1 above. Furthermore, the FGU may pursue **CRIMINAL PERJURY CHARGES** against any buyer who makes a false affirmation on the affidavit required under this or any other provision of these Rules and Regulations.

#### **E. Sale to Entities**

In order to ensure that individuals do not utilize legal entities to circumvent the sale and ownership restrictions contained in MCL 211.78m(2), the FGU will only sell property to legal entities under certain circumstances. Any buyer desiring to deed a purchased property to a legal entity must disclose the name and address of all officers, shareholders, partners, members, or other parties, regardless of title, who own any portion of that entity. However, such disclosure will not be required if one or more of the following exceptions are applicable:

- The Entity held a prior recorded interest in each purchased property.
- The Entity is a division, agency, or instrumentality of federal, state, or local government.
- The Entity is a Homeowners Association, Condo Association, or other such organization that exercises control over each purchased property.
- The Entity is a publicly traded company listed on a national securities exchange.
- The Entity is a nonprofit corporation and is qualified as tax exempt under IRC §501.

At the time payment is tendered after the auction, any buyer desiring to deed a purchased property to a legal entity will be required to execute an affidavit affirming, **under penalty of perjury**, that the entity is exempt from disclosure under one of the five exceptions listed above, or in the event that no exception is applicable, the names and addresses of all parties owning any portion of that legal entity.

#### **F. Cancellation Policy**

Prior to the issuance of a deed, the FGU has the right, in its sole discretion, to cancel any sale for any of the following reasons: transfer of the property at issue is stayed or enjoined by a court of competent jurisdiction; any of the reasons outlined in MCL 211.78m(9); the property at issue becomes the subject of litigation; a defect is discovered in the underlying foreclosure or sale procedures relating to the property at issue; any other reason authorized under these Rules and Regulations.

#### **G. Property Transfer Affidavit**

It is the responsibility of the buyer to file a **Property Transfer Affidavit** with the *assessor for the city or township* where the property is located **within 45 days of the transfer**. If it is not timely filed, a **penalty of \$5/day (maximum \$200) applies**. The information on this Property Transfer Affidavit is NOT CONFIDENTIAL.

### **5. Purchase Receipts**

Successful bidders at the sale will be issued a receipt for their purchases during the checkout process. This receipt does not convey an interest in title to the purchased property unless and until a deed has been issued and recorded. Buyers will be entitled to deeds for the property descriptions identified by the sale unit numbers noted on the receipt unless the sale is cancelled under these Rules and Regulations or other statutory authority.

### **6. Title Being Conveyed**

Quit-claim deeds will be issued conveying **only such title as received by the FGU through tax foreclosure**. Title insurance companies may or may not issue title insurance on properties purchased at this sale. The FGU makes no representation as to the availability of title insurance and the **unavailability of title insurance is not grounds for reconveyance to the FGU**. The buyer may incur legal costs for Quiet Title Action to satisfy the requirements of title insurance companies in order to obtain title insurance.

### **7. Special Assessments**

Special assessment installments through the most recent prior tax year are included in the starting bids. Seller has attempted to identify those parcels subject to special assessments with a note on the parcel detail page. Parcels sold are subject to property taxes for the entire current tax year, as well as current and future installments of any outstanding bonded assessments. All bidders should contact the appropriate city, village, or township offices to determine if there are any outstanding bonded assessments for future tax years on the properties being offered.

### **8. Possession of Property**

#### **A. Possession Pending Deed Delivery**

It is recommended that the buyer DOES NOT take physical possession of any purchased property until a deed has been executed and delivered to the buyer. The buyer risks financial loss for any improvements or investments made on purchased property *before the delivery of a deed* in the event that the Foreclosing Governmental Unit exercises their right to cancel the sale. Until the buyer pays for all purchases in full and receives a deed, no activities should be conducted

on the site other than:

**I. Securing the Property**

Buyer should take steps to protect their equity in purchased property **by securing vacant structures against entry and obtaining (homeowners) insurance for occupied property.** Buyer is responsible for contacting local units of government **to prevent possible demolition of structures situated on purchased property.**

**II. Assessing Potential Contamination**

Buyer may immediately wish to conduct a Baseline Environmental Assessment (BEA) to assess the condition of potentially contaminated properties. More information about BEAs can be found at <https://www.michigan.gov/egle/about/organization/remediation-and-redevelopment/baseline-environmental-assessments>

**B. Occupied Property**

**Buyers will be responsible for all procedures and legal requirements for conducting evictions.** Occupants of purchased property should be treated as tenants holding over under an expired lease. This means that legal eviction and/or possession proceedings will be necessary to effectuate control over such property if occupants will not otherwise leave voluntarily. You may wish to consult a licensed attorney for additional guidance. Buyers may not commence eviction proceedings until a deed to the applicable occupied property has been issued by the FGU.

**9. Additional Conditions**

The buyer accepts the premises in its present "as is" condition, and releases the Foreclosing Governmental Unit and employees and agents including the Auctioneer from all liability whatsoever arising from any condition of the premises, whether now known or subsequently discovered, including but not limited to all claims based on environmental contamination of the premises.

A person who acquires property that is contaminated (a "facility" pursuant to Section 20201(1)(1) of Natural Resources and Environmental Act (NREPA), 1994 P.A. 451, as amended) as a result of release(s) of a hazardous substance(s) may become liable for all costs of cleaning up the property and any other properties impacted by the release(s). Liability may be imposed upon the person acquiring the property even in the absence of any personal responsibility for, or knowledge of, the release. Protection from such liability may be obtained by conducting a Baseline Environmental Assessment (BEA) as provided for under Section 20126(1) (c) of NREPA. However, the BEA must be conducted prior to or within 45 days of the earliest date of purchase or occupancy of the property. Persons who acquire contaminated property may have "due care" obligations under Section 20107a of NREPA even if they conduct a BEA and are not liable for the contamination.

Pursuant to part 201 of NREPA, the person(s) responsible for an activity causing a release at the property is obligated to pursue response activities at the property. Consequently, the non-labile purchaser may be required to provide access to the liable party to conduct response activities at the property in the future. Section 20116 of the NREPA requires that a person who has knowledge that their property is contaminated provide a written notice to the purchaser or other person to whom the property is transferred which discloses the general nature and extent of the release. Additional disclosure obligations may also apply at the time the property, or an interest in the property, is transferred. Accordingly, the Foreclosing Governmental Unit recommends that a person who is interested in acquiring property at this auction contact an attorney or an environmental consultant for advice prior to the acquisition of any property that may be contaminated.

**10. Deeds**

**A. Deed Execution and Delivery**

All monies collected will initially be deposited in escrow. Once payment is cleared and verified, funds will be disbursed to the FGU and deeds will be executed and recorded as required by law. The FGU will deliver the deeds to the Register of Deeds for recording and remit them to the buyer after recording is complete. IT CAN TAKE 6 TO 8 WEEKS FOR DEEDS TO ARRIVE. PLEASE BE PATIENT.

**B. Restrictive Covenants**

Some counties sell properties with deed covenants that will attach to the property. These parcels will be noted online, along with the terms being required. **Please carefully review the information for each specific parcel to make sure you understand the terms of sale.**

**11. Property Taxes & Other Fees**

All property taxes and associated fees that have accrued on or after April 1 in the year that a property is auctioned must be paid **at the time of checkout** after the auction along with the final bid price, buyer's premium, and deed recording fee.

Furthermore, please understand that the **buyer is responsible for all other fees and liens that accrue against a property on or after April 1 in the year that a property is auctioned.** These items are not prorated. They include, but are not limited to, municipal utility or ordinance fees, and condo or property owner association fees or dues. This can also include demolition and other nuisance abatement costs. These fees and expenses **are not collected at the auction** and must be paid by the buyer after taking title to any purchased property which is subject to such fees and expenses.

**12. Other**

**A. Personal Property**

Personal property (*items not attached to buildings and lands such as furnishings, automobiles, etc.*) located on offered property or within structures situated on offered property was not taxed as part of the real estate, does not belong to the FGU, and is not sold to the buyer of the real estate in this transaction. You are advised to contact former owners of any purchased property and provide them an opportunity to reclaim contents. A certified and first class mail notice to their last known address is strongly advised. It is your responsibility to identify and properly handle items of personal property. The FGU and Auctioneer make no representations or warranties as to the presence of personal property or as to the legal requirements for dispensing with such property.

**Mobile Homes may be titled separately and considered *personal property*.** It is the buyer's responsibility to determine the legal status of any mobile home located on purchased property. A useful first step could include determining whether an Affidavit of Affixture of Manufactured Home has been executed and recorded as outlined in MCL 125.2330i.

### **B. Mineral Rights**

You will receive any and all title that the FGU obtains via their tax foreclosure through a quit-claim deed. If the owner of the surface rights to the property also owned the mineral rights, those will become part of your title interest. However, this will be subject to the rights of any outstanding leaseholders of oil, gas, mineral or storage rights. You would be obligated to honor the balance of any remaining lease (with automatic renewals if so written). However, if the mineral rights have been severed (split from the surface rights) and are owned by a third party, they have not been foreclosed by the FGU and are not included in the mineral rights conveyed to you. In either instance, the leaseholder still has the right to explore for and/or extract minerals under the terms of any outstanding agreement.

### **C. Applicability of These Rules and Regulations**

All sales are subject to these Rules and Regulations. Furthermore, additional terms and conditions which apply to one or more specific auction lots may be printed in the auction sale booklets and/or online at [www.tax-sale.info](http://www.tax-sale.info) ("**Additional Terms**"). If such Additional Terms apply, they will be listed on the online lot description page and/or in the printed sale book for the lot(s) to which they apply. Such Additional Terms, if existing, shall be considered a part of these Rules and Regulations for the specific auction lots to which they apply. Finally, additional conditions are included on the auction receipt given to the buyer at the time of checkout ("**Terms of Sale**"). All sales are subject to these Terms of Sale as well. These Rules and Regulations, Additional Terms, and Terms of Sale are intended to be compatible. To the extent that a conflict arises between any of these sources, they shall be interpreted in the following order of priority: Additional Terms, Terms of Sale, Rules and Regulations.

These Rules and Regulations are subject to change and should be reviewed frequently.

**NOTE: Please review the terms at the top of each online catalog and the addendum pages in the sale books for county-specific purchase terms. Failure to follow the specific rules posted for each county could result in cancellation of sale and/or the assessment of liquidated damages as provided by these Rules and Regulations.**

## **Important Information Regarding Rules and Regulations**

**The Rules and Regulations immediately following this page are applicable to the following catalogs which consist of parcels owned by the Michigan Department of Natural Resources and which are offered for sale in this auction as part of DNR's surplus lands disposition process:**

- Jackson DNR

# Michigan DNR Land Sales Rules and Regulations

## 1. Registration

You must create an online user account at [www.tax-sale.info](http://www.tax-sale.info) in order to bid at an auction. You should create such an account no less than 48 hours prior to the auction in which you wish to participate to ensure that your account is active and authorized in time to bid. Before any bids will be accepted, you must also provide a deposit by authorizing a \$1000 pre-authorization on a Visa, MasterCard, or Discover credit card or by tendering \$1,000 in certified funds to the Auctioneer.

## 2. Properties Offered

### A. Overview

The attached list of parcels has been approved for sale at public auction by the Michigan Department of Natural Resources (the "DNR"). Each parcel is identified by a sale unit number. The DNR reserves the right to pull parcels from the sale at any time prior to the auction.

Unless otherwise noted, the "Seller" is the DNR. The Auctioneer is Title Check, LLC acting as the authorized agent of the Seller/DNR.

These properties are subject to any state, county, or local zoning or building ordinances. The DNR does not guarantee the usability or access to any of these lands. The properties are sold based upon their LEGAL DESCRIPTION ONLY (Subdivision name and Lot number, or Metes and Bounds measured description). While effort has been made to ensure that the addresses, parcel sizes, maps, and/or photos are accurate, you are relying on your own investigation and information when purchasing this property. All parcels are sold "as is where is" and there are NO REFUNDS.

### B. Know What You Are Buying

It is the **responsibility of the prospective purchaser to do THEIR OWN RESEARCH** as to the suitability of any offered property for any intended purpose. The DNR and the Auctioneer make no warranty, guaranty, or representation of any kind concerning, but not limited to, the merchantability of title, boundary lines, location of improvements, availability of land divisions, easements or right to access by public street, utility presence or location, or any other physical, structural, or legal condition regarding any parcel offered for sale.

Prospective buyers should, prior to the auction, **personally visit and inspect any offered property** they wish to purchase. However, prior to purchase at the auction, **STRUCTURES MAY NOT BE ENTERED** without the **WRITTEN PERMISSION** of the DNR. Some structures may be occupied and occupants should not be disturbed.

### C. Reservations

Pursuant to state statutes, deeds issued may contain the following reservations and stipulations:

- *"Excepting and reserving to the State of Michigan, all aboriginal antiquities including mounds, earthworks, forts, burial and village sites, mines or other relics and also reserving the right to explore and excavate for the same, by and through its duly authorized agents and employees, pursuant to the provisions of Part 761, Aboriginal Records and Antiquities, of the Natural Resources and Environmental Protection Act, Act 451 of the Public Acts of 1994, MCL 324.76101 to 324.76118 as amended."*
- *"Saving and reserving unto the People of the State of Michigan the rights of ingress and egress over and across all of the above-mentioned descriptions of land lying along any watercourse or stream, pursuant to the provisions of Part 5, Act 451, P.A. 1994, as amended, MCL 324.503, as amended."*

Additionally, the DNR may, in its discretion, reserve the mineral rights to offered property as follows:

- *"Saving and excepting and always reserving unto the said State of Michigan, all mineral, coal, oil and gas, lying and being on, within or under the said lands whereby conveyed, except sand, gravel, clay or other nonmetallic minerals with full and free liberty and power to the said State of Michigan, its duly authorized officers, representatives and assigns, and its or their lessees, agents and workmen, and all other persons by its or their authority or permission, whether already given or hereafter to be given at any time and from time to time, to enter upon said lands and take all usual, necessary, or convenient means for exploring, mining, working, piping, getting, laying up, storing, dressing, make merchantable, and taking away the said mineral, coal, oil and gas, except sand, gravel, clay or other nonmetallic minerals."*

If the DNR does not reserve mineral rights as described above, the DNR may nonetheless restrict the severance of mineral rights from offered property as follows:

- *"This conveyance hereby restricts the Grantee from severing oil, gas, mineral and other subsurface rights from the surface rights any time in the future. If the Grantee severs the subsurface rights from the surface rights, the subsurface rights will revert to the State of Michigan."*

## 3. Bidding

### A. Overview

#### Live Bidding Auctions:

DNR auctions, unless otherwise specifically noted, include live bidding. Bidding at live bidding auctions is divided into two phases:

#### i. Advance Bidding

Advance Bidding begins **thirty days before the posted auction start time**. During Advance Bidding, you can place and modify bids in any way that you see fit. You can increase, decrease, or delete bids entirely during Advance Bidding. You will be able to see your maximum bid but will not be able to see the current high bid price or what other users have bid during this time. Advance bidding **ends at the designated start time which is listed**

for the applicable auction and the Active Bidding phase then begins.

## ii. Active Bidding

Active Bidding begins **at the designated start time which is listed for the applicable auction and continues until the designated end time**. Active Bidding is the interactive phase of the auction process. During active Bidding, you will be able to see the current high bid price and whether or not you are the high bidder. You will also be able to see whether you have been outbid. During active Bidding you can place new bids or increase bids **but cannot delete or decrease your bid amount**. When making a bid during Active Bidding, you are committing to pay up to your maximum bid amount so bid carefully and accordingly. Active Bidding **concludes at the designated end time which is listed for the applicable auction. All bidding ends promptly at the listed end time for the applicable auction**. Bidding *is not* extended beyond the listed end time regardless of bidding activity.

All bids placed during Advance and Active bidding are maximum bids. The auction system will automatically bid on your behalf up to your maximum bid amount as applicable based upon competition from other bidders. Bidding activity can be very high during the final minutes of the auction. Entering your maximum bid and allowing the system to bid up to that maximum, as opposed to manually bidding one increment at a time, helps ensure that you aren't outbid in the final moments of the sale simply because you were unable to manually enter an additional bid before time expires.

After the listed end time passes, the sale will be awarded to the individual bidding the highest amount equal to or greater than the starting bid.

### Sealed Bid Auctions:

DNR may, at its discretion, conduct an auction by sealed bid. Bidding at sealed bid auctions opens approximately thirty days before the final bidding deadline. While bidding is open, you can place and modify bids in any way that you see fit. You can increase, decrease, or delete bids entirely during this time. **Your best and final bid must be entered prior to the posted final bidding deadline at which point bidding CLOSES and all bids are locked.** You can see your own bids while bidding is open but the current high bid price is not visible. **Once the posted bidding deadline passes, final winning bids are calculated and awarded by the award date posted for the auction in question.** The sale will be awarded to the individual bidding the highest amount equal to or greater than the starting bid. All bids placed at sealed bid auctions are maximum bids. The auction system will automatically bid on your behalf up to your maximum bid amount at the time final winning bids are calculated as applicable based upon competition from other bidders.

### B. Starting Bid Price

The starting bid prices are shown on the online lot description page for each sale unit as well as on the list included in the sale book. At auctions with a minimum bid, no sales can be made for less than the starting price indicated. The starting bid for no-minimum-bid sales will be at the discretion of the DNR.

### C. Bid Increments

Bids will **only** be accepted in the following increments:

<u>Bid Amount</u>	<u>Increment</u>
\$100 to \$999	\$ 50.00
\$1000 to \$9999	\$ 100.00
Over \$10,000	\$ 250.00

### D. Eligible Bidders

Any person who meets the following requirements may register as a bidder:

- The person does not directly or indirectly hold more than a minimal legal interest in any property with delinquent property taxes which is located in the county in which the person intends to purchase property.
- The person is not directly or indirectly responsible for any unpaid civil fines for a violation of any ordinance, including but not limited to any ordinance authorized by section 4I of The Home Rule City Act, 1909 PA 279, as amended, MCL 117.4I, in the local tax collection unit in which the person intends to purchase property.
- The person has not been banned or otherwise excluded by the DNR from participation in the public sale and is not acting on behalf of another who has been banned or excluded.

Any person unable to attend the sale can be represented at the sale by an agent or other representative with authority to bid and otherwise represent the person. However, any party utilizing an agent to bid on their behalf must still meet the above listed requirements. **The registered bidder is legally and financially responsible for all parcels bid upon whether acting on their own behalf or as the agent of another.**

### E. Absentee Bidding

Prospective bidders who do not have internet access or who are otherwise unable to bid on their own may bid by Absentee bid. Absentee bidders must meet all eligibility and other requirements of these Rules and Regulations. Absentee bids will be accepted in increments up to the amount pre-approved by the absentee bidder. Absentee bids require a \$1,000 pre-authorization on a major credit card or a \$1,000 deposit before the bid will be accepted. Absentee bids must be submitted 48 hours prior to the date of the auction by calling 1-800-259-7470.

### F. Auction Location

Auctions are conducted online through [www.tax-sale.info](http://www.tax-sale.info). An auction may be conducted in-person with simultaneous online bidding as determined by the DNR.

### G. Bids are Binding

A bid accepted at public auction through [www.tax-sale.info](http://www.tax-sale.info) is a legal and binding contract to purchase. The DNR reserves the right to reject any or all bids.

## H. Limitations on Bidding

The DNR and Auctioneer reserve the right to limit the number of bids placed per auction for any bidder or group or bidders for any reason.

## I. Attempts to Bypass These Rules and Regulations

The DNR and Auctioneer reserve the right to reject the bids of any bidder who appears to be acting on behalf of another person who is ineligible to bid on their own.

## 4. Terms of Sale

### A. Payment

- **The full purchase price must be paid in full WITHIN 5 BUSINESS DAYS OF THE SALE.** Payment may be made by certified funds, money order, Visa, MasterCard, Discover, or wire transfer. No purchases can be made on a time-payment plan.
- If a buyer fails to consummate a purchase for any reason, their sale will be cancelled and the buyer will be assessed liquidated damages in the amount of \$1000 for breach of contract. Seller may collect this liquidated damages assessment from any funds tendered by buyer prior to cancellation and may collect any remaining unpaid liquidated damages assessment using the deposit described in paragraph 1 above.

The full purchase price consists of the final bid price *plus* a buyer's premium of 10% of the bid price, any outstanding taxes due on the property including associated fees and penalties, and a \$30.00 deed recording fee. ***Any portion of the purchase price paid by credit card will be assessed an additional fee of 2.75%.***

The full purchase price consists of the final bid price *plus* a buyer's premium of 10% of the bid price, any outstanding taxes due on the property including associated fees and penalties, and a \$30.00 deed recording fee. ***Any portion of the purchase price paid by credit card will be assessed an additional fee of 2.75%.***

### B. Refund Checks

In some instances it may be necessary to refund to a buyer some or all of the payment tendered by such buyer. This can occur, for example, when a buyer tenders certified funds in an amount greater than their total obligation or if the sale is cancelled under any provision of these Rules and Regulations. Refund checks will be processed and mailed to buyer within approximately ten days of the time such refund becomes due to buyer. Buyer shall cash such refund check within 90 days of the date listed on such refund check. If buyer fails to cash such refund check within 90 days, such refund check shall become void and buyer shall forfeit any refunded amount.

### C. Dishonored Payment

A buyer whose payment is dishonored for any reason will have their sale cancelled and will be assessed liquidated damages in the amount of \$1000. Seller may retain any portion of the purchase price which was tendered and not dishonored up to \$1000 to apply toward such liquidated damages assessment. Seller may collect any remaining unpaid liquidated damages assessment using the deposit described in paragraph 1 above.

**Furthermore, the DNR may seek to prosecute any buyer whose payment is dishonored or who fails to consummate a purchase.**

Any buyer who fails to consummate a purchase for any reason will be banned from bidding at all future land auctions.

The buyer's premium is not subject to any broker fees. There are no co-brokerage or other fees or rebates available.

### D. Eligible Buyers

In order to take title to purchased property, each party that will be listed on the deed must meet **ALL of the following requirements at the time their winning bid is accepted:**

- i. The party does not directly or indirectly hold more than a minimal legal interest in any property with delinquent property taxes which is located in the county in which the purchased property is located
- ii. The party is not directly or indirectly responsible for any unpaid civil fines for a violation of any ordinance, including but not limited to any ordinance authorized by section 4/ of The Home Rule City Act, 1909 PA 279, as amended, MCL 117.4/ in the local tax collection unit in which the purchased property is located.
- iii. The party is not purchasing, for less than minimum bid, any property in which the party held an interest at the time a judgment of foreclosure was entered against such property nor is the party purchasing property, for less than minimum bid, on behalf of any other party who held such an interest.
- iv. The party has not been banned or otherwise excluded by the DNR from participation in the public sale and is not owned or controlled by a person or entity that has been banned or excluded.

At the time payment is tendered after the auction, the buyer will be required to execute an affidavit affirming, **under penalty of perjury**, that each party that the buyer desires to have listed on the deed to purchased property meets the above requirements.

The DNR **will not issue a deed** and the sale will be canceled if the buyer or any party that the buyer seeks to list on the deed does not meet the eligibility requirements outlined in this section at the time the buyer's bid was accepted, the buyer fails to execute this affidavit, or if any affirmations made in this affidavit are untrue. If the DNR is forced to cancel any sale due to the buyer's noncompliance with this provision, the buyer will be banned from participating at all future land auctions and the **buyer will be assessed liquidated damages in the amount of \$1000.** Seller may collect this liquidated damages assessment from any funds tendered by buyer prior to cancellation and may collect any remaining unpaid liquidated damages assessment using the deposit described in paragraph 1 above. Furthermore, the DNR may pursue **CRIMINAL PERJURY CHARGES** against any buyer who makes a false affirmation on

the affidavit required under this or any other provision of these Rules and Regulations.

### E. Cancellation Policy

At its sole discretion, the DNR reserves the right to cancel any sale at any time up until delivery of the deed.

### F. Property Transfer Affidavit

It is the responsibility of the buyer to file a **Property Transfer Affidavit** with the *assessor for the city or township* where the property is located **within 45 days of the transfer**. If it is not timely filed, a **penalty of \$5/day (maximum \$200) applies**. The information on this Property Transfer Affidavit is NOT CONFIDENTIAL.

## 5. Purchase Receipts

Successful bidders at the sale will be issued a receipt for their purchases during the checkout process. This receipt does not convey an interest in title to the purchased property unless and until a deed has been issued and recorded. Buyers will be entitled to deeds for the property descriptions identified by the sale unit numbers noted on the receipt unless the sale is cancelled under these Rules and Regulations or other statutory authority.

## 6. Title Being Conveyed

Quit-claim deeds will be issued conveying **only such title as is possessed by the DNR at the time of sale**. Title insurance companies may or may not issue title insurance on properties purchased at this sale. The DNR makes no representation as to the availability of title insurance and the **unavailability of title insurance is not grounds for reconveyance to the DNR**. The buyer may incur legal costs for Quiet Title Action to satisfy the requirements of title insurance companies in order to obtain title insurance.

## 7. Special Assessments

Parcels sold are subject to property taxes that become due and payable on or after the day of auction, as well as current and future installments of any outstanding bonded assessments. All bidders should contact the appropriate city, village, or township offices to determine if there are any outstanding bonded assessments for future tax years on the properties being offered.

## 8. Possession of Property

### A. Possession Pending Deed Delivery

It is recommended that the buyer DOES NOT take physical possession of any purchased property until a deed has been executed and delivered to the buyer. The buyer risks financial loss for any improvements or investments made on purchased property *before the delivery of a deed* in the event that the DNR exercises its right to cancel the sale. Until the buyer pays for all purchases in full and receives a deed, no activities should be conducted on the site other than:

#### ***I. Securing the Property***

Buyer should take steps to protect their equity in purchased property **by securing vacant structures against entry and obtaining (homeowners) insurance for occupied property**. Buyer is responsible for contacting local units of government **to prevent possible demolition of structures situated on purchased property**.

#### ***II. Assessing Potential Contamination***

Buyer may immediately wish to conduct a Baseline Environmental Assessment (BEA) to assess the condition of potentially contaminated properties. More information about BEAs can be found at <https://www.michigan.gov/egle/about/organization/remediation-and-redevelopment/baseline-environmental-assessments>

### B. Occupied Property

**Buyers will be responsible for all procedures and legal requirements for conducting evictions.** Occupants of purchased property should be treated as tenants holding over under an expired lease. This means that legal eviction and/or possession proceedings will be necessary to effectuate control over such property if occupants will not otherwise leave voluntarily. You may wish to consult a licensed attorney for additional guidance. Buyers may not commence eviction proceedings until a deed to the applicable occupied property has been issued by the DNR.

## 9. Additional Conditions

The buyer accepts the premises in its present "as is" condition, and releases the DNR and employees and agents including the Auctioneer from all liability whatsoever arising from any condition of the premises, whether now known or subsequently discovered, including but not limited to all claims based on environmental contamination of the premises.

A person who acquires property that is contaminated (a "facility" pursuant to Section 20201(1)(1) of Natural Resources and Environmental Act (NREPA), 1994 P.A. 451, as amended) as a result of release(s) of a hazardous substance(s) may become liable for all costs of cleaning up the property and any other properties impacted by the release(s). Liability may be imposed upon the person acquiring the property even in the absence of any personal responsibility for, or knowledge of, the release. Protection from such liability may be obtained by conducting a Baseline Environmental Assessment (BEA) as provided for under Section 20126(1) (c) of NREPA. However, the BEA must be conducted prior to or within 45 days of the earliest date of purchase or occupancy of the property. Persons who acquire contaminated property may have "due care" obligations under Section 20107a of NREPA even if they conduct a BEA and are not liable for the contamination.

Pursuant to part 201 of NREPA, the person(s) responsible for an activity causing a release at the property is obligated to pursue response activities at the property. Consequently, the non-labile purchaser may be required to provide access to the liable party to conduct response activities at the property in the future. Section 20116 of the NREPA requires that a person who has knowledge that their property is contaminated provide a written notice to the purchaser or other person to whom the property is transferred which discloses the general nature and extent of the release. Additional disclosure obligations may also apply at the time the property, or an interest in the property, is transferred. Accordingly, the DNR recommends that a person who is interested in acquiring

property at this auction contact an attorney or an environmental consultant for advice prior to the acquisition of any property that may be contaminated.

## 10. Deeds

### A. Deed Execution and Delivery

All monies collected will initially be deposited in escrow. Once payment is cleared and verified, funds will be disbursed to the DNR and deeds will be executed and recorded as required by law. The DNR will deliver the deeds to the Register of Deeds for recording and remit them to the buyer after recording is complete. IT CAN TAKE 6 TO 8 WEEKS FOR DEEDS TO ARRIVE. PLEASE BE PATIENT.

## 11. Property Taxes & Other Fees

All property taxes that become due and payable on or after the day of auction will be the responsibility of the buyer. The buyer **is responsible for all other fees and liens that accrue against the property on or after the day of the auction.** These items include, but are not limited to, municipal utility or ordinance fees and condo or property owner association fees or dues. This can also include demolition and other nuisance abatement costs. These fees and expenses are not collected at the auction and must be paid by the buyer after taking title to any purchased property which is subject to such fees and expenses.

## 12. Other

### A. Personal Property

Personal property (*items not attached to buildings and lands such as furnishings, automobiles, etc.*) located on offered property or within structures situated on offered property was not taxed as part of the real estate, does not belong to the DNR, and is not sold to the buyer of the real estate in this transaction. You are advised to contact former owners of any purchased property and provide them an opportunity to reclaim contents. A certified and first class mail notice to their last known address is strongly advised. It is your responsibility to identify and properly handle items of personal property. The DNR and Auctioneer make no representations or warranties as to the presence of personal property or as to the legal requirements for dispensing with such property.

**Mobile Homes may be titled separately and considered *personal property*.** It is the buyer's responsibility to determine the legal status of any mobile home located on purchased property. A useful first step could include determining whether an Affidavit of Affixture of Manufactured Home has been executed and recorded as outlined in MCL 125.2330i.

### B. Applicability of These Rules and Regulations

All sales are subject to these Rules and Regulations. Furthermore, additional terms and conditions which apply to one or more specific auction lots may be printed in the auction sale booklets and/or online at [www.tax-sale.info](http://www.tax-sale.info) ("**Additional Terms**"). If such Additional Terms apply, they will be listed on the online lot description page and/or in the printed sale book for the lot(s) to which they apply. Such Additional Terms, if existing, shall be considered a part of these Rules and Regulations for the specific auction lots to which they apply. Finally, additional conditions are included on the auction receipt given to the buyer at the time of checkout ("**Terms of Sale**"). All sales are subject to these Terms of Sale as well. These Rules and Regulations, Additional Terms, and Terms of Sale are intended to be compatible. To the extent that a conflict arises between any of these sources, they shall be interpreted in the following order of priority: Additional Terms, Terms of Sale, Rules and Regulations.

These Rules and Regulations are subject to change and should be reviewed frequently.

**NOTE: Please review the terms at the top of each online catalog and the addendum pages in the sale books for sale-specific purchase terms. Failure to follow the specific rules posted for each sale could result in cancellation of sale and/or the assessment of liquidated damages as provided by these Rules and Regulations.**

(.60 AC ). <b>Comments:</b> Approximately 0.60 acres. Located in the Colon Community School District. Approximately 170 feet of road frontage along Brent Dr and extends ~155 feet. No observed structures. An easement is referenced in the legal description. Open grassy lot with a couple trees near the road side. There are some piles of firewood that may be sitting on the South section of the lot belonging to adjacent neighbor. Quiet area with minimal traffic. This is a great opportunity for an adjacent land owner looking to increase their property size or could be the site of a fresh build. If considering development you should contact the local planning and zoning department to verify building requirements, including minimum square footage, setback requirements, permitted uses, utility availability, and any other zoning or land-use restrictions. Prospective buyers are strongly encouraged to conduct their own due diligence before placing a bid. <b>Additional Disclosures:</b> 30 (see key for full text) <b>Summer Tax Due:</b> TBA</p>	BRENT DR/VACANT SHERWOOD	\$0.00

(1.47 AC). <b>Comments:</b> Approximately 1.47 acres. Located in the Tekonsha Community School District. Approximately 225 feet of road frontage along Hayner Rd and extends ~185 feet deep. ~1868 Sq Ft. Unfortunately this property has not been well maintained. The mobile has many broken windows and both doors are broken. The floors are caving in and there is mold. RThe mobile should be removed. There is also a great deal of debris and garbage all throughout the property. Overgrown vegetation surrounds the home and is hiding piles of debris. There is also a small shed next to the home with a broken door and covered in vegetation. The home is in rough shape. The shingled roof needs to be replaced and there is a good amount of wood rot near the soffit/fascia areas. The enclosed front porch roof has the worst section. Many of the windows on the home have been broken and all of the doors have been kicked in or broken. Vinyl siding is falling off showing old asbestos siding. Block foundation on the front portion of the home looks solid. The rest of the foundation has cosmetic concrete most likely covering old stone foundation. Unable to locate basement entrance. The garage is completely full of debris and the steps leading down from the kitchen are missing. The house has been mostly gutted down to the studs. Animal damage throughout. Electric meter has been removed and the post holding it to the house has been ripped down. The back porch is collapsing. There is a large amount of debris in the attic. There are a lot of issues with this old farm house but it felt very solid walking through. Bones are strong but you're gonna have a lot of work on your hands before its back in good living condition. Located out in the country surrounded by farmland. Minimal traffic. Would be a nice spot for a family. Buyers are strongly encouraged to conduct their own due diligence before placing a bid. <b>Additional Disclosures:</b> 5; 21; 17; 47; 48; 50; 65 (see key for full text) <b>Summer Tax Due:</b> TBA</p>	244 E HAYNER RD UNION CITY	\$9,718.38

Located in the Bronson Community School District. Approximately 66 feet of road frontage along Claar Rd and extends ~165 feet. ~775 Sq Ft. This is very old brick building that looks like it could have been a small school for the kids out in the country. Unfortunately it has been sitting for many years not being maintained. There are multiple cracks in the brick walls and the stone foundation is settling. Metal roofing has a spilt on the back side. Animal damaged all throughout. Floors are sinking and do not look safe. Overgrown vegetation surrounds the building and there is a large pile of concrete debris on the North portion of the lot. Many trees. Surrounded by farm land. Low traffic. This building is very interesting and I'm sure it has a long history. It would be a very cool building to rehab but its going to take a lot of work. The interior has been mostly gutted. Electric panel is in disrepair but there is an electric meter. Please be prepared for some work with this one. Prospective buyers are strongly encouraged to conduct their own due diligence before placing a bid. <b>Additional Disclosures:</b> 36; 63; 50; 48; 22; 34; 5 (see key for full text) <b>Summer Tax Due:</b> TBA</p>	540 CLAAR RD COLDWATER	\$1,070.57

Combined they are ~0.38 acres. Located in the Camden-Frontier School District. This property was OCCUPIED on last visit. Please use caution and be respectful if visiting property in person. Mobile home appears to be in fair shape but it is an old model. Metal siding and flat roof. The lot is very overgrown and there is debris throughout. Large burn pile. Possible contamination indicators. Large pile of old tires. Small metal shed next to mobile. Land slopes up from the road. Mobile is sitting on a hill. Dirt/gravel driveway is washed out a bit. This property is going to require a decent clean operation before its suitable for use again. Buyers are strongly encouraged to conduct their own due diligence before placing a bid. <b>Additional Disclosures:</b> 6; 33; 13; 17; 21 (see key for full text)</p> <p><i>(2 of 2)</i> <b>Parcel ID:</b> 14 095 001 039; <b>Legal Description:</b> LOT 65 &amp; 66 HILLCREST ADD SEC 27 T8S R4W VILLAGE OF CAMDEN SPLIT ON 08/17/2000 FROM 14 095 001 018; <b>Summer Tax Due:</b> TBA</p>	314 FAIRVIEW AVE CAMDEN;  304 FAIRVIEW AVE CAMDEN	\$11,125.90
2715	<p><b>This lot is a "bundle" comprised of 2 parcels</b></p> <p><i>(1 of 2)</i> <b>Parcel ID:</b> 14 135 001 020; <b>Legal Description:</b> W1/2 LOT 26 SHEPARDS PLAT SEC 17 T8S R4W VILLAGE OF MONTGOMERY <b>Comments:</b> Bundle consisting of 2 tax foreclosed properties. Combined ~0.25 acres. Located in the Reading Community School District. Approximately 90 feet of road frontage along Fort Wayne St. Property is triangular in shape. House has ~4544 Sq St. This is an interesting one. This appears to be an older house that was converted into some type of store. There is a storefront style area near the front entrance. With a counter for the shop keep. Most of the building has been cleared out but there is still a great deal of personal property and debris all throughout. The building was unsecure during the post foreclosure visit and it appears the building has been vandalized and harvested. There is animal damage in the building. Small access area for the basement with fairly recent block work. The block foundation looks pretty solid around the building but there are some cracks. Looks like there was a well and pressure tank in the basement as well but was harvested as well as electrical panels and wiring. The second story area is open and would be good for storage. Incomplete construction all throughout. A lot of rooms are down to studs. Some areas look water damaged with some mold forming. Possible roof leaks. The large pole barn to the East is attached to this building and they partially share a roof. They don't share a wall but there is a hallway the connects to two buildings. The pole barn is full of debris and looks like it may have housed animals at one point. Lots of individual holding areas. This is a massive property that is going to take a good amount of effort to get it back into good usable condition. Large pole barn also included in this. There a ton of potential here but it's going to take some TLC so be prepared. Buyers are strongly encouraged to conduct their own due diligence before placing a bid. <b>Additional Disclosures:</b> 21; 66; 47; 63; 48; 50; 32 (see key for full text)</p> <p><i>(2 of 2)</i> <b>Parcel ID:</b> 14 135 001 043; <b>Legal Description:</b> LOT 40 SHEPARDS PLAT SEC 17 T8S R4W VILLAGE OF MONTGOMERY <b>Summer Tax Due:</b> TBA</p>	FORT WAYNE ST MONTGOMERY;  N MICHIGAN ST MONTGOMERY	\$5,435.20

Very quaint quiet country area. Home is currently occupied so pictures were limited to a few from the road. Home appears to be older stone built farmhouse with updated vinyl siding on some of the home and a newer roof (OK not that new, maybe 20 years but still newer than the home). Old Steel pole barn Outback and nice country setting. Home shows a little neglect but I would say it should be in restorable condition from what I can see. Have to get inside to be a 100% but when people are living here it lets you come to your own conclusion. Property regardless of the house is a nice large parcel. Irregular shape measuring over 12 acres. Could be a nice little investment for the right person or could be a great long term home for the right buyer! SEC 33 T4S R2W <b>Comments:</b> This place is in really rough condition. There's so much ceiling damage that I'm sure the roof was failing before it was replaced. Looks like brand new shingles and roofing materials. Not sure if this was a project gone awry or if somebody just put the money for the roof but that's the nicest thing here! siding is vinyl with some damage from a grill or some type of heat in the front. Silo in the back, not sure what it was used for i'm assuming feed. Inside the house is very animal damaged and the floors are beyond weak. And just overall very poor conditions. If it weren't for the roof that it was on here I would say this place is not restorable, but somebody had to put the money into that. The foundation shows signs of possible repairing or removed damage. Missing blocks in the back corner of the house Small place and there's no basement so that's a bonus if and you're putting the money into restoring. I did not see any meters but I did not see a propane tank either. Nice little area right outside Hanover. Parking lot is in rough shape with lots of potholes and would need to be repaved. Property measures roughly 115 feet deep by 30+ ft wide. Could be used as parking lot for lot 3342 if purchased <b>Additional Disclosures:</b> 23 (see key for full text) <b>Summer Tax Due:</b> \$373.51	LANSING AVE JACKSON	\$2,155.32
3342	<b>Parcel ID:</b> 1-053100000; <b>Legal Description:</b> LOT 29 EX N 28.45 FT OF W 115.2 FT ALSO EX W 8 FT OF S 37.55 FT BLK 4 NORTH STAR ADD <b>Comments:</b> Property is a two story commercial on the bottom, residential on the top. Brick built structure looks to be holding up from the outside. I can see in the windows upstairs and it looks like there is some leakage causing ceiling damage. Broken windows and other cosmetic damage on the outside. Boarded and locked up tight so no inside pictures were taken. Structure is built in an L shape with frontage on Lansing Avenue and Hill Street adjacent to an open Barber shop currently in business. Building is classified as dangerous and condemned. That doesn't mean it's not restorable! I would start with the roof but structurally what I'm looking at looks pretty solid as far as block and brickwork. Could use a hefty amount of work but possibly a great payoff in the end. Looks like building was set up for three electric meters So I would assume that many units. Adjacent to Lot 3341 (Used as parking lot) And lot 3340 to the east (possible encroachment issues with the structure the back of the building). Buy all three and start yourself a really big project <b>Additional Disclosures:</b> 33; 5; 46; 39 (see key for full text) <b>Summer Tax Due:</b> \$550.52	927 LANSING AVE JACKSON	\$9,851.76
3343	<b>Parcel ID:</b> 113-20-28-377-002-00; <b>Legal Description:</b> LOT 87 FIRST ADDITION TO SUNSET BEACH <b>Comments:</b> Property is a small single story home with a detached garage on Edgewood in Brooklyn. Houses very rough shape. Heavily animal damaged and just overall very poor conditions. That being said it seemed relatively solid while walking through but definitely would need a full restoration. The roof is not in terrible shape and I don't see any real signs of leakage. Just bad conditions. Windows are a mix between old ones that need replaced and a couple newer ones that could probably still be replaced. The good news is it's small so that should keep costs down. The garage may be a no go but if fixed up it's about as big as you could have here as the lot is relatively small and has a large tree in the backyard. You'd have to get rid of that if you wanted anything larger. Situated near Vineyard Lake Classic Michigan lakeside neighborhood. Great location if you're looking for some type of getaway not too far away! <b>Additional Disclosures:</b> 66; 63; 21 (see key for full text) <b>Summer Tax Due:</b> \$956.74	2324 EDGEWOOD CT BROOKLYN	\$11,998.63

Lot #	Lot Information	Address	Min. Bid
10053	<p><b>Parcel ID:</b> 000-10-07-451-002-00 000-10-18-200-001-00;<b>Legal Description:</b> Section 7: Beginning at S 1/4 post of Sec 7 th E along S Sec line 80 rds th N along E 1/8 line 42 rds to a point distant 3 links N'yly right angular distance from N'yly bank of ditch or stream, th SW'yly parallel with N'yly bank of said ditch or stream to a point distant 4 rds directly N of S Sec line, th W parallel with S Sec line to N and S 1/4 line thence S along N and S 1/4 line 4 rds to beginning AND Section 18: That part of W1/2 of NE1/4 lying N and W of cen of Fry Drain <b>Comments:</b> The subject property is a vacant ~14-acre parcel that is surrounded by 4 private landowners. The parcel has legal road access on the east side of List Road south of the Glenn Road intersection about 6 miles northwest of Grass Lake MI. The property is comprised of well drained loamy fine sand soil with 6 to 12% slopes. There are some areas of poorly drained muck soil near the creek and in the eastern part of the property. The parcel is split between both Waterloo and Grass Lake Townships which are zoned within the PC Public Conservation District (Waterloo Twp.; 11-acres) and the AG Agricultural District (Grass Lake Twp.; 3-acres). PLEASE NOTE: There may be a discrepancy in the acreage of the portion located in Grass Lake Township. The deed attached below for reference describes this portion as containing 3 acres in the legal description; however, GIS mapping suggests it may be smaller. Thorough research is recommended prior to bidding on this lot. Waterloo Township zoning requires a minimum size of 5-acres and a width of 300 feet to meet local zoning to build requirements. Grass Lake Township zoning requires a minimum size of 2-acres and a width of 200 feet to meet local zoning to build requirements. The subject property likely meets local zoning to build as a standalone parcel in each township based on the local zoning ordinances. Property is low lying off the road with large trees. Appears to be heavily wooded and relatively wet in spots. Property is on dirt road right where pavement begins. <b>Additional Disclosures:</b> 75; 41; 42 (see key for full text) <b>Summer Tax Due:</b> TBA</p>		\$58,000.00
10054	<p><b>Parcel ID:</b> 000-17-10-226-002-00;<b>Legal Description:</b> Beg at NE cor of Sec 10 th W alg N Sec In 4 rds th S 43d30' E to E ln of sd Sec th N alg E Sec In to beg. <b>Comments:</b> The subject property is a vacant ~0.05-acre parcel that is surrounded by 2 private landowners. The parcel has legal road access on the west side of Moscow Road directly west of the Hatch Road intersection within the Village of Horton MI. Mill Race Drain flows through the center of the property. The property is comprised of somewhat poorly drained sandy loam soil with 0 to 3% slopes. The parcel is zoned within the AG-1 Agricultural District which requires a minimum size of at least 1 acre and a width of 200 foot to meet local zoning to build requirements. The subject property does not meet local zoning to build as a standalone parcel based on the local zoning ordinance. Property is low lying off of the road behind guardrail at the intersection of Moscow and Hatch on the West side of road. <b>Additional Disclosures:</b> 75; 42; 41 (see key for full text) <b>Summer Tax Due:</b> TBA</p>		\$1,200.00
10055	<p><b>Parcel ID:</b> 000-09-13-437-008-00 000-09-13-437-002-00 000-09-13-437-001-00;<b>Legal Description:</b> Top O'World Subdivision: Lots 126, 127, 148, 149. <b>Comments:</b> The subject property is a vacant ~0.35 acre platted property that is adjacent to two private landowners. The property has legal road access on constructed Chicago Drive east of the Race and Chicago Road intersection about 6.5 miles northwest of Grass Lake MI. The area is comprised of well drained loamy fine sand soil with 6 to 12% slopes. The property is zoned within the AG Agricultural District. Leoni Township zoning requires a minimum size of 2-acres and a width of 200 feet to meet local zoning to build requirements. The subject property does not meet local zoning to build as standalone parcel based on the local zoning ordinance. <b>Additional Disclosures:</b> 75; 42 (see key for full text) <b>Summer Tax Due:</b> TBA</p>		\$4,500.00

The property has legal road access on constructed Chicago Drive east of the Race and Chicago Road intersection about 6.5 miles northwest of Grass Lake MI. The area is comprised of well drained loamy fine sand soil with 6 to 12% slopes. The property is zoned within the AG Agricultural District. Leoni Township zoning requires a minimum size of 2-acres and a width of 200 feet to meet local zoning to build requirements. The subject property does not meet local zoning to build as standalone parcel based on the local zoning ordinance. Moderately wooded with a small clearing. <b>Additional Disclosures:</b> 75; 42 (see key for full text) <b>Summer Tax Due:</b> TBA</p>		\$4,500.00

10057	<p><b>Parcel ID:</b> 000-09-13-431-013-00 000-09-13-431-007-00 000-09-13-431-003-01;<b>Legal Description:</b> Top O'World Subdivision: Lots 178 to 180, 225, 229 to 234. <b>Comments:</b> The subject property is an ~0.88 acre vacant platted property that is adjacent to two private landowners. The property has legal road access on constructed Chicago Drive east of the Race and Chicago Road intersection about 6.5 miles northwest of Grass Lake MI. The area is comprised of well drained loamy fine sand soil with 6 to 12% slopes. The property is zoned within the AG Agricultural District. Leoni Township zoning requires a minimum size of 2-acres and a width of 200 feet to meet local zoning to build requirements. The subject property does not meet local zoning to build as standalone parcel based on the local zoning ordinance. Note: Platted Lot 225 is not adjacent to the remainder of the property listing. Not accessible for pictures. Legally accessible. <b>Additional Disclosures:</b> 75; 42 (see key for full text) <b>Summer Tax Due:</b> TBA</p>		\$11,250.00
10058	<p><b>Parcel ID:</b> 000-09-13-436-001-00;<b>Legal Description:</b> Top O'World Subdivision: Lot 215 <b>Comments:</b> The subject property is an ~0.08 acre vacant platted lot that is adjacent to two private landowners. The property has legal road access on a unconstructed platted road (i.e. Southern Drive) which is near constructed Chicago Drive. The property is located east of the Race and Chicago Road intersection about 6.5 miles northwest of Grass Lake MI. The area is comprised of well drained loamy fine sand soil with 6 to 12% slopes. The property is zoned within the AG Agricultural District. Leoni Township zoning requires a minimum size of 2-acres and a width of 200 feet to meet local zoning to build requirements. The subject property does not meet local zoning to build as standalone parcel based on the local zoning ordinance. Property on a heavy slope with large trees and heavily wooded. Accessible by foot. <b>Additional Disclosures:</b> 75; 8; 42 (see key for full text) <b>Summer Tax Due:</b> TBA</p>		\$1,125.00
10059	<p><b>Parcel ID:</b> 000-09-13-214-001-00;<b>Legal Description:</b> Lots 283 &amp; 284 Pleasant View Subdivision, Unrecorded, described as beg at center of Sec.13 th E alg E &amp; W 1/4 line 1672.9 ft th N 1323 ft to a pt in E line of Lake Shore Dr. for the pl of beg of this desc th N alg sd E line to shore of Little Pleasant Lake th E'ly and S'ly alg sd shore line to a pt E of pl of beg th W 130 ft to beg. <b>Comments:</b> The subject property is a vacant ~0.18-acre platted waterfront parcel within the unrecorded Pleasant View Subdivision. The property has around 160 feet of frontage on Little Pleasant Lake and is adjacent to 1 private landowner. The parcel is located on the northeast corner of Kentucky Drive and the Lakeshore Drive intersection 10.5 miles northeast of Jackson MI. The property is comprised of well drained sandy soil with 6 to 12% slopes. The parcel is zoned within the AG - Agricultural District which requires a minimum of 2 acres and 60 ft. of width to meet local zoning to build requirements. The subject property does not meet local zoning to build as a stand along parcel. <b>Additional Disclosures:</b> 75; 42 (see key for full text) <b>Summer Tax Due:</b> TBA</p>		\$13,500.00
10060	<p><b>Parcel ID:</b> Parcel ID is TBD Jackson; <b>Legal Description:</b> Beg in N line of Sec. 17 at a point distant 977.42 ft W. of NE cor. of W1/2 of NW1/4 thence S. parallel with W. 1/8 line 20 rods thence W. parallel with N Sec. line to a point distant 20 rods E. of W Sec. line thence N parallel with W Sec. line 20 rods to N. Sec. line thence E. to beginning (evidently a surplus 12.5 ft wide) <b>Comments:</b> The subject property is a vacant ~0.09-acre parcel located on the south side of Flansburg Road. The property is 12.5 feet wide X 330 feet long (north-south) and is situated between 2 private landowners. The parcel is located east of the Flansburg and Falahee Road intersection 4 miles southeast of downtown Jackson MI. The parcel does not have an assigned local tax-id and it is believed that neither neighbor has an overlapping tax legal. The subject parcel is between private tax parcels 000-14-17-101-008-01 &amp; 000-14-17-101-006-01. The property is comprised of well drained sandy soil with 0 to 6% slopes. The parcel is zoned within the RS " Suburban Residential District which requires a minimum of 20000 sq. feet and 75 ft. of width to meet local zoning to build requirements. The subject property does not meet local zoning to build as a stand along parcel. <b>Additional Disclosures:</b> 75; 42 (see key for full text) <b>Summer Tax Due:</b> TBA</p>		\$375.00

10061	<p><b>Parcel ID:</b> 000-13-11-302-017-00; <b>Legal Description:</b> Beginning 404.5 feet E &amp; 133 feet S of W 1/4 post of Sec 11, thence E 107 feet thence S 44 feet, thence W 107 feet, thence N 44 feet to beginning. <b>Comments:</b> The subject property is a vacant 0.1-acre parcel located on the east side of Sunnyside Court. The property is 44 feet wide X 107 feet long (east-west) and is situated between 4 private landowners. The parcel is located south of the Sunnyside Court and E South Street intersection just south of downtown Jackson MI. The property is comprised of well drained loamy soil with 0 to 3% slopes. The parcel is zoned within the RS-1 Suburban Residential District which requires a minimum of 20000 sq. feet and 100 ft. of width to meet local zoning to build requirements. The subject property does not meet local zoning to build as a stand along parcel. Property has a gravel driveway approach and is surrounded by trees. Looks like ground is low lying behind the houses on South Street. Home to the south looks to be abandoned for quite some time.</p> <p><b>Additional Disclosures:</b> 75; 42 (see key for full text)</p> <p><b>Summer Tax Due:</b> TBA</p>		\$700.00

## Additional Disclosures Key

**5:** One or more buildings on this parcel has a roof which is either leaking to the interior or appears close to failure. Failing roofs often indicate substantial structural decay inside the building. You should investigate the integrity of this structure(s) prior to bidding.

**6:** This property is **occupied**. Please respect the privacy of current occupants and limit any inspection to what can be **safely observed from the road**. Some occupants may be upset or angry and may meet contact with aggression or violence. **Please use discretion and caution when researching this or other occupied properties**. Furthermore, although this property has been foreclosed for unpaid taxes, occupants have certain rights under Michigan law and must be formally evicted if unwilling to leave voluntarily. You may wish to consult a licensed attorney for more information.

**7:** This parcel does not front on a public or privately deeded improved road. Often times there are easements in the recorded chain-of-title that provide legal access to such parcels but other times there are not. You should thoroughly research this parcel's access rights prior to bidding. It can require expensive, complicated, and time consuming legal proceedings to secure legal access to landlocked parcels that do not have easements for ingress and egress.

**8:** The roads which are shown on plat or tax maps for this parcel do not appear to exist or may be located in a different location than shown on such maps. While a legal right to build such roads may remain, this construction would likely be very expensive. However, in some instances these unimproved roads have been vacated or abandoned by action of the local government and no such right to construct the roads remains. Issues surrounding unimproved roads can be complicated and expensive to resolve. You should investigate the existence of any roads and the ability to access this parcel thoroughly before bidding.

**9:** This parcel is too small to be practically useful under most circumstances. Many times such parcels are the result of survey or property transfer errors which create small orphaned slivers of land. These parcels are frequently too small to allow construction or any other practical use. They often have no road frontage or legal means of access. These parcels can often lead to **adverse claims or encroachments by neighboring land owners** which can be complicated legal issues to resolve. Please investigate this parcel thoroughly prior to bidding.

**11:** This parcel includes structures which have been damaged by fire. It is up to the auction purchaser to determine if this property can be restored to a safe condition and to comply with all relevant local regulations and building codes. Please research thoroughly prior to bidding.

**13:** A visual inspection of this parcel indicates **potential environmental contamination**. Visual indicators can include things like used tires, dirty soils, or chemically intensive former uses such as dry cleaning. Prospective bidders should carefully research the condition of this property prior to bidding. You may want to contact the Michigan Department of Environment, Great Lakes, and Energy (EGLE) or other relevant state agencies for additional guidance. EGLE maintains an interactive mapping tool which tracks known environmental contamination sites, see the [EGLE RIDE Mapper](#) for more details. Please note that this tool only reflects sites which are currently known to the state and may not definitely indicate the absence of contamination on this parcel. Purchasers are strongly advised to obtain a **Baseline Environmental Assessment (BEA)**. Some basic information about BEAs can be found by visiting the [EGLE Baseline Environmental Assessments](#) website. All sales are made as/is where/is without any representations or warranties. It is the sole responsibility of the purchaser to identify and appropriately handle any environmental contamination that may exist. Please do all necessary research before the auction.

**14:** This parcel may not exist as depicted on county plat or GIS maps. Particularly when dealing with property abutting water, lands can be totally or predominantly submerged and any dry portions of such property may be too small to be of practical use. Many cliff or bluff type "waterfront" lots have literally fallen into the body of water that they previously abutted and many "swamp lots" may be submerged as well. You should investigate the true boundaries of this parcel and understand what you are purchasing **prior to the sale**.

**16:** This parcel is likely subject to ASSOCIATION FEES which are assessed to cover maintenance and other costs associated with the development in which the parcel is located. Interested parties should verify the existence and extent of association fees and costs prior to bidding.

**17:** Mobile homes (and some modular homes) can be separately titled and considered personal property. In these instances, there may be third parties that have the legal right to remove that mobile home from the parcel whether or not it has been assessed as part of the property in the past. We make no representations or warranties as to whether such mobile or modular homes are included with the real property offered for sale. It is the buyer's responsibility to conduct their own research as to the state of title. As a preliminary step, it may be useful to determine if an Affidavit of Affixture of Manufactured Home has been executed and recorded as outlined in [MCL 125.2330j](#). You may wish to consult a licensed attorney or title company to assist in this research.

**21:** This parcel appears to contain "personal property" that may be of value. Property tax foreclosure affects **only "real property."** In general, real property includes the land and those things physically attached to it. **This sale includes only such real property**. However, some parcels also contain personal property such as cars, furniture, clothing, and other things which aren't physically attached to the land. Such **personal property is not included as part of this sale**. It is strongly suggested that the purchaser of this parcel contact the former owner and provide them the opportunity to remove this personal property before disposing of it. Minimum reasonable steps could include sending a letter by certified and first class mail to the former owner at their last known address. However, it is the responsibility of the winning bidder to determine what personal property is present on the parcel and the appropriate measures for handling such personal property.

**22:** This parcel has substantial structural issues caused by poor design, insufficient maintenance, or both. Such buildings may be subject to condemnation orders which we were unable to locate during our inspection. All such buildings should be

brought into compliance with local building regulations prior to use. We **strongly** recommend that you contact the local building code official and consider consulting a competent structural engineer to assess the condition of this property before to bidding.

**23:** This parcel is located within a municipality which monitors property maintenance and condition. You may be assessed fees and fines if you fail to mow the grass or do not otherwise properly maintain the property after purchase. One advantage to these parcels is that they typically have infrastructure nearby (water, sewer, power). However, you should confirm the availability of such utilities as well as the connection costs prior to bidding. It is your responsibility to determine whether a parcel is suitable for your desired purpose.

**30:** This parcel may be subject to utility, road, driveway right-of-way, or other easements which could allow third parties access to the property. Easements are not extinguished by tax foreclosure and foreclosed parcels are sold subject to these preexisting rights, if any. You should conduct your own investigation into the existence of any such easements prior to bidding.

**31:** This parcel has been posted as "Condemned" by the local building authority. Properties are generally condemned when they are deemed substandard, unsafe, or otherwise unfit for use and habitation. Condemned property **must** be rehabilitated to meet local building codes **prior to use or occupancy**. A building is not automatically slated for demolition when condemned. However, this does not necessarily mean that demolition will not also be pursued by the local unit. Please check with the local building official before bidding to determine the specific status and requirements for this property.

**32:** This building contains evidence of **mold**. Mold is an indication of excess moisture which can come from a variety of sources including high ground water, improper sealing of foundation walls, damaged roofs, and other conditions which can be expensive to correct. Mold can pose significant health risks and, if extensive, may require a complete renovation which could exceed the value of the building. Please conduct your own research and bid accordingly.

**33:** The interior of this property was not viewed during our inspection. Buildings which are dangerous, occupied, boarded, condemned, or otherwise difficult to enter are inspected from the exterior/curbside only. You are NOT authorized to enter these or any other buildings offered for sale. You should limit your inspection to that which can be made safely from the building's exterior.

**34:** The foundation of one or more buildings located on this parcel appears to be failing. Correcting foundation issues can be very expensive and issues are often more complex than they initially appear. You should research this issue thoroughly prior to bidding on this parcel.

**35:** This property contains physical indications that one or more water lines have frozen, ruptured, and leaked for a significant period of time prior to being shut off. Such indications can include damage to ceilings and floors and visibly damaged pipes and fixtures. Damage from freeze bursts can be substantial including significant harm to structural components such as framing and foundations.

**36:** This parcel includes a structure which should be considered **DANGEROUS**. This building has suffered structural damage which creates substantial risk of harm from falling through damaged areas or collapse from above. It may also contain extensive debris which could fall or collapse, rusty nails, broken glass, and other hazards. **You are not permitted to enter this or any other structure offered at tax sale. You should limit your inspection only to what can be safely observed from the building's exterior.** Trespassers are subject to prosecution.

**39:** This parcel appears that it may be subject to encroachments or may encroach on neighboring property. This assessment is based upon our visual inspection. Not everyone is a surveyor and sometimes buildings, roads, septic systems, wells, or other improvements are built across property lines and may lie partially or wholly upon neighboring parcels. Please consider a survey and conduct thorough research before bidding on this parcel. All property is sold "as-is, where-is" without warranty based upon the assessed legal description.

**41:** This parcel has surface water, soil, or vegetation conditions indicating that it may include wetland habitat. Such habitat may comprise all or part of the parcel's area. However, it is possible that this parcel contains buildable areas as well. There are many environmental and building regulations related to wetlands which you should consult before bidding on this parcel. The Michigan Department of Environment, Great Lakes, and Energy maintains a [Wetland Map Viewer](#) which provides easy access to wetland data. It is your responsibility to determine if this parcel is suitable for your desired use.

**42:** Our review of this parcel indicates that the noted State Equalized Value (SEV) does not appear to reflect the current value of the property. This is often due to buildings or other improvements being demolished or fire damaged or other similar items included in the SEV being removed from the property. It can also be due to market changes in the area in which the property is located. It should be further noted that the SEV/assessed value of the parcel as noted in this listing may be several years old. You should consult a local real estate professional or appraiser to help you assess the current market value of this property before bidding and **should not base your valuation on the stated SEV.**

**44:** This property appears as if it may be a side-yard parcel. Frequently homes are located on one parcel and the associated back or side-yard is located on a separate adjacent parcel. These side-yards are sometimes foreclosed while the home is not. This can create unfortunate situations where fenced boundaries, septic tanks, out buildings, garages, and other improvements that were previously associated with the home next door are sold on their own. Such parcels may have value to the adjacent owners but often have little to no value on their own. You should investigate this parcel carefully and understand what you are purchasing before you bid.

**45:** Our inspectors encountered aggressive dogs in the vicinity of this parcel. Please **exercise caution** if you choose to assess this property in person.

**46:** One or more structures was boarded when we conducted our assessment of this parcel. Properties may be boarded for a variety of reasons. For example, properties are often boarded to prevent trespassers from harvesting copper

plumbing, wiring, and other fixtures. Buildings may also be boarded by fire or other officials when they present a safety hazard. We generally do not enter boarded structures and limit our observations to the building's exterior. Likewise, you should limit any inspection of this property to its exterior **only**. You are not permitted to remove any boarding to view building interiors under any circumstances. Public property records or polite inquiries to neighbors may reveal additional information about a property's history.

**47:** This property has been subject to vandalism by former occupants or other parties. Typical damage includes broken windows, holes in walls, broken doors and doorjambs, and other damage which can add to the cost of repair and rehabilitation. You should conduct your own research prior to bidding on this parcel.

**48:** This parcel appears to have been subject to harvesting of electrical, plumbing, mechanical systems, or other building components. Buildings are sometimes targeted by criminals that steal or "harvest" items such as copper plumbing, wiring, furnaces, water heaters, fixtures, hardwood flooring, etc. This building should be considered incomplete due to such harvesting and may require substantial investment to reequip.

**49:** This parcel appears to have challenging terrain. Challenging terrain can include steep hillsides, ravines, gullies, or similar topographical features as well as little to no buildable area. Such parcels often have no practical use. You should investigate this parcel's terrain and suitability for your desired purpose prior to bidding.

**50:** The previous owner of this parcel undertook a construction or rehabilitation project which has not been completed. We have attempted to describe the degree to which the project has been finished, but the building should be considered incomplete nonetheless. The local building code enforcement official may be able to offer additional insight as to why the project was never completed.

**60:** A visual inspection of this parcel indicates that it contains a crop or planting which may have been made by a third party. These can range from single year crops like corn or grain to items such as Christmas trees or other nursery stock which require more than one year to mature before harvest. Any third party lease has been voided through the foreclosure process. However, these situations can become points of potential litigation. In an effort to prevent dispute, the Foreclosing Governmental Unit will often grant single year farmers the right to harvest their crop as a condition of sale.

**63:** Pet and/or wild animal waste was observed within this property. Potential bidders should consider that urine stains/odors can be difficult to remove from porous surfaces such as wood floors or underlayment.

**65:** A visual inspection indicated that this parcel **may** contain asbestos in the form of insulation on piping, boilers, or other structural components. However, no formal testing was conducted and the presence of asbestos has not been confirmed. There are other insulation products that are similar in appearance. According to the U.S. Environmental Protection Agency, asbestos is not likely to cause significant health risk when left undisturbed. See this [EPA asbestos publication](#) for additional information. It is the responsibility of the winning bidder to take proper safety precautions and conduct testing and/or removal efforts if deemed appropriate.

**66:** This property is unsanitary and poses a potential health hazard because of raw food garbage, backed up sewer lines, or other similar waste. Such conditions can attract rodents, wild animals, and other vermin. You should bid accordingly and be prepared to mitigate the situation immediately upon purchase.

**67:** We have reason to believe that this property was last owned (and may still be occupied or monitored) by someone that does not recognize the right of the government to tax or foreclose upon their property. Be advised that this former owner may be potentially volatile or aggressive. We strongly advise that you limit any inspection of this property to what can be safely observed from a distance and to avoid contact with the former owner.

**68:** This parcel is part of a site condominium development. A condominium "unit" is a form of land ownership which is similar to a traditional subdivision "lot" but is also different in some important respects. Each condominium development is laid out in a document called the **master deed** which outlines the extent and nature of each condominium unit. The master deed also contains rules and restrictions related to construction and permitted use. Construction requirements can include everything from the size or design of buildings to color and orientation on the site. Condominium developments also include "common elements" like streets and sidewalks which are shared across all units. Some developments include amenities like golf courses, clubhouses, beaches, pools, and parks whereas others include only basic infrastructure like roads and sidewalks. Site condominiums also **include association fees** which can be significant. Prospective bidders should **carefully review and understand the master deed and investigate association fees prior to bidding**.

**75:** The State of Michigan reserves a property right in aboriginal antiquities including mounds, earthworks, forts, burial and village sites, mines, or other relics and also reserving the right to explore and excavate for the same as provided under Article III, part 761 of PA 451 of 1994 as amended.

**81:** We were unable to conduct a follow-up inspection of this parcel following foreclosure. Therefore, information that we obtained previously may now be outdated or inaccurate. In particular, *the photo(s) listed for this property may not accurately reflect the current condition or existence of structures on the property*. Whether or not the property is occupied may also have changed since our last inspection. Any prospective bidder should verify the condition of this parcel with their own research and visual inspection prior to bidding.
