There are three ways to bid at our auctions:

IN-PERSON AT THE AUCTION

ONLINE VIA OUR WEBSITE

PROXY/ABSENTEE BID

(Absentee bids are for those who cannot attend in-person or bid online)

For **registered users**, our website features:

- **Photos** and detailed descriptions of properties (where available)
- **Faster check-in/out** with pre-registration online
- **GPS/GIS** location of the property
- **Maps** of the property vicinity (where available)
- **Google Earth links** to satellite images of the area, and street views of the property and neighborhood (where available)
- **Save properties** to your personalized “favorites” list

We only have about 90 days to review several thousand parcels. We begin about May 1, and add data as we get to each parcel. Please be patient and **check back often as the auction date approaches** for updates. Parcels are sold "as is" based on the assessed legal description only. All other information in this salebook or listed on our website, though reliable to the best of our knowledge, is provided as unverified reference and is not guaranteed to be accurate. You should verify this information with your own research and investigation prior to bidding.

SAVE TIME AT THE AUCTION

PRE-REGISTER TODAY AT [TAX-SALE.INFO](https://tax-sale.info)

Visiting and viewing property BEFORE auction:

The auction list being furnished is of property that **MAY** be offered. *Many parcels on early lists do not actually proceed to the auction for a variety of reasons.* PLEASE FOLLOW PROPERTIES YOU ARE INTERESTED IN ON THE WEBSITE. They may be removed from the list, which is updated *daily* on the website if the status is changed. If you do not use the internet, please verify current status with the Treasurer's office regularly.

You are NOT AUTHORIZED to enter any buildings, even if they are unlocked or open to access. Entering into a tax auction property to "see it" is **breaking and entering. It is a criminal offense.** Please limit your review to looking through the windows and other external inspection. We will post exterior and interior photos, and provide other commentary as available.

Entering properties (even vacant land) can be dangerous because of condition. **You assume all liability for injuries and other damage** if you go onto these lands.

Properties may be OCCUPIED or "being watched" by former owners or neighbors sympathetic with former owners. Occupants are often UNKNOWN and could potentially be volatile, unstable or "anti- government" persons. Even vacant land presents potential for conflict.

Some properties still contain the **personal property** of former owners (vehicles, furnishings, appliances etc). These items are **NOT SOLD** at our auction. We are only selling the **REAL ESTATE (land)** and whatever is **attached** to it (land, buildings and fixtures).

- **You are NOT AUTHORIZED to remove ANY "personal" property, "scrap" metal or fixtures from auction parcels. This is THEFT AND WILL BE PROSECUTED.** We often ask neighbors to watch property for theft and vandalism and report this to local police. ***You have been warned...***
- **PROPERTY IS SOLD "AS IS" IN EVERY RESPECT.** Please check zoning, building code violation records, property boundaries, condition of buildings and all local records.
- **THERE ARE NO REFUNDS AND NO SALE CANCELLATIONS AT BUYERS OPTION.**
- **INFORMATION OFFERED ON THE WEBSITE OR IN THE SALE BOOK IS DEEMED RELIABLE BUT IS NOT GUARANTEED.** We suggest reviewing the records of the local ASSESSORS office to be sure that what we are selling is what you think it is. ***We sell by the LEGAL DESCRIPTION ONLY.***
- **YOU SHOULD CONSIDER OBTAINING PROFESSIONAL ASSISTANCE** from land surveyors, property inspection companies or others if you have questions about property attributes.

PLEASE REMEMBER that property lists can change up to the day-of-auction.

PAYING FOR YOUR AUCTION PURCHASES

- **The full purchase price must be paid in full on the day of the sale, within half an hour of the end of the Auction.** No purchases can be made on a time-payment plan.
- **NO CASH** will be accepted.
- If the total purchase price is **less than \$1,000.00**, full payment may be made by certified check, personal/business check, money order, Visa, MasterCard, or Discover.
- If the total purchase price is **greater than \$1,000.00**, a portion of the total purchase price must be paid by **certified funds** as follows:
- If the total purchase price is **greater than \$1,000.00 but less than \$50,000.00**, **the first \$1000.00 must be paid in certified funds.**
- If the total purchase price is **\$50,000.00 or greater**, **the first \$5,000.00 must be paid in certified funds.**
- **Any remaining balance** beyond the required certified funds may be paid by certified check, personal/business check, money order, Visa, MasterCard, or Discover.

Online bidding

- **The full purchase price must be paid in full WITHIN 5 DAYS OF THE SALE.** Payment may be made by certified funds, money order, Visa, MasterCard, Discover, or wire transfer. No purchases can be made on a time-payment plan.
- Online and absentee bidding require a **\$1,000 pre-authorization hold** on a Visa, MasterCard, or Discover credit card or a \$1,000 certified funds deposit before any bids will be accepted. Buyer's failure to consummate an online or absentee purchase will result in the forfeiture of this \$1,000.
 - *Your card is not charged unless you win, however the hold may reduce your available credit until it is released by your credit card issuer (usually 30 days).*

Absentee bidding

If you do not have internet access, **you can submit an absentee bid by Email or Fax.** You will also need to pre-authorize a \$1000 deposit on a major credit card. Contact the auction manager at 800-259-7470 for more information. *Your card is not charged unless you win, however the hold may reduce your available credit until it is released by your credit card issuer (usually 30 days).*

On-site bidding

The doors open **ONE HOUR** before the stated auction time at all of our locations. *Please do not arrive earlier than this, as it delays our setup of the sale.*

Rules and Regulations

1. Registration

Registration will begin 30 minutes before the stated start time unless otherwise noted. No bids will be accepted unless the bidder has registered and received a pre-numbered bid card. A Driver's license, passport, or other state issued I.D. must be presented in order to receive a bid card.

2. Properties Offered

A. Overview

"Foreclosing Governmental Unit" ("FGU") is a term used by the Michigan tax foreclosure statute and is typically the office of the County Treasurer in the county where the offered property is located. However, in some instances the FGU is the State of Michigan Department of Treasury.

Unless otherwise noted, the "Seller" is the County Treasurer, acting as the "FGU".

The attached list of parcels has been approved for sale at public auction and each is identified by a sale unit number. The Seller reserves the right to pull parcels from the sale at any time prior to the auction.

According to state statutes, **ALL PRIOR** liens (other than certain DEQ liens and other limited exceptions), encumbrances and taxes **are cancelled** by Circuit Court Order. The FGU has attempted to include in the minimum bid, liens that have accrued since foreclosure, such as nuisance or water bills; **all other outstanding bills since foreclosure are the responsibility of the buyer**. These properties are subject to any state, county, or local zoning or building ordinances. The FGU does not guarantee the usability or access to any of these lands.

B. Know What You Are Buying

It is the **responsibility of the prospective purchaser to DO HIS OR HER OWN RESEARCH** as to the suitability of any offered property for any intended purpose. The FGU makes no warranty, guaranty or representation concerning, but not limited to, the merchantability of title, boundary lines, location of improvements, availability of land divisions, easements or right to access by public street, utility presence or location, or any other physical, structural, or legal condition.

Prospective buyers should, prior to the auction, **personally visit and inspect any offered property** they wish to purchase. However, prior to purchase at the auction, **STRUCTURES MAY NOT BE ENTERED** without the **WRITTEN PERMISSION** of the FGU. Some structures may be occupied and occupants should not be disturbed.

C. Reservations

At the sole option of the FGU, a reverter clause may be included in any deed issued to a winning bidder which prohibits the future severing of mineral rights (if any) and/or splitting/subdividing any purchased property into smaller parcels which do not meet local zoning rules or otherwise comply with applicable regulations relating to the splitting of property. If such a reverter clause is included, a violation thereof will result the property reverting to the FGU without refund.

Pursuant to state statutes, where the State of Michigan Department of Treasury is acting as FGU, deeds issued may contain the following reservations and stipulations:

- *"Excepting and reserving to the State of Michigan, all aboriginal antiquities including mounds, earthworks, forts, burial and village sites, mines or other relics and also reserving the right to explore and excavate for the same, by and through its duly authorized agents and employees, pursuant to the provisions of Part 761, Aboriginal Records and Antiquities, of the Natural Resources and Environmental Protection Act, Act 451 of the Public Acts of 1994, MCL 324.76101 to 324.76118 as amended."*
- *"Saving and reserving unto the People of the State of Michigan the rights of ingress and egress over and across all of the above-mentioned descriptions of land lying along any watercourse or stream, pursuant to the provisions of Part 5, Act 451, P.A. 1994, as amended, MCL 324.503, as amended."*

Additionally, the State may, in its discretion, reserve the mineral rights to offered property as follows:

- *"Saving and excepting and always reserving unto the said State of Michigan, all mineral, coal, oil and gas, lying and being on, within or under the said lands whereby conveyed, except sand, gravel, clay or other nonmetallic minerals with full and free liberty and power to the said State of Michigan, its duly authorized officers, representatives and assigns, and its or their lessees, agents and workmen, and all other persons by its or their authority or permission, whether already given or hereafter to be given at any time and from time to time, to enter upon said lands and take all usual, necessary, or convenient means for exploring, mining, working, piping, getting, laying up, storing, dressing, make merchantable, and taking away the said mineral, coal, oil and gas, except sand, gravel, clay or other nonmetallic minerals."*

If the State does not reserve mineral rights as described above, the State may nonetheless restrict the severance of mineral rights from offered property as follows:

- *"This conveyance hereby restricts the Grantee from severing oil, gas, mineral and other subsurface rights from the surface rights any time in the future. If the Grantee severs the subsurface rights from the surface rights, the subsurface rights will revert to the State of Michigan."*

3. Bidding

A. Overview

Generally, each sale unit will be offered separately and in the order appearing on the attached list. Sales are typically conducted both online and live on-site, simultaneously. The sale will be awarded to the individual bidding the highest amount equal to or greater than the starting bid by either method. Typically, the auctioneer will make available a list of parcels prior-to-sale and will provide an opportunity for on-site bidders to designate "parcels of interest" prior to the start of the sale. The auctioneer may skip over those parcels upon which no party has placed an online bid or designated as a parcel of interest prior to the start of the sale. **Parcels that do not have online bids and that have not been designated as parcels of interest prior to the start of the sale and in the manner prescribed by the auctioneer are not guaranteed to be offered.** The auctioneer, in their sole discretion, may offer a second request round of unsold parcels after the first round of bidding has been completed at the minimum bid sale only. Such second request round will be available to those online and on-site bidders as may be in attendance at that time.

B. Starting Bid Price

The starting bid prices are shown on the list included in the sale book. At auctions with a minimum bid, no sales can be made for less than the starting price indicated. The starting bid for no-minimum-bid sales will be at the discretion of the FGU or auctioneer.

However, any person who held an interest in a property offered for sale at the time a judgment of foreclosure was entered against such property **must pay at least minimum bid** for such property even if purchased at a no-minimum auction.

C. Bid Increments

Bids will **only** be accepted in the following increments:

<u>Bid Amount</u>	<u>Increment</u>
\$100 to \$999	\$ 50.00
\$1000 to \$9999	\$ 100.00
Over \$10,000	\$ 250.00

Floor bidders MUST bid in the same increments as online and absentee bidders. **We will not accept irregular bid increments** in fairness to online and absentee bidders.

D. Eligible Bidders

Any person who meets the following requirements may register as a bidder and receive a pre-numbered bid card:

- The person does not directly or indirectly hold more than a *de minimus* legal interest in any property with delinquent property taxes which is located in the county in which the person intends to purchase property.
- The person is not directly or indirectly responsible for any unpaid civil fines for a violation of any ordinance, including but not limited to any ordinance authorized by section 4I of The Home Rule City Act, 1909 PA 279, as amended, MCL 117.4I, in the local tax collection unit in which the person intends to purchase property.
- The person has not been banned or otherwise excluded by the FGU from participation in the public sale.

Any person unable to attend the sale can be represented at the sale by an agent or other representative with authority to bid and otherwise represent the person. However, any party utilizing an agent to bid on their behalf must still meet the above listed requirements. **The registered bidder is legally and financially responsible for all parcels bid upon whether acting on their own behalf or as the agent of another.**

E. Absentee Bidding

Absentee bids will be accepted in increments up to the amount that you pre-approve. Absentee bids require a \$1,000 pre-authorization on a major credit card or a \$1,000 deposit before the bid will be accepted. Absentee bids must be submitted 48 hours prior to the date of the auction by calling 1-800-259-7470. An absentee bid form is also available on www.tax-sale.info. Additionally, absentee bids may be submitted up until one hour before the sale if submitted online.

F. Online Bidding

On-line bidding will be available on the day of the auction at www.tax-sale.info.

G. Bids are Binding

An oral bid accepted at public auction is a legal and binding contract to purchase. No sealed bids will be accepted and the FGU reserves the right to reject any or all bids.

H. Limitations on Bidding

The FGU and auctioneer reserve the right to limit the number of bids placed per auction for any bidder or group or bidders for any reason.

I. Attempts to Bypass These Rules and Regulations

The FGU and auctioneer reserve the right to reject the bids of any bidder who appears to be acting on behalf of another person who is ineligible to bid on their own.

4. Terms of Sale

A. Payment

- **Live On-Site Bidders**
 - **The full purchase price must be paid in full on the day of the sale, within half an hour of the end of the Auction.** No purchases can be made on a time-payment plan.
 - **NO CASH** will be accepted.
 - If the total purchase price is **less than \$1,000.00**, full payment may be made by certified check, personal check, money order, Visa, MasterCard, or Discover.
 - If the total purchase price is **greater than \$1,000.00**, a portion of the total purchase price must be paid by **certified funds** as follows:
 - If the total purchase price is **greater than \$1,000.00 but less than \$50,000.00**, **the first \$1,000.00 must be paid in certified funds.**
 - If the total purchase price is **\$50,000.00 or greater**, **the first \$5,000.00 must be paid in certified funds.**
 - **Any remaining balance** beyond the required certified funds may be paid by certified check, personal check, money order, Visa, MasterCard, or Discover.
- **Online & Absentee Bidders**
 - **The full purchase price must be paid in full WITHIN 5 DAYS OF THE SALE.** Payment may be made by certified funds, money order, Visa, MasterCard, Discover, or wire transfer. No purchases can be made on a time-payment plan.
 - Online and absentee bidding require a \$1,000 pre-authorization on a Visa, MasterCard, or Discover credit card or a \$1,000 deposit before any bids will be accepted. Buyer's failure to consummate an online or absentee purchase will result in the forfeiture of this \$1,000.

The full purchase price consists of the final bid price *plus* a buyer's premium of 10% of the bid price, any outstanding taxes due on the property including associated fees and penalties, and a \$30.00 deed recording fee. **Any portion of the purchase price paid by credit card will be assessed an additional fee of 2.75%.**

B. Refund Checks

In some instances it may be necessary to refund to a buyer some or all of the payment tendered by such buyer. This can occur, for example, when a buyer tenders certified funds in an amount greater than their total obligation or if the sale is cancelled under any provision of these Rules and Regulations. Refund checks will be processed and mailed to buyer within approximately ten days of the time such refund becomes due to buyer. Buyer shall cash such refund check within 90 days of the date listed on such refund check. If buyer fails to cash such refund check within 90 days, such refund check shall become void and buyer shall forfeit any refunded amount.

C. Dishonored Payment

A buyer whose payment is dishonored for any reason will forfeit any purchase price paid as follows:

- A buyer whose total purchase price was less than \$1,000.00 will forfeit any portion of the total purchase price tendered and not dishonored including any credit card chargebacks which are successfully reversed by Seller.
- A buyer whose total purchase price was greater than \$1,000.00 will forfeit that portion of their total purchase price which was required to be tendered in certified funds as required by part 4A above.

Furthermore, the FGU may seek to prosecute any buyer whose payment is dishonored or who fails to consummate a purchase.

Any buyer who fails to consummate a purchase will be banned from bidding at all future land auctions. The venue for litigation or arbitration resulting from any disputes or matters involving or arising out of bidding or purchases, whether online or on-site, shall be fixed as Kalamazoo County in the State of Michigan.

The buyer's premium is not subject to any broker fees. There are no co-brokerage or other fees or rebates available.

D. Eligible Buyers

In order to take title to purchased property, each party that will be listed on the deed must meet **ALL of the following requirements at the time their winning bid is accepted:**

- i. The party does not directly or indirectly hold more than a *de minimus* legal interest in any property with delinquent property taxes which is located in the county in which the purchased property is located
- ii. The party is not directly or indirectly responsible for any unpaid civil fines for a violation of any ordinance, including but not limited to any ordinance authorized by section 4/ of The Home Rule City Act, 1909 PA 279, as amended, MCL 117.4/, in the local tax collection unit in which the purchased property is located.
- iii. The party is not purchasing, for less than minimum bid, any property in which the party held an interest at the time a judgment of foreclosure was entered against such property nor is the party purchasing property, for less than minimum bid, on behalf of any other party who held such an interest.

At the time payment is tendered after the auction, the buyer will be required to execute an affidavit affirming, **under penalty of perjury**, that each party that the buyer desires to have listed on the deed to purchased property meets the above requirements.

The FGU **will not issue a deed** and the sale will be canceled if the buyer did not meet the above requirements at the time their bid was accepted, the buyer fails to execute this affidavit, or if any affirmations made in this affidavit are untrue. If the FGU is forced to cancel any sale due to the buyer's noncompliance with this provision, the buyer will **forfeit the first \$350 paid** on each parcel and any buyer's premium paid as liquidated damages for breach of contract by the buyer. Furthermore, the FGU may pursue **CRIMINAL PERJURY CHARGES** against any buyer who makes a false affirmation on the affidavit required under this or any other provision of these Rules and Regulations.

E. Sale to Entities

In order to ensure that individuals do not utilize legal entities to circumvent the sale and ownership restrictions contained in MCL 211.78m(2), the FGU will only sell property to legal entities under certain circumstances. Any buyer desiring to deed a purchased property to a legal entity must disclose the name and address of all officers, shareholders, partners, members, or other parties, regardless of title, who own any portion of that entity. However, such disclosure will not be required if one or more of the following exceptions are applicable:

- The Entity held a prior recorded interest in each purchased property.
- The Entity is a division, agency, or instrumentality of federal, state, or local government.
- The Entity is a Homeowners Association, Condo Association, or other such organization that exercises control over each purchased property.
- The Entity is a publicly traded company listed on a national securities exchange.
- The Entity is a nonprofit corporation and is qualified as tax exempt under IRC §501.

At the time payment is tendered after the auction, any buyer desiring to deed a purchased property to a legal entity will be required to execute an affidavit affirming, **under penalty of perjury**, that the entity is exempt from disclosure under one of the five exceptions listed above, or in the event that no exception is applicable, the names and addresses of all parties owning any portion of that legal entity.

F. Cancellation Policy

The FGU reserves the right **TO CANCEL ANY SALE, AT ANY TIME, FOR ANY REASON** prior to the issuance of the deed.

G. Property Transfer Affidavit

It is the responsibility of the buyer to file a **Property Transfer Affidavit** with the *assessor for the city or township* where the property is located **within 45 days of the transfer**. If it is not timely filed, a **penalty of \$5/day (maximum \$200)** applies. The information on this Property Transfer Affidavit is NOT CONFIDENTIAL.

5. Purchase Receipts

Successful bidders at the sale will be issued a receipt for their purchases upon payment. This receipt does not convey an interest in title to the purchased property unless and until a deed has been issued and recorded. Buyers will be entitled to deeds for the property descriptions identified by the sale unit numbers noted on the receipt unless the sale is cancelled under these Rules and Regulations or other statutory authority.

6. Title Being Conveyed

Quit-claim deeds will be issued conveying **only such title as received by the FGU through tax foreclosure**. Title insurance companies may or may not issue title insurance on properties purchased at this sale. The FGU makes no representation as to the availability of title insurance and the **unavailability of title insurance is not grounds for reconveyance to the FGU**. The purchaser may incur legal costs for Quiet Title Action to satisfy the requirements of title insurance companies in order to obtain title insurance.

7. Special Assessments

Special assessment installments through the most recent tax year are included in the starting bids. Seller has attempted to identify those parcels subject to special assessments with a note on the parcel detail page. Parcels sold are subject to property taxes for the entire current tax year, as well as current and future installments of any outstanding bonded assessments. All bidders should contact the appropriate city, village, or township offices to determine if there are any outstanding bonded assessments for future tax years on the properties being offered.

8. Possession of Property

A. Possession Pending Deed Delivery

It is recommended that the buyer DOES NOT take physical possession of any purchased property until a deed has been executed and delivered to the buyer. The buyer risks financial loss for any improvements or investments made on purchased property *before the delivery of a deed* in the event that the Foreclosing Governmental Unit exercises their right to cancel the sale. Until the buyer receives a deed, no activities should be conducted on the site other than:

I. Securing the Property

Buyer should take steps to protect their equity in purchased property **by securing vacant structures against entry and obtaining (homeowners) insurance for occupied property**. Buyer is responsible for contacting local units of government **to prevent possible demolition of structures situated on purchased property**.

II. Assessing Potential Contamination

Buyer may immediately wish to conduct a Baseline Environmental Assessment (BEA) to assess the condition of potentially contaminated properties. More information about BEAs can be found at http://www.michigan.gov/deq/0,4561,7-135-3311_4109_4212---,00.html

B. Occupied Property

Buyers will be responsible for all procedures and legal requirements for conducting evictions. Occupants of purchased property should be treated as tenants holding over under an expired lease. This means that legal eviction and/or possession proceedings will be necessary to effectuate control over such property if occupants will not otherwise leave voluntarily. You may wish to consult a licensed attorney for additional guidance.

9. Conditions

The purchaser accepts the premises in its present "as is" condition, and releases the Foreclosing Governmental Unit and employees and agents from all liability whatsoever arising from any condition of the premises, whether now known or subsequently discovered, including but not limited to all claims based on environmental contamination of the premises.

A person who acquires property that is contaminated (a "facility" pursuant to Section 20201(1)(1) of Natural Resources and Environmental Act (NREPA), 1994 P.A. 451, as amended) as a result of release(s) of a hazardous substance(s) may become liable for all costs of cleaning up the property and any other properties impacted by the release(s). Liability may be imposed upon the person acquiring the property even in the absence of any personal responsibility for, or knowledge of, the release. Protection from such liability may be obtained by conducting a Baseline Environmental Assessment (BEA) as provided for under Section 20126(1) (c) of NREPA. However, the BEA must be conducted prior to or within 45 days of the earliest date of purchase or occupancy of the property. Persons who acquire contaminated property may have "due care" obligations under Section 20107a of NREPA even if they conduct a BEA and are not liable for the contamination.

Pursuant to part 201 of NREPA, the person(s) responsible for an activity causing a release at the property is obligated to pursue response activities at the property. Consequently, the non-labile purchaser may be required to provide access to the liable party to conduct response activities at the property in the future. Section 20116 of the NREPA requires that a person who has knowledge that their property is contaminated provide a written notice to the purchaser or other person to whom the property is transferred which discloses the general nature and extent of the release. Additional disclosure obligations may also apply at the time the property, or an interest in the property, is transferred. Accordingly, the Foreclosing Governmental Unit recommends that a person who is interested in acquiring property at this auction contact an attorney or an environmental consultant for advice prior to the acquisition of any property that may be contaminated.

10. Deeds

A. Deed Execution and Delivery

All monies collected will initially be deposited in escrow. Once payment is cleared and verified, funds will be disbursed to the FGU and deeds will be executed and recorded as required by law. The FGU will deliver the deeds to the Register of Deeds for recording and remit them to the buyer after recording is complete. IT CAN TAKE 6 TO 8 WEEKS FOR DEEDS TO ARRIVE. PLEASE BE PATIENT.

B. Restrictive Covenants

Some counties sell properties with deed covenants that will attach to the property. These parcels will be noted online, along with the terms being required. **Please carefully review the information for each specific parcel to make sure you understand the terms of sale.**

11. Property Taxes & Other Fees

All property taxes and associated fees that have accrued on or after April 1 in the year that a property is auctioned must be paid **at the time of checkout** after the auction along with the final bid price, buyer's premium, and deed recording fee.

Furthermore, please understand that the **buyer is responsible for all other fees and liens that accrue against a property on or after April 1 in the year that a property is auctioned.** These items are not prorated. They include, but are not limited to municipal utility or ordinance fees, and condo or property owner association fees or dues. This can also include demolition and other nuisance abatement costs. These fees and expenses **are not collected at the auction** and must be paid by the buyer after taking title to any purchased property which is subject to such fees and expenses.

12. Other

A. Personal Property

Personal property (*items not attached to buildings and lands such as furnishings, automobiles, etc.*) located on offered property or within structures situated on offered property was not taxed as part of the real estate, does not belong to the FGU, and is not sold to the buyer of the real estate in this transaction. You are advised to contact former owners of any purchased property and provide them an opportunity to reclaim contents. A certified and first class mail notice to their last known address is strongly advised. It is your responsibility to identify and properly handle items of personal property. Seller makes no representations or warranties as to the presence of personal property or as to the legal requirements for dispensing with such property.

Mobile Homes may be titled separately and considered personal property. It is the buyer's responsibility to determine the legal status of any mobile home located on purchased property. A useful first step could include determining whether an Affidavit of Affixture of Manufactured Home has been executed and recorded as outlined in MCL 125.2330i.

B. Mineral Rights

You will receive any and all title that the FGU obtains via their tax foreclosure through a quit-claim deed. If the owner of the surface rights to the property also owned the mineral rights, those will become part of your title interest. However this will be subject to the rights of any outstanding leaseholders of oil, gas, mineral or storage rights. You would be obligated to honor the balance of any remaining lease (with automatic renewals if so written). However if the mineral rights have been severed (split from the surface rights) and are owned by a third party, they have not been foreclosed by the FGU and are not included in the mineral rights conveyed to you. In either instance, the leaseholder still has the right to explore for and/or extract minerals under the terms of any outstanding agreement.

C. Applicability of These Rules and Regulations

All sales are subject to these Rules and Regulations. Furthermore, additional terms and conditions which apply to one or more specific auction lots may be printed in the auction sale booklets and/or online at www.tax-sale.info ("**Additional Terms**"). If such Additional Terms apply, they will be listed under the heading "Additional Terms and Conditions" on the online lot description page and/or in the printed sale book for the lot(s) to which they apply. Such Additional Terms, if existing, shall be considered a part of these Rules and Regulations for the specific auction lots to which they apply. In some cases, the auctioneer is required to relate certain information orally on the day of sale when it is not possible to include such information in the printed sale booklets or in these Rules and Regulations ("**Oral Terms**"). In such a situation, the auctioneer will clearly state that they are relating an additional condition of sale which either has not been previously printed or which modifies some portion of these Rules and Regulations. If the auctioneer makes such a specific announcement, the Oral Terms shall take precedence over these Rules and Regulations where applicable. Finally, additional conditions are included on the printed auction receipt given to the buyer at the time of checkout ("**Terms of Sale**"). All sales are subject to these Terms of Sale as well. These Rules and Regulations, Additional Terms, Oral Terms, and Terms of Sale are intended to be compatible. To the extent that a conflict arises between any of these sources, they shall be interpreted in the following order of priority: Oral Terms, Additional Terms, Terms of Sale, Rules and Regulations.

These Rules and Regulations are subject to change at any time and should be reviewed frequently.

NOTE: Please review the terms at the top of each online catalog and the addendum pages in the printable sale books for county-specific purchase terms. Failure to follow the specific rules posted for each county could result in a cancellation of the sale and the retention of part or all of the purchase proceeds by the FGU.

Comments: One story home has been vacant for a little while. Not too far off M-28 southwest of Covington. This one is structurally fairly solid, but is in dire need of a new roof and a lot cleanup. It is overgrown to the point where access was difficult and it seems well secured. From what we could tell from the windows, the interior is not in horrid condition, but the front porch (complete with trees) was rotten and dangerous. It'll take a little effort to fully investigate this one. Chefs surprise! Has an exterior basement access, also well secured. Lot is one square acre. Has a modern six inch well ... hard to say how long it has been out of use. There is still a power meter here ... so even though it is wildly overgrown, it appears that someone has had an eye on it for a while. Comes with appliances. Stove is in the front yard, and the fridge is out back. Also a one car detached garage here it may be worth repair, but it's probably just a couple winters away from death if not attended to.</p> <p>Summer Tax Due: \$150.72</p>	25517 OPAL RD COVINGTON;	\$1,300

802	<p>Parcel ID: 005-450-176-00; Legal Description: PETTICOAT LAKE PLAT NO 5 LOT 176. Comments: Sharp mid-century waterfront cottage on Petticoat Lake! Modified A-frame in design. Has two main floor bedrooms, a loft AND a dual bunkbed bunkhouse! Two car garage AND its own private boat launch! This one is in dire need of a new roof, but we suspect the main impetus in "letting it go" was a recent plumbing freeze that has caused water damage and some molding in the bathroom area. It looks like there was a literal river flowing out the back door. There is a door inside near the kitchen that may lead to a basement or crawlspace, but it was swollen shut and we could not get it open to look. Could be a lake down there ... just saying . This one is not move in ready by any means, but with some proper attention, this could be YOUR new family getaway. Needs: plumbing repair, new roof, some siding and soffit work, flooring, cleaning and a new family to have great times here! Homes like this are difficult to assess because there is so much stuff in the way ... We noticed that the floors are springy. In fact the upstairs front room was sooooo bouncy that I really thought it might give way. We suspect poor engineering and improper construction is mostly the cause and it may have "been like that" for years. But it's still concerning. Access to the basement /crawlspace could not be determined. 100A electric service, fuel oil heat. Steel roof with a couple of localized leaks. Was occupied until summer 2018. Front deck is a goner and needs replacement. Garage has some potential but she's full of cast offs. Junk camper we do not have title to and is not included in sale.</p> <p>Summer Tax Due: \$130.32</p>	25614 NELSON ST MICHIGAMME;	\$1,700	

804	<p>Parcel ID: 044-595-009-00; Legal Description: VILLAGE OF L ANSE JOHN E BRENNAN'S ADDITION LOTS 9 & 10 BLK 5. Comments: OCCUPIED large, traditional "four square" design home in L'Anse. HAS low maintenance aluminum siding, municipal utility service and natural gas. Because it is occupied, we did not have the opportunity to review it in detail, however it appears to have a pretty serious roof problem at least along the edge where there are literally trees growing and missing fascia and soffit. Assuming that this condition has transferred inside the building, we suspect there is some damage to interior surfaces and that it is likely to have mold and rot issues. It appears to be a long standing problem. There is a second structure behind the home that we're told was previously rented out. It has been gutted, but newer windows have been installed recently. Occupied; Dnvi; Roof Issues;</p> <p>Summer Tax Due: \$668.18</p>	405 N 3RD ST L'ANSE;	\$6,600	
805	<p>Parcel ID: 044-722-092-00; Legal Description: VILLAGE OF L ANSE SAMARDJIC'S ADD NO 2 LOTS 92 & 93. Comments: This one has GOBS of potential. Classic Cape Cod design has two small bedrooms and a simple bath with shower stall. Maple floors under the carpet. The kitchen is pretty spartan but could be redone without a lot of effort. A coat of light color paint would make a huge difference here. It's drab and gray. The front porch has a noticeable sag ... probably about six inches at the right front corner. It could be fixed in an afternoon with a bottle jack and a six pack (the six pack is for AFTER the surgery). The back steps are pretty much rotted away, but there isn't much of a back yard anyway ... it drops off about 20 feet straight down into a ravine with a creek. Modern 100A electric service and natural gas forced air heat. This could be a dollhouse in the right hands. Other than the porches, there isn't a lot to fix here. It's mostly cosmetics. Bring it on!</p> <p>Summer Tax Due: \$622.40</p>	11 SPRUCE ST LANSE;	\$3,200

Comments: Powdermill Creek Resort and Conference Center is, (in theory), a nightly lodging provider in the Big Powderhorn Mountain ski area. In its more recent incarnation, it has been mostly a transient housing and monthly rental debacle mixed with full-time residency. Not much "resort" traffic here in some time. In the original design, this was a mini-resort of 50ish hotel type rooms and mini-townhouses, with several bars, food service operations and an indoor pool, in close proximity (but independent of) the nearby Big Powderhorn Mountain ski operations. The pool, bars and food service have not been open for business in many years on a regular basis. There is no liquor license currently associated with this property, and most of the rooms that are included in this offering are vacant and need work. There are roughly 54 residential units in this property, and we are offering 25 PLUS the "core" unit which comprises the bar, food service and recreational areas of the building as a single package. We are offering 15 main floor units, 7 second floor (cathedral ceiling) units, and the "core" food and beverage units. For general reference, please see : https://powdermillresort.blogspot.com/ Be aware that there is a dedicated community that individually own the remaining units here, many of whom have been doggedly pursuing POA duties and goals for many years. In addition to association fees for maintenance of the property, these units are also subject to a SPECIAL ASSESSMENT for a water/sewer district improvement. AS A CONDITION OF SALE, the seller *MAY* require a purchaser to pay the entire balance of the special assessment for all units being sold IN FULL prior to issuing a deed at the sellers sole discretion. This is an exciting opportunity for an experienced and well financed developer to acquire a great ski lodging opportunity at a bargain price. Contact he Gogebic County Treasurers office or the auction house for complete details on this opportunity. This time it's vacant, and it's condemned. We're told by locals that there is high water table here, and the USGS topo maps certainly reinforce that by indicating there is swamp right out back. The Presque Isle River is just a couple hundred feet to the east. The condemnation is probably from a combination of a bad roof and we assume that the septic system here probably is waterlogged part of the year and needs redesign. Curiously, there is very little interior damage from the roof. The house seems fairly straight and solid other than weak floors in the back porch entry. It does have potential if one were to re-roof it (which will require some replacement of eave materials as well) and a new septic most likely. It IS condemned, so contact the village code enforcement people (probably the county building inspector) and make sure you know what you're dealing with before bidding. Two bedrooms on the main floor. 2 more upstairs with 2 walk-thru rooms and a large common area/playroom/study at the rear. Appears to be a mid-century cabin that had an addition to the right/west side in the last few years. The foundation is bowing in on the left/east side, and it's not going to be long before that gives way. There is washout on the south/rear foundation wall already, and it is noticeable in the floors inside. This one could be saved, but you'll want to get right to work. 2562	Parcel ID: 52-15-459-080; Legal Description: LOTS 5 & 6 BLOCK 2 NORTHVIEW ADDITION Comments: This is not a bad little place, but needs a new roof *yesterday*. The roof leaks seriously in two places on the east side of the house and to a lesser degree on the west rear section. The main floor bedroom will need a new subfloor (warped) and most of that floor will need to be resurfaced (walls, flooring). One bedroom down, two up. The toilet has backed up and left a fun little mess to clean up. Basement is damp (roof most likely) but has a newer furnace and water heater, a powerful 200A electrical service, and great built-in workbench. We did notice some evidence of freeze damage to plumbing. Has an oversized, solid 2 car garage ... however when you stand near the front left corner (near the gate) there is an audible bee or hornet nest in that corner of the building, so we did not pause long to investigate. Nicely fenced, pet-ready yard. Roof Issues; Freeze Damage; Summer Tax Due: \$354.73	413 FLORENCE ST IRONWOOD;	\$3,600

2564	Parcel ID: 52-16-483-040; Legal Description: LOT 19 BLOCK 7 LIBERTY HEIGHTS ADD Comments: This appears to have been most recently used as residential, but it sure screams "commercial" to us! Two bedrooms up. There is a little water in the basement. May have been winterized, as the water meter has been removed. The exterior decking is old and weak and needs replacement. Roof is architectural series shingle and appears to be newer. Electrical service is on the "other side of the pond" in the basement, but is newer and may be 200A based on size of service conduit. This is a solid little building on a high traffic thoroughfare near the Michigan-Wisconsin border. The primary barrier to commercial use would probably be parking. 2566	Parcel ID: 52-22-132-140; Legal Description: LOT 28 BLOCK 8 MEGAN & KOENIG'S ADD Comments: This house is partly boarded ... and we have no idea why. Fairly fresh vinyl siding (well done, by the way), an older roof that isn't leaking. The interior seems to be partly rehabbed and has some "decor challenge" issues but it's all cosmetics. 100A electric service and a modern furnace and air conditioner. 2568	Parcel ID: 52-22-260-300; Legal Description: LOT 11 BLOCK 7 MANSF. CASE & LONGY. Comments: Very well maintained, updated small home in Ironwood. Fresh roof and vinyl siding. Two bedrooms, one up, one down. Has (we're pretty sure) water in the basement, probably from the sump pump being off, or mayyyybe freeze damaged plumbing. The basement door was swelled and we couldn't open it without breaking it, so we cracked a couple windows to let the place decompress. Needs a wipedown and coat of paint as there is some funk on the walls from the humidity. This could be a really sharp little place in the right hands. 2569	Parcel ID: 52-22-279-050; Legal Description: LOT 36 ASSESSORS PLAT NO 3 Comments: Very large two story wood frame home in Ironwood. Five bedrooms and a bath up, and half bath on the main floor. Formal dining room. Roof is not old, but has missing shingle. It's not overtly leaking, but that should be fixed. The issue here is the foundation, it has caved into the basement under the left side of the front porch, and there are two other spots along the west wall that have substantial deflection and cracking. The entire east foundation wall has been replaced with concrete block already, and that appears to be holding its own. The siding is weatherbeaten and a fresh vinyl surface would help a great deal. Front right bedroom has a noticeable dip in the floor, tho it's probably been there for years. Front porch and steps need work. Modern furnace and water heater. Foundation Issues; Summer Tax Due: \$1,027.67	712 E AYER ST IRONWOOD;	\$4,300

Last use appears to have been as a tattoo parlor. Inside it's dark and narrow space ... and it's got a pretty bad roof. We ventured through the front half of the main floor to a point where the floor became weak and we didn't want to end up in the basement, so we concluded the visit. Will need a roof and some repair to the center portions of the building, as well as the rear stairway to the upper floor. 2577	Parcel ID: 52-24-307-140; Legal Description: EAST 1/2 OF LOT 5 BLOCK 9 VIL. OF JESSIEVILLE Comments: Straight, solid older brick house in Jessievile. It does need a new back porch/deck, but that's peripheral. The building has nice wood floors, a newer 100A electrical service, but no operable heat. There is a boiler in the basement (condition unknown) but almost all of the radiators have been removed and are not on location. Older roof, but it does not appear to leak. We saw one crack in the east foundation wall in the basement, but it does not appear to be buckling or widening. Three bedrooms (one quite large) plus a walk-thru room and a bath up, and a half bath down. Visible freeze damage to plumbing. Basement floor is cracked and heaved. However the utilities have been marked by Miss Dig, the gas service is GONE (cut off under the street ...) and that = demolition is not far away. It is probable that the local government has declared this a nuisance and contracted for demolition. Gambrel style roof that appears to be in older, but generally good condition. There is an exterior porch that has been enclosed (not good workmanship) that could be cute if restored. Inside, she's a dirty girl. It's a combination hoarder/pet abused home. Its got a lot of charm and architectural authenticity, but first you have to empty out all the crud and give it a good cleaning. It appears that it's got nice wood floors and trim (unpainted) and the ceilings and floors are in great overall condition. No heaving or dips noticed in floors. It all just really really dirty and layered in trash and animal feces. The basement was not accessible because of rubbish in the way, but we could not see any flood issues down there, just more garbage. The electric service is down and will need to be restored. The presence of radiators suggests a boiler. We did not see a gas meter, so we assume its an older fuel oil unit and probably not in great condition. Comments: Sale includes two adjacent parcels just west of Atlantic Mine. There has been some effort made at updating the main floor, but it's very spartan. The upper floor is still pretty much as built 100 years ago. The floor plan here is a little odd ... the main floor is divided living space, and each side has a stairway to a bedroom on the second floor. They're somewhat connected, but it seems clear that the original intent was some shared space and some individual privacy. Almost a mother-in-law type setup. Roof is oooold but does not leak. Electric service is old 60A fused panel. We did not see any central heat system, so space heat it is! The garage is collapsed, and there are a couple of disabled vehicles (plus other goodies we're sure) out in the weeds here (no, we don't have the titles). Merry Christmas. Overall, this one is a solid old house with potential to be revitalized. 2713	<p>This lot is a "bundle" comprised of 2 parcels</p> <p>(1 of 2) Parcel ID: 003-017-002-00; Legal Description: SEC 17 T53N R33W W 1/2 OF NE 1/4. 80 A. Comments: CHECK THIS OUT! Side by side 80-acre parcels, just a couple hundred feet north of the Sturgeon River near Chassell. PLEASE NOTE: These parcels do not have river frontage or legal access to the river, But it's so close that you can hear the fish talking. You may be able to purchase or negotiate river access. USGS topo maps indicate that these parcels are NOT marshland and are primarily uplands. There was a cabin/house here in the past, at the very SE corner of the parcels, which burned. The remnants are still there. To access the parcel, take Aho Road (County Road 120) until it dead ends ... then TURN RIGHT ninety degrees and you will see the charred remains of the building. If you look toward the river from that spot, you'll see a tree line that runs east-to-west and a fencepost that is marked as the corner. That is the south line of the property. The gate at the end of Aho Road is *not* on these parcels and belongs to the property to the south. Most of the east 80 acres is open and level and may be tillable depending on water table. This would be very well irrigated soil if tillable. The west 80 acres is all forested in a mix of varieties and ages. This would be a fabulous private retreat or hunt camp. Wildlife is abundant here. There is power in the general area, but it is over 1000 feet away.</p> <p>(2 of 2) Parcel ID: 003-017-004-00; Legal Description: SEC 17 T53N R33W E 1/2 OF NW 1/4. 80 A. Comments: PLEASE NOTE: There are two driveways here. The one that is most visible (gravel) is NOT on this property. Please don't use it. The driveway for this property is to the LEFT of the gravel drive, and is grassy. This is an older trailer with a BAD SEPTIC and the last occupants were evicted and the property condemned for that reason. You cannot occupy it until you put a new one in. Check with the Houghton County Health Department to determine how and IF you can do that. The west property boundary is about SIX INCHES from the hitch on that trailer. None of the other buildings or things are on this property. Just the mobile and old white abandoned car. Property is 208' x 208' in size. Mobile roofer full of junk and some raw garbage. Comments: Parcel fronts on M-28 at Sidnaw. By our calculations, this is roughly 25 acres. There is a small pond of about 3-4 acres in size by rough estimation. Also a large open area on the west end with a rail siding that appears to maybe been used as a logging yard in the recent past. It fronts on M-28, as well as Milltown Road on the north, where the land is forested and appears to be generally uplands. This parcel would make a very interesting homesite if you surveyed the property carefully for that perfect building spot on the pond. Summer Tax Due: \$79.60</p>	MILL TOWN RD SIDNAW;	\$1,100

There is a small pile of rubble on or near this lot (can't be sure) that may have been a structure ... but it's not any more! Brushy, level dry lands. AKA TRTS 39 SILVER RIVER RESERVE 10.22 AC M/L Comments: Silver River Reserve is an assemblage of thousands of acres into over 100 ten acre parcels in a wilderness community in southern Houghton County. Roads here are private, and there are annual fees for maintenance of the road system in summer. There is NO POWER in this area, and it is a primitive camping and cabin oasis. If you want to be off the grid, this is your place! Best access is from Federal Highway 16 which is 5 miles west of here, then Laird Road to the front entrance of the community. TRACT 39 is located off Brown Road and is 10.22 acres more or less. Humbug Creek runs along and through this wonderful parcel. 2722	<p>This lot is a "bundle" comprised of 2 parcels</p> <p>(1 of 2) Parcel ID: 009-165-001-00; Legal Description: LOT 1 BLK 15 TAMARACK CITY. Comments: Note: Purchase of this lot requires a performance bond of \$25,000 to ensure demolition of the collapsing smaller building. This sale includes two parcels of land. One is vacant (access/parking) and the other has two buildings on it. One is a nearly move-in ready home, and the other was probably commercial at one time and needs to be demolished. The home is clean. straight and could be one of the most "ready to use" homes in the Houghton County sale this year. It is a modified 4-square design featuring three bedrooms and a bath up, and a full basement with interior and exterior entrances. It has great attic access for extra storage or development. The furnace and water heater are merchantable, though the water heater has odd damage to the jacket which we have not seen before and does not appear to be freeze damage. This home has been well maintained for many years and has little to be done other than decor change as an option. The roof is older but serviceable. The basement walls could stand a coat of thorseal, but they're solid. Building number two, on the other hand, needs to come down. The rear portion has collapsed, access to the second floor is treacherous, and we did not examine it closely because it's just simply a basket case and needs to go. It is separately described. There is also a full, vacant lot to the west that serves as access and parking for the home. This tax parcel ID and SEV is for the vacant lot. The PID# and SEV for the two buildings is the next description. Purchaser will be required to furnish a personal guarantee and cash surety in the amount of \$25,000.00 (the "Surety") to ensure the demolition and remediation of the offered property to a safe and debris-free condition. Certified funds in the amount of the Surety shall be deposited with seller or its designee within 5 days of the auction. If the Surety is not presented within 5 days of the auction, the sale shall be canceled for non-performance without refund. Purchaser must present a plan to seller within 60 days of the auction which includes a cost estimate and timeline for the demolition of all structures located on the offered property by a licensed and insured contractor. Such plan must be approved by seller at seller's sole discretion prior to the commencement of demolition and remediation activities. Such demolition and remediation shall be completed within six months of the date of the auction. Demolition shall be considered complete upon certification of seller and at seller's sole discretion. The Surety shall be applied to the costs of demolition and remediation in accordance with the approved plan. Any costs incurred over and above the Surety are the sole responsibility of purchaser. Any Surety which remains after seller certifies the satisfactory completion of all demolition and remediation activities shall be returned to purchaser. If purchaser fails to comply with any of the terms and restrictions stated herein, they shall forfeit the Surety to seller. Seller has the unilateral right to accept, reject or require modification to the Surety prior to its acceptance by seller. Purchaser has NO RIGHT TO POSSESSION or entry upon the offered property until seller executes and records a deed conveying the offered property to purchaser.</p> <p>(2 of 2) Parcel ID: 009-165-012-00; Legal Description: LOT 12 BLK 15 TAMARACK CITY. Comments: This is the description for the second building in this grouping. We didn't go through the inside of this one (the law of diminishing returns applies here). The rear addition to this building has collapsed and has been that way for a while. The main two story part of the structure has a roof that is older than your grandmother and has been leaking since last century. The damage here is substantial and fatal. This should be a vacant lot. Comments: This is a recreational parcel and will not support a building or septic system. It is marshland property. 1/2 acre more or less right at the point where Otter Lake meets the mouth of the Sturgeon River. CONTAINS 4.34 ACRES Comments: Parcel is irregular in shape, and about 4.34 acres in size. There is a collection of collapsing old buildings here, probably none are worth preserving. The main house has collapse and rot in both the roof and floor. It's mostly in the basement now. Curiously there is still a power service to this building (?). There is a slightly overgrown driveway, and the buildings sit about 300 feet off the road. 2727	Parcel ID: 010-459-009-00; Legal Description: LOT 9 BLK 9 VILLAGE OF PERKINSVILLE. Comments: UPDATE: Basement water was pumped out by the fire department recently. Home has a basement full of water (power off ... no sump pump). Oooold roof that is checkered and beginning to weep indoors. The floors here are springy. Warped floors and other visual indicators of freeze damaged plumbing and water that has been running for a long period. There is also probably water coming into the basement from the exterior entrance which seems to be in a poorly planned location. Old 60A electrical service. Anything in the basement (furnace, water heater) is probably roached and will need to be replaced. Soooooooooooo the siding is nice, but the rest of it all needs updating. THE ABOVE DESCRIBED PARCEL INCLUDES THE LAND BETWEEN THE MEANDER LINE OF MUD LAKE AND THE ORDINARY MEAN HIGH WATER MARK ON MUD LAKE. Comments: This is a newer development in Houghton County, north and east of the bridge heading toward Rice Lake and Gay ... just a short distance from Lake Superior. Private roads here. Electric and phone are here along the road. This is a roughly 1.8 acre parcel that has a small creek passing through its eastern edge. The topography here drops 15ish feet from road grade to the lake level. There is a level cleared area at road grade that would lend itself to construction of a nice walkout basement home that would give great attention to the creek view. There is a road from the roadside site down toward the lake that has a couple of fallen trees preventing use currently. Its not substantially improved, but it does look like someone started the process of finding a natural path and clearing it. There are lot boundary markers at the east and west lines. There are POA fees here for road maintenance. You'll want to discover what the POA rules and fees are prior to bidding. We saw two other homes in this development on the south shore of the lake. This is a private wilderness / fishing lake and not a jet ski mecca. Association Fees;</p> <p>Summer Tax Due: \$482.14</p>	32184 KEWEENAW PASS LAKE LINDEN;	\$3,500	
2729	<p>Parcel ID: 014-432-010-00; Legal Description: LOTS 10 & 12 BLK 2 PLAT OF NORTH GROVER. Comments: Older frame construction with faux brick siding. Stone foundation. The rear porch has collapsed into its foundation, but it's independent of the main structure and could be removed. Inside it's generally straight, but really grubby and full of junk. Probably a good solid 30 yard dumpster worth between inside and out (and the basement). The kitchen floor has a hole in it and the basement stairway is treacherous. With a resurfacing and new mechanicals and windows, this could be restored. Has a newer steel roof. There is leak damage inside ... but we assume that is old damage from before the roof was replaced. The electrical and plumbing here are both garbage and will need an overhaul.</p> <p>Summer Tax Due: \$393.50</p>	26948 W 22ND ST HUBBELL;	\$3,000

Comments: This home is in need of a roof sooner rather than later ... and the rear porch and garage should be removed, but it is structurally straight and generally solid. The issue here is the SMELL. Several theorize that it's "dog poop" scent, but our experience blends dog poop, raw sewage and food garbage into the mix for this one. It will probably require a professional fumigation/cleaning (ie: ServiceMaster etc) to really efficiently manage it. We assume it'll be really ripe by August. We would consider this a shell in need of a total rehab because of the odor and general surface conditions indoors. Sanitation Issues And Garbage; Animal Damaged; Summer Tax Due: \$345.66	807 PORTLAND ST CALUMET;	\$1,900

2733	Parcel ID: 042-116-004-00; Legal Description: LOT 4 BLK 16 FIRST ADD TO VILLAGE OF COPPER CITY. Comments: Someone got the demo phase of rehab done here. And then they just stopped. Aaaaaaand now it's all over the yard. Wanna help us clean it up? This house is structurally solid, but it's just a terrible mess. Finish the stripping, resurface and upgrade the mechanicals, add a few new windows and it can be yours at a great price. This house is fairly small ... about 15 feet wide x 30 feet. Foundation appears serviceable. Has a gaping hole in the side where they removed windows to pitch stuff onto the lawn (no dumpster?). Furnace is older but probably still serviceable. Ancient electrical needs an upgrade. They started plumbing with some Pex, but its very amateur and you'll wanna redo it. Roof is mid life and should be good for a bit. The curb appeal is not good here, but this one actually has potential. Incomplete Construction; Summer Tax Due: \$653.40	307 SENECA ST COPPER CITY;	\$8,700	
2734	Parcel ID: 042-116-006-00; Legal Description: LOT 6 BLK 16 FIRST ADD TO VILLAGE OF COPPER CITY. Comments: The primary part of this structure is solid and worthy of rehab. It has an addition/garage to the south side that has failed and needs to come off immediately, before it rips away from the house and perhaps taking some of it along for the ride. The main floor bathroom floor is weak and heaved/mushy which is an indicator of freeze/water damage. The house itself has great potential after you remove the garage, dejunk it and give it a good once over. It needs a new electrical. The plumbing is a hodge-podge of materials and probably needs a general overhaul. There are three bedrooms upstairs PLUS a third floor walkup attic with potential for extra living space. Hardwood floors thru-out. This is a large solid house that needs attention. Last occupancy appears to be about 2011. Freeze Damage; Summer Tax Due: \$600.13	311 SENECA ST COPPER CITY;	\$3,200

2736	<p>Parcel ID: 042-122-015-00; Legal Description: LOTS 15 & 16 BLK 22 SECOND ADD TO VILLAGE OF COPPER CITY. Comments: CHECK THIS ONE OUT. If you are looking for a straight, square, ORIGINAL classic home worthy of rehabbing, THIS IS IT. Traditional four-square design. Hardwood floors throughout. Picture rail in the living and dining rooms. Main floor bedroom with a real walk-in closet and four walk-thru bedrooms upstairs. One bath up, half bath on main, and a potty in the basement too. The second floor has peeling paint and wallpaper but it is from age, and not a bad roof. The roof here is mid-life and does not appear to leak. We noticed cracks in the front two corners of the foundation, but they have not transmitted to the interior or the structure itself. Has faux brick fiberboard siding over what may be restorable lap siding. The mechanicals (heat, electric, plumbing) here are all ancient and could use updating. It does have a pretty modern upgraded municipal water main. BONUS: This home has a walk up third story that could be a magnificent master suite. Basement has interior and exterior entrances. This is an older home, but it is in very very solid condition and worthy of your consideration. It is mostly in need of mechanical updating and aesthetic attention. The contents of this house have been removed prior to sale.</p> <p>Summer Tax Due: \$661.05</p>	GRATIOT ST COPPER CITY;	\$5,900

Has been updated and a 1.5 car garage added. The layout is somewhat a bi-level, with a wheelchair lift between the garage and the main floor ... which is about 4 foot above grade. House go BOOM. Now it has soot and contaminant all over, and will need to be emptied out and then certified clean before you can start rehabilitation. The roof here is in DIRE need of replacement, especially on the left rear. It's causing issues in the kitchen area already and will spread. Two bedrooms and a walk-thru room upstairs, with ladderish attic access for storage. The exterior is worn, and the rear one story portion is in need of a roof pretty quick, as there is a serious leak developing in the kitchen. 60A fused electrical service. 2745	<p>Parcel ID: 051-649-009-50; Legal Description: W 60' OF LOTS 9 & 10 BLK 9 CONDON'S THIRD ADD TO HANCOCK. Comments: In its original incarnation, this was a symmetrical duplex with two floor side-by-side units. It has been combined in more recent times. As currently used, it has 4 bedrooms (plus a walk-thru). There has been some poorly executed mid-century modernization, including a funky, odd kitchen. There is evidence of freeze damage to plumbing, which is mostly concerning because this is hot water heat/boiler. There is a fairly new boiler unit installed, and a second one laying nearby being "parted out". Draw your own conclusions there. Ancient 60A electrical service. One car drive-under garage. With proper restoration, this could be a nice place. Very limited off street parking. Freeze Damage;</p> <p>Summer Tax Due: \$2,077.92</p>	1105 MINNESOTA ST HANCOCK;	\$9,000

Comments: Looking for a way to turn a little elbow grease into a nice second home or starter/retirement home? He's an opportunity! This is a little cottage that has been neglected and needs a fresh start. Structurally is has a little work needed in the eaves and soffits, and some trim work to be done, but it is straight and solid. The inside has been occupied by critters on the main floor, and they left a mess (so have the humans) but it's a couple trips to the dump and you're good to go. It will need a new furnace (we'd get rid of the boiler and just use a good forced air wall furnace), and we're sure that the plumbing and wiring will need a once over. There is natural gas here. The roof is not leaking, but we'd replace that too just for insurance. This cottage has not been used in probably more than a decade on any kind of regular basis. Could be cute in the right hands! Just a couple miles north of Chassell on US 41 headed for Houghton! This is owned by the auction house, and not the county, and is a leftover from an earlier sale. It totals 1/2 acre, but a part of that is the right-of-way of the road. What's left is a steep hillside that runs down to the lake, and is partly wetlands. It is conceivable that you could build here on stilts but there would be nowhere for a septic system and nowhere to park. With substantial engineering (and permits) you could probably put in retaining walls to address the parking situation. And mayyyybe the health department would approve a composting toilet, but that still leaves zoning setbacks and gray water storage. Either way, this one is gorgeous, but a real challenge. Just like that high school crush that wouldn't pay attention to you. :). You will want to start this one with a survey to determine exactly how much land there is. It still contains linotype and offset presses from that era. Since then the building appears to have been used for storage and snowmobile repair. The roof here has been leaking for some time, and as such the county is requiring the purchaser to demolish this property after purchase. Purchaser will be required to furnish a personal guarantee and cash surety in the amount of \$100,000.00 (the "Surety") to ensure the demolition and remediation of the offered property to a safe and debris-free condition. Certified funds in the amount of the Surety shall be deposited with seller or its designee within 5 days of the auction. If the Surety is not presented within 5 days of the auction, the sale shall be canceled for non-performance without refund. Purchaser must present a plan to seller within 60 days of the auction which includes a cost estimate and timeline for the demolition of all structures located on the offered property by a licensed and insured contractor. Such plan must be approved by seller at seller's sole discretion prior to the commencement of demolition and remediation activities. Such demolition and remediation shall be completed within six months of the date of the auction. Demolition shall be considered complete upon certification of seller and at seller's sole discretion. The Surety shall be applied to the costs of demolition and remediation in accordance with the approved plan. Any costs incurred over and above the Surety are the sole responsibility of purchaser. Any Surety which remains after seller certifies the satisfactory completion of all demolition and remediation activities shall be returned to purchaser. If purchaser fails to comply with any of the terms and restrictions stated herein, they shall forfeit the Surety to seller. Seller has the unilateral right to accept, reject or require modification to the Surety prior to its acceptance by seller. Purchaser has NO RIGHT TO POSSESSION or entry upon the offered property until seller executes and records a deed conveying the offered property to purchaser. Certified funds in the amount of the Surety shall be deposited with seller or its designee within 5 days of the auction. If the Surety is not presented within 5 days of the auction, the sale shall be canceled for non-performance without refund. Purchaser must present a plan to seller within 60 days of the auction which includes a cost estimate and timeline for the demolition of all structures located on the offered property by a licensed and insured contractor. Such plan must be approved by seller at seller's sole discretion prior to the commencement of demolition and remediation activities. Such demolition and remediation shall be completed within six months of the date of the auction. Demolition shall be considered complete upon certification of seller and at seller's sole discretion. The Surety shall be applied to the costs of demolition and remediation in accordance with the approved plan. Any costs incurred over and above the Surety are the sole responsibility of purchaser. Any Surety which remains after seller certifies the satisfactory completion of all demolition and remediation activities shall be returned to purchaser. If purchaser fails to comply with any of the terms and restrictions stated herein, they shall forfeit the Surety to seller. Seller has the unilateral right to accept, reject or require modification to the Surety prior to its acceptance by seller. Purchaser has NO RIGHT TO POSSESSION or entry upon the offered property until seller executes and records a deed conveying the offered property to purchaser. 3032	Parcel ID: 055-390-018-00; Legal Description: ASSESSORS PLAT 4 TO CITY OF STAMBAUGH LOT 18. 77' X 100' 426 JASPER ST Comments: 1.5 story home with newer deck, steel roof and detached garage. 77' wide lot that runs 100' deep. This home is a project-in-progress. The exterior is mostly done, but the interior has been stripped to the shell and that's where it stalled. No plumbing, not much wiring (service dropped by UPPCO), no stairway to the second floor. The other major factor at play here is the foundation. There is noticeable deflection on the west wall (under the deck) with two horizontal stress cracks in the basement, and there is a buttress wall in the basement against the east wall that itself has failed. This foundation is not in immediate danger of collapse, but it will be at some point. The home probably needs to be raised or stress taken off the foundation while it is replaced. The structure itself is straight and solid. Foundation Issues; Incomplete Construction; Summer Tax Due: \$886.27	426 JASPER ST IRON RIVER;	\$10,250

It is a level, wooded, dry uplands parcel and is 150' x 205' in size. 7/10ths of an acre. There isn't a trail cut in to it, and as far as we can tell there has never been any structure or other earth change here. Great recreational parcel. No improved road access. No power on this road. Town of Gay 0.41A m/l S19-T56N-R30W Comments: This one is literally coming apart at the seams. The main two story frame structure appears to be straight and true, but the one story addition to the south is slowly declaring independence and having some gravity issues. The most serious issue here is the foundation. Three of the four corners, especially the two rear corners, are failing. Someone tried to fix that with some aerosol foam, but it didn't solve the problem (COUGH). There appears to have been a two car or such addition to the north that has already been removed (and the opening plugged) in the past. All that remains is the concrete slab on grade. Roof appears older but serviceable. Hard shingle siding that has been painted (may contain asbestos). Appears to have been unoccupied for a little while now. There is an inoperable vehicle here with a plate that expired 5+ years ago. This is actually a nice 119' x 150' lot in a quiet friendly little resort town, and the frame structure could be moved to a new foundation and restored without the side addition. Has had some work done in the not-too-distant past. We notice fresher wood at the soffit and fascia ... and the concrete block foundation is certainly much newer than the structure is. The main portion of the roof is mid-life and appears to be merchantable, but the 3 lower porch roofs need replacement soon. From what we could see through the windows, the interior here is primitive and has not seen any updating in years, but appears to be well preserved. There is visible knob and tube wiring. Comments: This is a wedge shaped parcel that runs probably over 1000' along the west side of M-64 outside of Bergland. There is an older roofover mobile here that the woodpeckers have been feeding off. It has a newer architectural style shingled roof and appears to be in generally solid condition. It appears to still contain personal property and be mostly furnished, so we did not breach it. There is also a trashed mobile next to it, a tractor in disrepair, and numerous piles of junk strewn to the north end of the parcel. The majority of the property lies to the south of the unit and appears to not have any roads cut into it. Personal Property; Summer Tax Due: \$432.72	21591 M-64 BERGLAND TOWNSHIP;	\$3,100

Comments: Mostly wooded parcel fronts 540 feet along the west side of Dishneau Road, and runs 1320 feet deep. USGS topographical maps indicate that this land is generally level and dry and not marshland. There is still a good amount of personal property here, and it appears that the property has been recently occupied, so we did not go inside as it may still be under possession. Mobile is an older roofover, and the roofing is in poor condition, A ladder leaning up to it infers that it has some issues. Sauna and storage building also on the parcel. Roof is old, with one substantial leak/bad spot in the right rear corner bedroom. The main floor has had walls removed and the floor plan reconfigured. Maple flooring. Needs a good cleaning and probably some attention to plumbing and heating. Hot water boiler heat system that we did not see any obvious signs of freeze damage and we found a drain valve open, so it MAY have been winterized. Will need a new kitchen and bath on the main floor as these are both substandard. Foundation veneer is flaking, but the core seems solid from what we saw. Power service is old 60A fused panel, and the service line has been dropped. Personal Property; Summer Tax Due: \$501.11	18 CHERRY ST CARP LAKE TOWNSHIP;	\$5,000	
5403	Parcel ID: 04 209 021 00; Legal Description: SECTION 9 T50N R38W NE 1/4 OF SW 1/4. 40 A. Comments: A square 40 of rolling lands, bisected by a small creek that splits the property almost evenly in half-north to south. Higher at the east and west boundaries and the creek path right down the middle. There is an older home here that has not been regularly occupied in some time. It is boarded, but has a newer steel roof that has preserved it and still has a power service attached. Has the potential to be a really sharp little place. Also an outbuilding with some personal property in it, and some general debris to haul off. This property is mostly uplands out side of the creek channel. Off a paved county maintained road. 5404	Parcel ID: 04 209 031 00; Legal Description: SEC 9 T50N R38W SE 1/4 OF SE 1/4. 40 A. Comments: Nice square 40 off Rosseau Road. Access is from the north, and a two track that comes straight down to the NW corner of the land. At the 1320' mark on that trail, you will see old buildings off to the right, and that tree line is the north edge of the parcel. This trail isn't mucky, but its definitely 4WD territory. STOP at this point ... because there is a pretty good sized ravine/gully/ditch just ahead and you'll be calling for the tow truck iffen you don't. USGS topo maps indicate that this parcel is all uplands and not marsh. No signs of recent timbering, but the forestry stock here is not old. It's a mix of evergreen, softwood and a little hardwood with brush as well. Good camp property. Halfway between Mass Station and McKeever. Summer Tax Due: \$53.95	(Off) Rosseau Road;	\$1,100

A conglomeration of "stuff" in Mass City. It's 26.25' feet wide, and includes at least part of the collapsing building rubble along the south side of the block. We can't be exactly sure what is or isn't on the parcel so please do your research. There was some vandalism recently on or near this property that resulted in some mercury contamination. 5411	<p>Parcel ID: 10 688 004 00; Legal Description: LOT 6 BLK 8 OF TOWN OF WEBSTER. Comments: This one isn't shot, yet, but it's headed there in a hurry. Historically this has been a pool hall. In more recent years only the second floor was used as a residence. The roof is generally bad and leaking in several spots. That has transmitted to the main level where it has warped hardwood flooring. The foundation on the left/south side of the building could not be examined without a ladder to the basement, but it could be an issue tho its not stressing the side wall. The side and back stairways and porches are creekly and need attention. It certainly needs a roof. We're told by Ray (the overseer who you will undoubtedly meet if you visit this one) that the former owner had a new boiler put into the basement before he died, which was about 6 or 7 years ago. Has potential, but will require a lot of work and deep pockets. There is no active electric or water service here, but we have a hunch this may be squatter territory. Ask Ray. 5412	<p>Parcel ID: 11 032 001 00; Legal Description: SEC 32 T48N R38W NE 1/4 OF NE 1/4. 40 A M/L. Comments: A square forty 1320' x 1320'. This parcel does not have improved public road frontage, but there IS a way to get to it (check legal easement status before bidding, please). From the dead end on Keeler Hill Road, turn LEFT. Follow the road past the newer cottage on the west (currently for sale with Century 21) then continue until you see a gated road (another 200 feet or so). That is the SE corner of the parcel being sold. There is no road IN to the parcel from this point, but we believe that this is physical access TO the parcel. USGS topo maps indicate that the parcel is a rolling, wooded parcel with little if any marshlands. It is very near the Ontonagon River (1/4 mile) and seems to be nicely wooded and probably not timbered anytime recently. You may want to walk the property to verify these observations. According to the assessor, there is a small 320sq ft cabin with no utility service on this parcel. Our inspector did not locate it when visiting the property, so it's current status is unknown. EXEMPTIONS

The Michigan Constitution limits how much a property's **taxable value** can increase while it is owned by the same person. Once the property is transferred, the taxable value must be adjusted by the assessor in the following year to 50 percent of the property's usual selling price (**State Equalized Value**). Certain types of transfers are exempt from adjustment. Below are brief descriptions of the types of exempt transfers; full descriptions are in MCL Section 211.27a(7)(a-n). If you believe this transfer is exempt, indicate below the type of exemption you are claiming. If you claim an exemption, your assessor may request more information to support your claim.

- ☐ transfer from one spouse to the other spouse
- ☐ change in ownership solely to exclude or include a spouse
- ☐ transfer is by blood or affinity to the first degree
- ☐ transfer of that portion of a property subject to a life lease or life estate (until the life lease or life estate expires)
- ☐ transfer to effect the foreclosure or forfeiture of real property
- ☐ transfer by redemption from a tax sale
- ☐ transfer into a trust where the settlor or the settlor's spouse conveys property to the trust and is also the sole beneficiary of the trust
- ☐ transfer resulting from a court order unless the order specifies a monetary payment
- ☐ transfer creating or ending a joint tenancy if at least one person is an original owner of the property (or his/her spouse)
- ☐ transfer to establish or release a security interest (collateral)
- ☐ transfer of real estate through normal public trading of stocks
- ☐ transfer between entities under common control or among members of an affiliated group
- ☐ transfer resulting from transactions that qualify as a tax-free reorganization
- ☐ transfer of qualified agricultural property when the property remains qualified agricultural property and affidavit has been filed.
- ☐ transfer of qualified forest property when the property remains qualified forest property and affidavit has been filed.
- ☐ transfer of land with qualified conservation easement (land only - not improvements)
- ☐ other, specify: _____

CERTIFICATION

I certify that the information above is true and complete to the best of my knowledge.

Instructions:

This form must be filed when there is a transfer of real property or one of the following types of personal property:

- Buildings on leased land.
- Leasehold improvements, as defined in MCL Section 211.8(h).
- Leasehold estates, as defined in MCL Section 211.8(i) and (j).

Transfer of ownership means the conveyance of title to or a present interest in property, including the beneficial use of the property. It includes, but is not limited to, the following conveyances:

- Deed.
- Land contract.
- Transfer into a trust, unless the sole beneficiary is the settlor (creator of the trust), the settlor's spouse, or both.
- Transfer from a trust, unless the distributee is the sole present beneficiary, the spouse of the sole present beneficiary, or both.
- Changes in the sole present beneficiary of a trust, unless the change only adds or substitutes the spouse of the sole present beneficiary.
- Distributions by a will or intestate succession, unless to the decedent's spouse.
- Leases, if the total duration of the lease is more than 35 years, including the initial term and all options for renewal, or if the lease grants the lessee the right to purchase the property at the end of the lease for not more than 80 percent of the property's projected true cash value at the end of the lease. This only applies to the portion of the property subject to the lease described above.
- Transfers of more than a 50 percent interest in the ownership of a business, unless the ownership is gained through the normal public trading of shares of stock.
- Transfers of property held as a tenancy in common, except the portion of the property not subject to the ownership interest conveyed.
- A conveyance of an ownership interest in a cooperative housing corporation, except the portion of the property not subject to the ownership interest conveyed.

For complete descriptions of qualifying transfers, please refer to MCL Section 211.27a(6)(a-j).

Excerpts from Michigan Compiled Laws (MCL), Chapter 211

Section 211.27a(10): "... the buyer, grantee, or other transferee of the property shall notify the appropriate assessing office in the local unit of government in which the property is located of the transfer of ownership of the property within 45 days of the transfer of ownership, on a form prescribed by the state tax commission that states the parties to the transfer, the date of the transfer, the actual consideration for the transfer, and the property's parcel identification number or legal description."

Section 211.27(5): "Except as otherwise provided in subsection (6), the purchase price paid in a transfer of property is not the presumptive true cash value of the property transferred. In determining the true cash value of transferred property, an assessing officer shall assess that property using the same valuation method used to value all other property of that same classification in the assessing jurisdiction."

Penalties:

Section 211.27b(1): "If the buyer, grantee, or other transferee in the immediately preceding transfer of ownership of property does not notify the appropriate assessing office as required by section 27a(10), the property's taxable value shall be adjusted under section 27a(3) and all of the following shall be levied:

- (a) Any additional taxes that would have been levied if the transfer of ownership had been recorded as required under this act from the date of transfer.
- (b) Interest and penalty from the date the tax would have been originally levied.
- (c) For property classified under section 34c as either industrial real property or commercial real property, a penalty in the following amount:
 - (i) Except as otherwise provided in subparagraph (ii), if the sale price of the property transferred is \$100,000,000.00 or less, \$20.00 per day for each separate failure beginning after the 45 days have elapsed, up to a maximum of \$1,000.00.
 - (ii) If the sale price of the property transferred is more than \$100,000,000.00, \$20,000.00 after the 45 days have elapsed.
- (d) For real property other than real property classified under section 34c as industrial real property or commercial real property, a penalty of \$5.00 per day for each separate failure beginning after the 45 days have elapsed, up to a maximum of \$200.00.
