There are three ways to bid at our auctions:

IN-PERSON AT THE AUCTION

ONLINE VIA OUR WEBSITE

PROXY/ABSENTEE BID

(Absentee bids are for those who cannot attend in-person or bid online)

For **registered users**, our website features:

- **Photos** and detailed descriptions of properties (where available)
- **Faster check-in/out** with pre-registration online
- **GPS/GIS** location of the property
- **Maps** of the property vicinity (where available)
- **Google Earth links** to satellite images of the area, and street views of the property and neighborhood (where available)
- **Save properties** to your personalized “favorites” list

We only have about 90 days to review several thousand parcels. We begin about May 1, and add data as we get to each parcel. Please be patient and **check back often as the auction date approaches** for updates. Parcels are sold "as is" based on the assessed legal description only. All other information in this salebook or listed on our website, though reliable to the best of our knowledge, is provided as unverified reference and is not guaranteed to be accurate. You should verify this information with your own research and investigation prior to bidding.

SAVE TIME AT THE AUCTION

PRE-REGISTER TODAY AT [TAX-SALE.INFO](https://www.tax-sale.info)

Visiting and viewing property BEFORE auction:

The auction list being furnished is of property that **MAY** be offered. *Many parcels on early lists do not actually proceed to the auction for a variety of reasons.* PLEASE FOLLOW PROPERTIES YOU ARE INTERESTED IN ON THE WEBSITE. They may be removed from the list, which is updated *daily* on the website if the status is changed. If you do not use the internet, please verify current status with the Treasurer's office regularly.

You are NOT AUTHORIZED to enter any buildings, even if they are unlocked or open to access. Entering into a tax auction property to "see it" is **breaking and entering. It is a criminal offense.** Please limit your review to looking through the windows and other external inspection. We will post exterior and interior photos, and provide other commentary as available.

Entering properties (even vacant land) can be dangerous because of condition. **You assume all liability for injuries and other damage** if you go onto these lands.

Properties may be **OCCUPIED** or "being watched" by former owners or neighbors sympathetic with former owners. Occupants are often UNKNOWN and could potentially be volatile, unstable or "anti- government" persons. Even vacant land presents potential for conflict.

Some properties still contain the **personal property** of former owners (vehicles, furnishings, appliances etc). These items are **NOT SOLD** at our auction. We are only selling the **REAL ESTATE (land)** and whatever is **attached** to it (land, buildings and fixtures).

- You are **NOT AUTHORIZED** to remove ANY "personal" property, "scrap" metal or fixtures from auction parcels. This is **THEFT AND WILL BE PROSECUTED**. We often ask neighbors to watch property for theft and vandalism and report this to local police. **You have been warned...**
- **PROPERTY IS SOLD "AS IS" IN EVERY RESPECT**. Please check zoning, building code violation records, property boundaries, condition of buildings and all local records.
- **THERE ARE NO REFUNDS AND NO SALE CANCELLATIONS AT BUYERS OPTION.**
- **INFORMATION OFFERED ON THE WEBSITE OR IN THE SALE BOOK IS DEEMED RELIABLE BUT IS NOT GUARANTEED**. We suggest reviewing the records of the local ASSESSORS office to be sure that what we are selling is what you think it is. ***We sell by the LEGAL DESCRIPTION ONLY.***
- **YOU SHOULD CONSIDER OBTAINING PROFESSIONAL ASSISTANCE** from land surveyors, property inspection companies or others if you have questions about property attributes.

PLEASE REMEMBER that property lists can change up to the day-of-auction.

PAYING FOR YOUR AUCTION PURCHASES

- **The full purchase price must be paid in full on the day of the sale, within half an hour of the end of the Auction.** No purchases can be made on a time-payment plan.
- **NO CASH** will be accepted.
- If the total purchase price is **less than \$1,000.00**, full payment may be made by certified check, personal/business check, money order, Visa, MasterCard, or Discover.
- If the total purchase price is **greater than \$1,000.00**, a portion of the total purchase price must be paid by **certified funds** as follows:
- If the total purchase price is **greater than \$1,000.00 but less than \$50,000.00**, **the first \$1000.00 must be paid in certified funds.**
- If the total purchase price is **\$50,000.00 or greater**, **the first \$5,000.00 must be paid in certified funds.**
- **Any remaining balance** beyond the required certified funds may be paid by certified check, personal/business check, money order, Visa, MasterCard, or Discover.

Online bidding

- **The full purchase price must be paid in full WITHIN 5 DAYS OF THE SALE.** Payment may be made by certified funds, money order, Visa, MasterCard, Discover, or wire transfer. No purchases can be made on a time-payment plan.
- Online and absentee bidding require a **\$1,000 pre-authorization hold** on a Visa, MasterCard, or Discover credit card or a \$1,000 certified funds deposit before any bids will be accepted. Buyer's failure to consummate an online or absentee purchase will result in the forfeiture of this \$1,000.
 - *Your card is not charged unless you win, however the hold may reduce your available credit until it is released by your credit card issuer (usually 30 days).*

Absentee bidding

If you do not have internet access, **you can submit an absentee bid by Email or Fax.** You will also need to pre-authorize a \$1000 deposit on a major credit card. Contact the auction manager at 800-259-7470 for more information. *Your card is not charged unless you win, however the hold may reduce your available credit until it is released by your credit card issuer (usually 30 days).*

On-site bidding

The doors open **ONE HOUR** before the stated auction time at all of our locations. *Please do not arrive earlier than this, as it delays our setup of the sale.*

2019 AUCTION SCHEDULE - NO RESERVE

All counties selling individual parcels (with the exception of Genesee) in the no-reserve auction will be doing so ONLINE ONLY. Bids will be accepted until November 1st, 2019 at 5:00PM EST, and winners will be announced on November 4th, 2019 at 12:00PM EST.

Visit **www.tax-sale.info** to place your bid.

Rules and Regulations

1. Registration

Registration will begin 30 minutes before the stated start time unless otherwise noted. No bids will be accepted unless the bidder has registered and received a pre-numbered bid card. A Driver's license, passport, or other state issued I.D. must be presented in order to receive a bid card.

2. Properties Offered

A. Overview

"Foreclosing Governmental Unit" ("FGU") is a term used by the Michigan tax foreclosure statute and is typically the office of the County Treasurer in the county where the offered property is located. However, in some instances the FGU is the State of Michigan Department of Treasury.

Unless otherwise noted, the "Seller" is the County Treasurer, acting as the "FGU".

The attached list of parcels has been approved for sale at public auction and each is identified by a sale unit number. The Seller reserves the right to pull parcels from the sale at any time prior to the auction.

According to state statutes, **ALL PRIOR** liens (other than certain DEQ liens and other limited exceptions), encumbrances and taxes **are cancelled** by Circuit Court Order. The FGU has attempted to include in the minimum bid, liens that have accrued since foreclosure, such as nuisance or water bills; **all other outstanding bills since foreclosure are the responsibility of the buyer**. These properties are subject to any state, county, or local zoning or building ordinances. The FGU does not guarantee the usability or access to any of these lands.

B. Know What You Are Buying

It is the **responsibility of the prospective purchaser to DO HIS OR HER OWN RESEARCH** as to the suitability of any offered property for any intended purpose. The FGU makes no warranty, guaranty or representation concerning, but not limited to, the merchantability of title, boundary lines, location of improvements, availability of land divisions, easements or right to access by public street, utility presence or location, or any other physical, structural, or legal condition.

Prospective buyers should, prior to the auction, **personally visit and inspect any offered property** they wish to purchase. However, prior to purchase at the auction, **STRUCTURES MAY NOT BE ENTERED** without the **WRITTEN PERMISSION** of the FGU. Some structures may be occupied and occupants should not be disturbed.

C. Reservations

At the sole option of the FGU, a reverter clause may be included in any deed issued to a winning bidder which prohibits the future severing of mineral rights (if any) and/or splitting/subdividing any purchased property into smaller parcels which do not meet local zoning rules or otherwise comply with applicable regulations relating to the splitting of property. If such a reverter clause is included, a violation thereof will result the property reverting to the FGU without refund.

Pursuant to state statutes, where the State of Michigan Department of Treasury is acting as FGU, deeds issued may contain the following reservations and stipulations:

- *"Excepting and reserving to the State of Michigan, all aboriginal antiquities including mounds, earthworks, forts, burial and village sites, mines or other relics and also reserving the right to explore and excavate for the same, by and through its duly authorized agents and employees, pursuant to the provisions of Part 761, Aboriginal Records and Antiquities, of the Natural Resources and Environmental Protection Act, Act 451 of the Public Acts of 1994, MCL 324.76101 to 324.76118 as amended."*
- *"Saving and reserving unto the People of the State of Michigan the rights of ingress and egress over and across all of the above-mentioned descriptions of land lying along any watercourse or stream, pursuant to the provisions of Part 5, Act 451, P.A. 1994, as amended, MCL 324.503, as amended."*

Additionally, the State may, in its discretion, reserve the mineral rights to offered property as follows:

- *"Saving and excepting and always reserving unto the said State of Michigan, all mineral, coal, oil and gas, lying and being on, within or under the said lands whereby conveyed, except sand, gravel, clay or other nonmetallic minerals with full and free liberty and power to the said State of Michigan, its duly authorized officers, representatives and assigns, and its or their lessees, agents and workmen, and all other persons by its or their authority or permission, whether already given or hereafter to be given at any time and from time to time, to enter upon said lands and take all usual, necessary, or convenient means for exploring, mining, working, piping, getting, laying up, storing, dressing, make merchantable, and taking away the said mineral, coal, oil and gas, except sand, gravel, clay or other nonmetallic minerals."*

If the State does not reserve mineral rights as described above, the State may nonetheless restrict the severance of mineral rights from offered property as follows:

- *"This conveyance hereby restricts the Grantee from severing oil, gas, mineral and other subsurface rights from the surface rights any time in the future. If the Grantee severs the subsurface rights from the surface rights, the subsurface rights will revert to the State of Michigan."*

3. Bidding

A. Overview

Generally, each sale unit will be offered separately and in the order appearing on the attached list. Sales are typically conducted both online and live on-site, simultaneously. The sale will be awarded to the individual bidding the highest amount equal to or greater than the starting bid by either method. Typically, the auctioneer will make available a list of parcels prior-to-sale and will provide an opportunity for on-site bidders to designate "parcels of interest" prior to the start of the sale. The auctioneer may skip over those parcels upon which no party has placed an online bid or designated as a parcel of interest prior to the start of the sale. **Parcels that do not have online bids and that have not been designated as parcels of interest prior to the start of the sale and in the manner prescribed by the auctioneer are not guaranteed to be offered.** The auctioneer, in their sole discretion, may offer a second request round of unsold parcels after the first round of bidding has been completed at the minimum bid sale only. Such second request round will be available to those online and on-site bidders as may be in attendance at that time.

B. Starting Bid Price

The starting bid prices are shown on the list included in the sale book. At auctions with a minimum bid, no sales can be made for less than the starting price indicated. The starting bid for no-minimum-bid sales will be at the discretion of the FGU or auctioneer.

However, any person who held an interest in a property offered for sale at the time a judgment of foreclosure was entered against such property **must pay at least minimum bid** for such property even if purchased at a no-minimum auction.

C. Bid Increments

Bids will **only** be accepted in the following increments:

<u>Bid Amount</u>	<u>Increment</u>
\$100 to \$999	\$ 50.00
\$1000 to \$9999	\$ 100.00
Over \$10,000	\$ 250.00

Floor bidders MUST bid in the same increments as online and absentee bidders. **We will not accept irregular bid increments** in fairness to online and absentee bidders.

D. Eligible Bidders

Any person who meets the following requirements may register as a bidder and receive a pre-numbered bid card:

- The person does not directly or indirectly hold more than a *de minimus* legal interest in any property with delinquent property taxes which is located in the county in which the person intends to purchase property.
- The person is not directly or indirectly responsible for any unpaid civil fines for a violation of any ordinance, including but not limited to any ordinance authorized by section 4I of The Home Rule City Act, 1909 PA 279, as amended, MCL 117.4I, in the local tax collection unit in which the person intends to purchase property.
- The person has not been banned or otherwise excluded by the FGU from participation in the public sale.

Any person unable to attend the sale can be represented at the sale by an agent or other representative with authority to bid and otherwise represent the person. However, any party utilizing an agent to bid on their behalf must still meet the above listed requirements. **The registered bidder is legally and financially responsible for all parcels bid upon whether acting on their own behalf or as the agent of another.**

E. Absentee Bidding

Absentee bids will be accepted in increments up to the amount that you pre-approve. Absentee bids require a \$1,000 pre-authorization on a major credit card or a \$1,000 deposit before the bid will be accepted. Absentee bids must be submitted 48 hours prior to the date of the auction by calling 1-800-259-7470. An absentee bid form is also available on www.tax-sale.info. Additionally, absentee bids may be submitted up until one hour before the sale if submitted online.

F. Online Bidding

On-line bidding will be available on the day of the auction at www.tax-sale.info.

G. Bids are Binding

An oral bid accepted at public auction is a legal and binding contract to purchase. No sealed bids will be accepted and the FGU reserves the right to reject any or all bids.

H. Limitations on Bidding

The FGU and auctioneer reserve the right to limit the number of bids placed per auction for any bidder or group or bidders for any reason.

I. Attempts to Bypass These Rules and Regulations

The FGU and auctioneer reserve the right to reject the bids of any bidder who appears to be acting on behalf of another person who is ineligible to bid on their own.

4. Terms of Sale

A. Payment

- **Live On-Site Bidders**
 - **The full purchase price must be paid in full on the day of the sale, within half an hour of the end of the Auction.** No purchases can be made on a time-payment plan.
 - **NO CASH** will be accepted.
 - If the total purchase price is **less than \$1,000.00**, full payment may be made by certified check, personal check, money order, Visa, MasterCard, or Discover.
 - If the total purchase price is **greater than \$1,000.00**, a portion of the total purchase price must be paid by **certified funds** as follows:
 - If the total purchase price is **greater than \$1,000.00 but less than \$50,000.00**, **the first \$1,000.00 must be paid in certified funds.**
 - If the total purchase price is **\$50,000.00 or greater**, **the first \$5,000.00 must be paid in certified funds.**
 - **Any remaining balance** beyond the required certified funds may be paid by certified check, personal check, money order, Visa, MasterCard, or Discover.
- **Online & Absentee Bidders**
 - **The full purchase price must be paid in full WITHIN 5 DAYS OF THE SALE.** Payment may be made by certified funds, money order, Visa, MasterCard, Discover, or wire transfer. No purchases can be made on a time-payment plan.
 - Online and absentee bidding require a \$1,000 pre-authorization on a Visa, MasterCard, or Discover credit card or a \$1,000 deposit before any bids will be accepted. Buyer's failure to consummate an online or absentee purchase will result in the forfeiture of this \$1,000.

The full purchase price consists of the final bid price *plus* a buyer's premium of 10% of the bid price, any outstanding taxes due on the property including associated fees and penalties, and a \$30.00 deed recording fee. **Any portion of the purchase price paid by credit card will be assessed an additional fee of 2.75%.**

B. Refund Checks

In some instances it may be necessary to refund to a buyer some or all of the payment tendered by such buyer. This can occur, for example, when a buyer tenders certified funds in an amount greater than their total obligation or if the sale is cancelled under any provision of these Rules and Regulations. Refund checks will be processed and mailed to buyer within approximately ten days of the time such refund becomes due to buyer. Buyer shall cash such refund check within 90 days of the date listed on such refund check. If buyer fails to cash such refund check within 90 days, such refund check shall become void and buyer shall forfeit any refunded amount.

C. Dishonored Payment

A buyer whose payment is dishonored for any reason will forfeit any purchase price paid as follows:

- A buyer whose total purchase price was less than \$1,000.00 will forfeit any portion of the total purchase price tendered and not dishonored including any credit card chargebacks which are successfully reversed by Seller.
- A buyer whose total purchase price was greater than \$1,000.00 will forfeit that portion of their total purchase price which was required to be tendered in certified funds as required by part 4A above.

Furthermore, the FGU may seek to prosecute any buyer whose payment is dishonored or who fails to consummate a purchase.

Any buyer who fails to consummate a purchase will be banned from bidding at all future land auctions. The venue for litigation or arbitration resulting from any disputes or matters involving or arising out of bidding or purchases, whether online or on-site, shall be fixed as Kalamazoo County in the State of Michigan.

The buyer's premium is not subject to any broker fees. There are no co-brokerage or other fees or rebates available.

D. Eligible Buyers

In order to take title to purchased property, each party that will be listed on the deed must meet **ALL of the following requirements at the time their winning bid is accepted:**

- i. The party does not directly or indirectly hold more than a *de minimus* legal interest in any property with delinquent property taxes which is located in the county in which the purchased property is located
- ii. The party is not directly or indirectly responsible for any unpaid civil fines for a violation of any ordinance, including but not limited to any ordinance authorized by section 4I of The Home Rule City Act, 1909 PA 279, as amended, MCL 117.4I, in the local tax collection unit in which the purchased property is located.
- iii. The party is not purchasing, for less than minimum bid, any property in which the party held an interest at the time a judgment of foreclosure was entered against such property nor is the party purchasing property, for less than minimum bid, on behalf of any other party who held such an interest.

At the time payment is tendered after the auction, the buyer will be required to execute an affidavit affirming, **under penalty of perjury**, that each party that the buyer desires to have listed on the deed to purchased property meets the above requirements.

The FGU **will not issue a deed** and the sale will be canceled if the buyer did not meet the above requirements at the time their bid was accepted, the buyer fails to execute this affidavit, or if any affirmations made in this affidavit are untrue. If the FGU is forced to cancel any sale due to the buyer's noncompliance with this provision, the buyer will **forfeit the first \$350 paid** on each parcel and any buyer's premium paid as liquidated damages for breach of contract by the buyer. Furthermore, the FGU may pursue **CRIMINAL PERJURY CHARGES** against any buyer who makes a false affirmation on the affidavit required under this or any other provision of these Rules and Regulations.

E. Sale to Entities

In order to ensure that individuals do not utilize legal entities to circumvent the sale and ownership restrictions contained in MCL 211.78m(2), the FGU will only sell property to legal entities under certain circumstances. Any buyer desiring to deed a purchased property to a legal entity must disclose the name and address of all officers, shareholders, partners, members, or other parties, regardless of title, who own any portion of that entity. However, such disclosure will not be required if one or more of the following exceptions are applicable:

- The Entity held a prior recorded interest in each purchased property.
- The Entity is a division, agency, or instrumentality of federal, state, or local government.
- The Entity is a Homeowners Association, Condo Association, or other such organization that exercises control over each purchased property.
- The Entity is a publicly traded company listed on a national securities exchange.
- The Entity is a nonprofit corporation and is qualified as tax exempt under IRC §501.

At the time payment is tendered after the auction, any buyer desiring to deed a purchased property to a legal entity will be required to execute an affidavit affirming, **under penalty of perjury**, that the entity is exempt from disclosure under one of the five exceptions listed above, or in the event that no exception is applicable, the names and addresses of all parties owning any portion of that legal entity.

F. Cancellation Policy

The FGU reserves the right **TO CANCEL ANY SALE, AT ANY TIME, FOR ANY REASON** prior to the issuance of the deed.

G. Property Transfer Affidavit

It is the responsibility of the buyer to file a **Property Transfer Affidavit** with the *assessor for the city or township* where the property is located **within 45 days of the transfer**. If it is not timely filed, **a penalty of \$5/day (maximum \$200) applies**. The information on this Property Transfer Affidavit is NOT CONFIDENTIAL.

5. Purchase Receipts

Successful bidders at the sale will be issued a receipt for their purchases upon payment. This receipt does not convey an interest in title to the purchased property unless and until a deed has been issued and recorded. Buyers will be entitled to deeds for the property descriptions identified by the sale unit numbers noted on the receipt unless the sale is cancelled under these Rules and Regulations or other statutory authority.

6. Title Being Conveyed

Quit-claim deeds will be issued conveying **only such title as received by the FGU through tax foreclosure**. Title insurance companies may or may not issue title insurance on properties purchased at this sale. The FGU makes no representation as to the availability of title insurance and the **unavailability of title insurance is not grounds for reconveyance to the FGU**. The purchaser may incur legal costs for Quiet Title Action to satisfy the requirements of title insurance companies in order to obtain title insurance.

7. Special Assessments

Special assessment installments through the most recent tax year are included in the starting bids. Seller has attempted to identify those parcels subject to special assessments with a note on the parcel detail page. Parcels sold are subject to property taxes for the entire current tax year, as well as current and future installments of any outstanding bonded assessments. All bidders should contact the appropriate city, village, or township offices to determine if there are any outstanding bonded assessments for future tax years on the properties being offered.

8. Possession of Property

A. Possession Pending Deed Delivery

It is recommend that the buyer DOES NOT take physical possession of any purchased property until a deed has been executed and delivered to the buyer. The buyer risks financial loss for any improvements or investments made on purchased property *before the delivery of a deed* in the event that the Foreclosing Governmental Unit exercises their right to cancel the sale. Until the buyer receives a deed, no activities should be conducted on the site other than:

I. Securing the Property

Buyer should take steps to protect their equity in purchased property **by securing vacant structures against entry and obtaining (homeowners) insurance for occupied property**. Buyer is responsible for contacting local units of government **to prevent possible demolition of structures situated on purchased property**.

II. Assessing Potential Contamination

Buyer may immediately wish to conduct a Baseline Environmental Assessment (BEA) to assess the condition of potentially contaminated properties. More information about BEAs can be found at http://www.michigan.gov/deq/0,4561,7-135-3311_4109_4212---,00.html

B. Occupied Property

Buyers will be responsible for all procedures and legal requirements for conducting evictions. Occupants of purchased property should be treated as tenants holding over under an expired lease. This means that legal eviction and/or possession proceedings will be necessary to effectuate control over such property if occupants will not otherwise leave voluntarily. You may wish to consult a licensed attorney for additional guidance.

9. Conditions

The purchaser accepts the premises in its present "as is" condition, and releases the Foreclosing Governmental Unit and employees and agents from all liability whatsoever arising from any condition of the premises, whether now known or subsequently discovered, including but not limited to all claims based on environmental contamination of the premises.

A person who acquires property that is contaminated (a "facility" pursuant to Section 20201(1)(1) of Natural Resources and Environmental Act (NREPA), 1994 P.A. 451, as amended) as a result of release(s) of a hazardous substance(s) may become liable for all costs of cleaning up the property and any other properties impacted by the release(s). Liability may be imposed upon the person acquiring the property even in the absence of any personal responsibility for, or knowledge of, the release. Protection from such liability may be obtained by conducting a Baseline Environmental Assessment (BEA) as provided for under Section 20126(1) (c) of NREPA. However, the BEA must be conducted prior to or within 45 days of the earliest date of purchase or occupancy of the property. Persons who acquire contaminated property may have "due care" obligations under Section 20107a of NREPA even if they conduct a BEA and are not liable for the contamination.

Pursuant to part 201 of NREPA, the person(s) responsible for an activity causing a release at the property is obligated to pursue response activities at the property. Consequently, the non-liable purchaser may be required to provide access to the liable party to conduct response activities at the property in the future. Section 20116 of the NREPA requires that a person who has knowledge that their property is contaminated provide a written notice to the purchaser or other person to whom the property is transferred which discloses the general nature and extent of the release. Additional disclosure obligations may also apply at the time the property, or an interest in the property, is transferred. Accordingly, the Foreclosing Governmental Unit recommends that a person who is interested in acquiring property at this auction contact an attorney or an environmental consultant for advice prior to the acquisition of any property that may be contaminated.

10. Deeds

A. Deed Execution and Delivery

All monies collected will initially be deposited in escrow. Once payment is cleared and verified, funds will be disbursed to the FGU and deeds will be executed and recorded as required by law. The FGU will deliver the deeds to the Register of Deeds for recording and remit them to the buyer after recording is complete. IT CAN TAKE 6 TO 8 WEEKS FOR DEEDS TO ARRIVE. PLEASE BE PATIENT.

B. Restrictive Covenants

Some counties sell properties with deed covenants that will attach to the property. These parcels will be noted online, along with the terms being required. **Please carefully review the information for each specific parcel to make sure you understand the terms of sale.**

11. Property Taxes & Other Fees

All property taxes and associated fees that have accrued on or after April 1 in the year that a property is auctioned must be paid **at the time of checkout** after the auction along with the final bid price, buyer's premium, and deed recording fee.

Furthermore, please understand that the **buyer is responsible for all other fees and liens that accrue against a property on or after April 1 in the year that a property is auctioned.** These items are not prorated. They include, but are not limited to municipal utility or ordinance fees, and condo or property owner association fees or dues. This can also include demolition and other nuisance abatement costs. These fees and expenses **are not collected at the auction** and must be paid by the buyer after taking title to any purchased property which is subject to such fees and expenses.

12. Other

A. Personal Property

Personal property (*items not attached to buildings and lands such as furnishings, automobiles, etc.*) located on offered property or within structures situated on offered property was not taxed as part of the real estate, does not belong to the FGU, and is not sold to the buyer of the real estate in this transaction. You are advised to contact former owners of any purchased property and provide them an opportunity to reclaim contents. A certified and first class mail notice to their last known address is strongly advised. It is your responsibility to identify and properly handle items of personal property. Seller makes no representations or warranties as to the presence of personal property or as to the legal requirements for dispensing with such property.

Mobile Homes may be titled separately and considered personal property. It is the buyer's responsibility to determine the legal status of any mobile home located on purchased property. A useful first step could include determining whether an Affidavit of Affixture of Manufactured Home has been executed and recorded as outlined in MCL 125.2330i.

B. Mineral Rights

You will receive any and all title that the FGU obtains via their tax foreclosure through a quit-claim deed. If the owner of the surface rights to the property also owned the mineral rights, those will become part of your title interest. However this will be subject to the rights of any outstanding leaseholders of oil, gas, mineral or storage rights. You would be obligated to honor the balance of any remaining lease (with automatic renewals if so written). However if the mineral rights have been severed (split from the surface rights) and are owned by a third party, they have not been foreclosed by the FGU and are not included in the mineral rights conveyed to you. In either instance, the leaseholder still has the right to explore for and/or extract minerals under the terms of any outstanding agreement.

C. Applicability of These Rules and Regulations

All sales are subject to these Rules and Regulations. Furthermore, additional terms and conditions which apply to one or more specific auction lots may be printed in the auction sale booklets and/or online at www.tax-sale.info ("**Additional Terms**"). If such Additional Terms apply, they will be listed under the heading "Additional Terms and Conditions" on the online lot description page and/or in the printed sale book for the lot(s) to which they apply. Such Additional Terms, if existing, shall be considered a part of these Rules and Regulations for the specific auction lots to which they apply. In some cases, the auctioneer is required to relate certain information orally on the day of sale when it is not possible to include such information in the printed sale booklets or in these Rules and Regulations ("**Oral Terms**"). In such a situation, the auctioneer will clearly state that they are relating an additional condition of sale which either has not been previously printed or which modifies some portion of these Rules and Regulations. If the auctioneer makes such a specific announcement, the Oral Terms shall take precedence over these Rules and Regulations where applicable. Finally, additional conditions are included on the printed auction receipt given to the buyer at the time of checkout ("**Terms of Sale**"). All sales are subject to these Terms of Sale as well. These Rules and Regulations, Additional Terms, Oral Terms, and Terms of Sale are intended to be compatible. To the extent that a conflict arises between any of these sources, they shall be interpreted in the following order of priority: Oral Terms, Additional Terms, Terms of Sale, Rules and Regulations.

These Rules and Regulations are subject to change at any time and should be reviewed frequently.

NOTE: Please review the terms at the top of each online catalog and the addendum pages in the printable sale books for county-specific purchase terms. Failure to follow the specific rules posted for each county could result in a cancellation of the sale and the retention of part or all of the purchase proceeds by the FGU.

	<p>(1 of 6) Parcel ID: 043-085-000-024-00; Legal Description: THUNDER BAY VILLAGE SUB LOT NO 24 Comments: This is a group of parcels being sold as a "bundle" in the Thunder Bay Village plat near the Thunder Bay River in Maple Ridge township. These parcels have extremely high water tables, and will not support onsite septic systems and have other physical issues making them generally unbuildable. Past experience indicates that these parcels have a very high rate of tax default reversion if sold to speculators, so they are being conditionally offered ONLY to parties that already own adjacent lands and who are current to Winter 2018 in the payment of their property taxes on all parcels in the auction group (4 counties). Bids will only be accepted from purchasers that meet that qualification as the condition of sale, and only the parcel adjacent to their current holding(s) will be conveyed. If you are an adjacent property owner and wish to have one of these parcels removed from the bundle for bidding, please advise the auction house or the office of the Alpena County Treasurer at least FIVE BUSINESS DAYS prior to the sale so that the parcel may be scheduled for individual bidding. Any bids placed by parties not so qualified will be canceled, no deed issued, and their purchase price FORFEITED as penalty for misrepresentation of material fact. Swamp Lot;</p>	WINYAH DR ALPENA;

Purchaser will be required to furnish a personal guarantee and cash surety in the amount of \$50,000.00 (the "Surety") to ensure the demolition and remediation of the offered property to a safe and debris-free condition. Certified funds in the amount of the Surety shall be deposited with seller or its designee within 5 days of the auction. If the Surety is not presented within 5 days of the auction, the sale shall be canceled for non-performance without refund. Purchaser must present a plan to seller within 60 days of the auction which includes a cost estimate and timeline for the demolition of all structures located on the offered property by a licensed and insured contractor. Such plan must be approved by seller at seller's sole discretion prior to the commencement of demolition and remediation activities. Such demolition and remediation shall be completed within six months of the date of the auction. Demolition shall be considered complete upon certification of seller and at seller's sole discretion. The Surety shall be applied to the costs of demolition and remediation in accordance with the approved plan. Any costs incurred over and above the Surety are the sole responsibility of purchaser. Any Surety which remains after seller certifies the satisfactory completion of all demolition and remediation activities shall be returned to purchaser. If purchaser fails to comply with any of the terms and restrictions stated herein, they shall forfeit the Surety to seller. It is on the corner of Lindburg Dr and 63rd Place and is mostly grassy with a handful of trees on the West portion. This is an interesting house. The best way I can describe it is that they started with the basement and instead of building the next floor they just put a roof on it. You need to walk down some steps in order to get to the front door. There is a doorway on the outside that leads to the attic area. There is a lot of debris on the outside of the property (including glass use caution). Block foundation looks sound. The ceiling has been ripped down in most of the rooms revealing the wood rafters/struts. There looks to be some localized roof issues. For that reason the county is requiring a performance bond to ensure this is completed. Purchaser will be required to furnish a personal guarantee and cash surety in the amount of \$25,000.00 (the "Surety") to ensure the demolition and remediation of the offered property to a safe and debris-free condition. Certified funds in the amount of the Surety shall be deposited with seller or its designee within 5 days of the auction. If the Surety is not presented within 5 days of the auction, the sale shall be canceled for non-performance without refund. Purchaser must present a plan to seller within 60 days of the auction which includes a cost estimate and timeline for the demolition of all structures located on the offered property by a licensed and insured contractor. Such plan must be approved by seller at seller's sole discretion prior to the commencement of demolition and remediation activities. Such demolition and remediation shall be completed within six months of the date of the auction. Demolition shall be considered complete upon certification of seller and at seller's sole discretion. The Surety shall be applied to the costs of demolition and remediation in accordance with the approved plan. Any costs incurred over and above the Surety are the sole responsibility of purchaser. Any Surety which remains after seller certifies the satisfactory completion of all demolition and remediation activities shall be returned to purchaser. If purchaser fails to comply with any of the terms and restrictions stated herein, they shall forfeit the Surety to seller. Seller has the unilateral right to accept, reject or require modification to the Surety prior to its acceptance by seller. Purchaser has NO RIGHT TO POSSESSION or entry upon the offered property until seller executes and records a deed conveying the offered property to purchaser. This sale includes TWO lakefront lots with tremendous bluff views of this sandy bottomed lake. This foreclosure was legally contested in 2018 and the county prevailed, so title is cleared. The cottage has two small bedrooms and is spartan in design. A tremendous weekend place! There has been a lot of excavation done on these lots, perhaps with the thought of making an access drive to the lake ... it is incomplete. The soils here are very well drained sand and gravel. WE assume there is a well and septic here, but did not located them during our visit. PLEASE BE AWARE that the former owner still has a residence NEXT DOOR and you should limit your visits to the grounds and exterior. They still have personal property inside this cottage and you might get some feedback if you are found inside. This is a tremendous opportunity for purchase a delightful little summer cottage on a pristine UP lake! There is an active owners association here that includes maintaining the private roads. We assume there are fees and bylaws that you will want to locate and review. (900-007-00) Comments: Midcentury block construction bar and restaurant building in Garden. Wood frame addition. Steel siding in places with a faux log facade on the street side. What IS here: Bar, walk-in-cooler and compressor. Vent hood with make-up and and Ansul suppression system. 200A electric service. What is NOT here: liquor license (never ever included in our tax sales, but the last owner may have it for sale), the furnace (probably sold?) and most anything that could be carried off. We're guessing they had a big yard sale before they left and sold whatever they could. So it's pretty much a blank slate. Summer Tax Due: \$539.82</p>	6294 STATE ST GARDEN;	\$100

The roof looks "okay" (for now), but we can surmise that the plumbing froze under the bathroom, as the floor is weak ... and it has mushrooms growing there (not morels, unfortunately ..) . So if you're willing to crawl underneath and fix it, this might be what you're looking for. Repair needed around the side door and the sheds need roofs. It appears they vacuumed and took the garbage with 'em when they left. Summer Tax Due: \$398.74</p>	23 PARKWAY DRIVE GLADSTONE;	\$100

This could be YOUR junkyard! Comes complete with standing water containing tires, chemical drums, fuel tanks, rubbish, mobile homes and everything else imaginable. Curiously, this is NOT listed on the DEQ/DNRs list of contaminated sites (yet). It's even fenced in with barbed wire so that no one steals any of it! The good news is that it's only 3 acres. Does this qualify as "waterfront?" We seriously advise anyone considering a bid to have a baseline environmental assessment done immediately upon purchase to prevent yourself some major issues later on. 2520	<p>This lot is a "bundle" comprised of 26 parcels</p> <p><i>(1 of 26) Parcel ID:</i> 03-17-500-200; Legal Description: SEC. 32 T48N R46W UNIT 2. POWDERMILL INN CONDOMINIUM ASSN. Comments: Powdermill Creek Resort and Conference Center is, (in theory), a nightly lodging provider in the Big Powderhorn Mountain ski area. In its more recent incarnation, it has been mostly a transient housing and monthly rental debacle mixed with full-time residency. Not much "resort" traffic here in some time. In the original design, this was a mini-resort of 50ish hotel type rooms and mini-townhouses, with several bars, food service operations and an indoor pool, in close proximity (but independent of) the nearby Big Powderhorn Mountain ski operations. The pool, bars and food service have not been open for business in many years on a regular basis. There is no liquor license currently associated with this property, and most of the rooms that are included in this offering are vacant and need work. There are roughly 54 residential units in this property, and we are offering 25 PLUS the "core" unit which comprises the bar, food service and recreational areas of the building as a single package. We are offering 15 main floor units, 7 second floor (cathedral ceiling) units, and the "core" food and beverage units. For general reference, please see : https://powdermillresort.blogspot.com/ Be aware that there is a dedicated community that individually own the remaining units here, many of whom have been doggedly pursuing POA duties and goals for many years. In addition to association fees for maintenance of the property, these units are also subject to a SPECIAL ASSESSMENT for a water/sewer district improvement. AS A CONDITION OF SALE, the seller is requiring the purchaser to pay the entire balance of the special assessment (\$21,142.40) for all units being sold IN FULL prior to issuing a deed. This amount is included in the tax amount listed on this lot. This is an exciting opportunity for an experienced and well financed developer to acquire a great ski lodging opportunity at a bargain price. Contact he Gogebic County Treasurers office or the auction house for complete details on this opportunity. We've had this one a couple of times before when it was occupied. This time it's vacant, and it's condemned. We're told by locals that there is high water table here, and the USGS topo maps certainly reinforce that by indicating there is swamp right out back. The Presque Isle River is just a couple hundred feet to the east. The condemnation is probably from a combination of a bad roof and we assume that the septic system here probably is waterlogged part of the year and needs redesign. Curiously, there is very little interior damage from the roof. The house seems fairly straight and solid other than weak floors in the back porch entry. It does have potential if one were to re-roof it (which will require some replacement of eave materials as well) and a new septic most likely. It IS condemned, so contact the village code enforcement people (probably the county building inspector) and make sure you know what you're dealing with before bidding. Two bedrooms on the main floor. 2 more upstairs with 2 walk-thru rooms and a large common area/playroom/study at the rear. This is an old time northern cabin-in-the-woods. Located less than a mile from the LVD Casino in Watersmeet. The floors slope and sway a little bit, but they've probably been like that for decades. Five bedrooms and a bath up, and half bath on the main floor. Formal dining room. Roof is not old, but has missing shingle. It's not overtly leaking, but that should be fixed. The issue here is the foundation, it has caved into the basement under the left side of the front porch, and there are two other spots along the west wall that have substantial deflection and cracking. The entire east foundation wall has been replaced with concrete block already, and that appears to be holding its own. The siding is weatherbeaten and a fresh vinyl surface would help a great deal. Gambrel style roof that appears to be in older, but generally good condition. There is an exterior porch that has been enclosed (not good workmanship) that could be cute if restored. Inside, she's a dirty girl. It's a combination hoarder/pet abused home. Its got a lot of charm and architectural authenticity, but first you have to empty out all the crud and give it a good cleaning. It appears that it's got nice wood floors and trim (unpainted) and the ceilings and floors are in great overall condition. No heaving or dips noticed in floors. It all just really really dirty and layered in trash and animal feces. The basement was not accessible because of rubbish in the way, but we could not see any flood issues down there, just more garbage. The electric service is down and will need to be restored. PLEASE NOTE: There are two driveways here. The one that is most visible (gravel) is NOT on this property. Please don't use it. The driveway for this property is to the LEFT of the gravel drive, and is grassy. This is an older trailer with a BAD SEPTIC and the last occupants were evicted and the property condemned for that reason. You cannot occupy it until you put a new one in. Check with the Houghton County Health Department to determine how and IF you can do that. The west property boundary is about SIX INCHES from the hitch on that trailer. None of the other buildings or things are on this property. Just the mobile and old white abandoned car. Property is 208' x 208' in size. Mobile roofover full of junk and some raw garbage. Use your imagination ... you'll be pretty close. Sanitation Issues And Garbage;</p> <p><i>(2 of 4)</i> Parcel ID: 041-128-004-00; Legal Description: LOTS 4 & 5 BLK 18 VILL OF CALUMET. 	<p>the stripping, resurface and upgrade the mechanicals, add a few new windows and it can be yours at a great price. This house is fairly small ... about 15 feet wide x 30 feet. Foundation appears serviceable. Has a gaping hole in the side where they removed windows to pitch stuff onto the lawn (no dumpster?). Furnace is older but probably still serviceable. Ancient electrical needs an upgrade. They started plumbing with some Pex, but its very amateur and you'll wanna redo it. Roof is mid life and should be good for a bit. The curb appeal is not good here, but this one actually has potential. Incomplete Construction;</p> <p>(4 of 4) Parcel ID: 045-123-008-00; Legal Description: LOT 8 BLK 23 1ST ADD TO SOUTH RANGE. Comments: Suspected meth lab. Someone was "cooking" in the basement and things got out control. House go BOOM. Now it has soot and contaminant all over, and will need to be emptied out and then certified clean before you can start rehabilitation. The roof here is in DIRE need of replacement, especially on the left rear. It's causing issues in the kitchen area already and will spread. This was (and could again be) a classic cape cod with some nice architectural detail worth preserving. Three bedrooms, one down two up. Lots of busted (blown out) windows. Collapsed garage. Debris. No extra charge.</p>			
2718	<p>Summer Tax Due: \$2,884.38 Parcel ID: 006-360-032-00; Legal Description: SEC 25 T55N R34W LOT 32 ASSESSOR'S PLAT OF LOWER PEWABIC. Comments: Parcel is on a gravel county road. There is a small pile of rubble on or near this lot (can't be sure) that may have been a structure ... but it's not any more! Brushy, level dry lands. There is power near here but it's not right at the roadfrontage ... so there may be some cost to extend it here. Summer Tax Due: \$67.38</p>	SOUTH ST HANCOCK;	\$100	

2722	<p>This lot is a "bundle" comprised of 2 parcels</p> <p><i>(1 of 2)</i> Parcel ID: 009-165-001-00; Legal Description: LOT 1 BLK 15 TAMARACK CITY. Comments: Note: Purchase of this lot requires a performance bond of \$25,000 to ensure demolition of the collapsing smaller building. This sale includes two parcels of land. One is vacant (access/parking) and the other has two buildings on it. One is a nearly move-in ready home, and the other was probably commercial at one time and needs to be demolished. The home is clean, straight and could be one of the most "ready to use" homes in the Houghton County sale this year. It is a modified 4-square design featuring three bedrooms and a bath up, and a full basement with interior and exterior entrances. It has great attic access for extra storage or development. The furnace and water heater are merchantable, though the water heater has odd damage to the jacket which we have not seen before and does not appear to be freeze damage. This home has been well maintained for many years and has little to be done other than decor change as an option. The roof is older but serviceable. The basement walls could stand a coat of thorseal, but they're solid. Building number two, on the other hand, needs to come down. The rear portion has collapsed, access to the second floor is treacherous, and we did not examine it closely because it's just simply a basket case and needs to go. It is separately described. There is also a full, vacant lot to the west that serves as access and parking for the home. This tax parcel ID and SEV is for the vacant lot. The PID# and SEV for the two buildings is the next description. Purchaser will be required to furnish a personal guarantee and cash surety in the amount of \$25,000.00 (the "Surety") to ensure the demolition and remediation of the offered property to a safe and debris-free condition. Certified funds in the amount of the Surety shall be deposited with seller or its designee within 5 days of the auction. The rear addition to this building has collapsed and has been that way for a while. 2729	Parcel ID: 014-432-010-00; Legal Description: LOTS 10 & 12 BLK 2 PLAT OF NORTH GROVER. Comments: Older frame construction with faux brick siding. Stone foundation. The rear porch has collapsed into its foundation, but it's independent of the main structure and could be removed. Inside it's generally straight, but really grubby and full of junk. Probably a good solid 30 yard dumpster worth between inside and out (and the basement). The kitchen floor has a hole in it and the basement stairway is treacherous. With a resurfacing and new mechanicals and windows, this could be restored. Has a newer steel roof. There is leak damage inside ... but we assume that is old damage from before the roof was replaced. The electrical and plumbing here are both garbage and will need an overhaul. Summer Tax Due: \$405.19	26948 W 22ND ST HUBBELL;	\$100	
2730	Parcel ID: 041-104-005-20; Legal Description: W 33' OF LOT 5 BLK D & W 2' OF S 32' OF E 85' OF LOT 5 BLK D VILL OF CALUMET SURFACE ONLY. Comments: This home is in need of a roof sooner rather than later ... and the rear porch and garage should be removed, but it is structurally straight and generally solid. The issue here is the SMELL. Several theorize that it's "dog poop" scent, but our experience blends dog poop, raw sewage and food garbage into the mix for this one. It will probably require a professional fumigation/cleaning (ie: ServiceMaster etc) to really efficiently manage it. We assume it'll be really ripe by August. We would consider this a shell in need of a total rehab because of the odor and general surface conditions indoors. It still contains linotype and offset presses from that era. Since then the building appears to have been used for storage and snowmobile repair. The roof here has been leaking for some time, and as such the county is requiring the purchaser to demolish this property after purchase. Purchaser will be required to furnish a personal guarantee and cash surety in the amount of \$100,000.00 (the "Surety") to ensure the demolition and remediation of the offered property to a safe and debris-free condition. Certified funds in the amount of the Surety shall be deposited with seller or its designee within 5 days of the auction. If the Surety is not presented within 5 days of the auction, the sale shall be canceled for non-performance without refund. Purchaser must present a plan to seller within 60 days of the auction which includes a cost estimate and timeline for the demolition of all structures located on the offered property by a licensed and insured contractor. Such plan must be approved by seller at seller's sole discretion prior to the commencement of demolition and remediation activities. Such demolition and remediation shall be completed within six months of the date of the auction. Demolition shall be considered complete upon certification of seller and at seller's sole discretion. The Surety shall be applied to the costs of demolition and remediation in accordance with the approved plan. Any costs incurred over and above the Surety are the sole responsibility of purchaser. Any Surety which remains after seller certifies the satisfactory completion of all demolition and remediation activities shall be returned to purchaser. If purchaser fails to comply with any of the terms and restrictions stated herein, they shall forfeit the Surety to seller. Seller has the unilateral right to accept, reject or require modification to the Surety prior to its acceptance by seller. Comments: Well built small 2 bedroom home with detached 2 car garage in Crystal Falls. The biggest issue with this one is a water damage from a frozen plumbing incident in the bathroom upstairs. It'll need new flooring in the living room area and some drywall work. The front portion of the house is quite old, with the floor joists actually being logs. It has a more modern one story addition on the rear that is the kitchen. The roof is oooooold and in need of a replacement sooner rather than later. It is not leaking, yet. But it's gonna for sure before long. The siding also could use some attention, and it appears the walls have been insulated in the past. Nice wood floors, two bedrooms on the main floor plus a walk-up second level that offers storage or more sleeping space (low ceilings though). One car detached garage. Old 60A electric service has been dropped by the utility company. This one won't take a lot to make visually appealing. Really nice lot in a quiet neighborhood. Modern furnace and water heater. Home has a bad foundation, especially at the west (one story) side, which has permitted entry by the creepy crawlers. From there they made their way into the attic and the other half of the house, which is boarded off. This home has potential, but you'll need to address the foundation issue, get rid of the critters, and probably put on a new roof while you're at it. UPPCO has dropped the power service. This home is a project-in-progress. The exterior is mostly done, but the interior has been stripped to the shell and that's where it stalled. No plumbing, not much wiring (service dropped by UPPCO), no stairway to the second floor. The other major factor at play here is the foundation. There is noticeable deflection on the west wall (under the deck) with two horizontal stress cracks in the basement, and there is a buttress wall in the basement against the east wall that itself has failed. This foundation is not in immediate danger of collapse, but it will be at some point. The home probably needs to be raised or stress taken off the foundation while it is replaced. The structure itself is straight and solid. Foundation Issues; Incomplete Construction;</p> <p>Summer Tax Due: \$886.27</p>	426 JASPER ST IRON RIVER;	\$100

The property is fenced in by a mixture of wooden and chain linked fencing. The siding of the house and garage could use a cleaning, but overall look to be in good condition. Broken pallets and cement pieces were scattered in the back. The house looked mostly clear, apart from a few pieces of furniture. One of the bedrooms is downstairs with nice hardwood floors and a connecting half bathroom. Leading to the side porch is a utility room with washer/dryer hookups. Upstairs has the two remaining bedrooms, a full bath and a spare room. The bathroom has a Jacuzzi and standing shower. Both bedrooms have sliding mirror doors for the closets. The spare room has cathedral ceilings with unfinished sunroof windows. The garage had some debris in it. The garage door was dented but still on its tracks and faces out to the alley in the back. Found in a nice busy section of Westnedge. Block foundation looks sound. Paved drive runs along the side of the building and leads the the back of the building. There is ample parking and a two car garage built into the building. The ceiling on the main floor is falling in. Was wet with some mold starting to form. The structure as a whole looks strong but there has been some "remodeling?" that was never finished. The walls have been stripped to show the studs. Some of the ceilings have fallen in do to some water leakage. Very large building. The second floor was built for living quarters. There was a fireplace with Three bedrooms and one bathroom. The roof will need repairs before the building can be renovated. There was debris throughout the entire building that will need to be cleaned out. This building has a lot of potential. 89DEG58MIN45SEC W 66FT TO BEG **Comments:** The parcels in this sale unit are grouped, ("bundled") as permitted by MCL 211.78m. Many of these include structures which contain lead based paint. Some may contain asbestos. Many are in various stages of disrepair or collapse and are considered dangerous buildings and attractive nuisance. Some may be occupied by tenants-holding-over under law. These parcels are not being offered individually. They must be purchased as a single bundle at or above the minimum bid price, if any is stated. Pursuant to MCL 211.78 (1), the Foreclosing Governmental Unit (FGU) has determined that the most efficient and expeditious method to return many of these parcels to productive use, is to require their immediate demolition, remediation, rehabilitation or repurposing if sold at auction. Many of these parcels constitute blight, a public nuisance and abatement is considered necessary. Before their sale to ANY purchaser at auction, it is the intent of the FGU that any such purchaser shall demonstrate their financial ability and willingness to perform those actions necessary, in the public interest and welfare, to bring the properties into compliance with local codes and ordinances. Therefore, it is a further requirement of sale of the bundled properties that a purchaser must demolish, remediate, rehabilitate or repurpose these properties as follows: 1) ALL STRUCTURES must be secured and made un-enterable within 15 days of sale at auction, at the purchasers sole expense, or the sale shall be cancelled and no refund or deed issued. 2) Any visible refuse, garbage, trash or other cast off shall be removed from lands within 15 days of the sale at auction, at the purchasers sole expense, or the sale shall be cancelled and no refund or deed issued.. 3) The conditions required in (1) and (2) above shall be maintained against further entry or blight for a period of 12 months following the execution of a deed. 4) Those properties in the bundle that are beyond reasonable repair or economic vitality to repair must be demolished at the sole expense of the purchaser. The cost of such work shall be at the sole expense of the original purchaser and shall not be assigned, delegated or otherwise transferred to third parties through sale or conveyance until complete. All such demolition must be performed within 6 months of deeding, by a licensed, insured demolition contractor acceptable to the code official of the local unit of government where the property is located. All proper permits for demolition and the removal and disposal of volatile debris (asbestos, contaminants etc) must be obtained. 5) Those properties in the bundle which appear to either the purchaser, FGU or the code enforcement official of the local unit of government to be potentially contaminated, shall be the subject of a Baseline Environmental Assessment (BEA) at the sole expense of the purchaser. The cost of such BEA(s) shall be at the sole expense of the original purchaser and shall not be assigned, delegated or otherwise transferred to third parties through sale or conveyance until complete. The BEA(s) shall be conducted by an insured environmental consultant licensed in the State of Michigan within 45 days of purchase, and shall be fully complete and filed with the proper authorities within 90 days of purchase. The level of the BEA to be conducted shall be determined by the findings of the initial phase(s) of the BEA at each parcel subject to such study. Where contamination is evident, the purchaser shall indemnify the FGU with a separate performance bond (issued on the same terms as others herein required) in an amount equal to the full cost of remediation of the contamination at each such site, and for a period of twenty (20) years, unless remediation is undertaken and completed during that time period. If the site is remediated to a level satisfactory to state officials charged with such determinations, the requirement for a performance bond shall be removed for that site. 6) Those properties in the bundle which can be rehabilitated or repurposed shall be brought into compliance with all construction, occupancy, zoning and other use codes of the local unit of government within 12 months. Construction and/or mechanical permits must be obtained prior to performing such work. Occupancy permits must be obtained by the expiration of that term. All construction and rehabilitation work at these properties shall be carried out by contractors that are licensed and insured, and acceptable to the code enforcement officer of the local unit of government. The cost of such work shall be at the sole expense of the original purchaser and shall not be assigned, delegated or

otherwise transferred to third parties through sale or conveyance until complete. In pursuance of those requirements and their costs and timelines, the FGU is requiring the posting of a performance bond in the amount of \$1,000,000.00. The performance bond shall be made out in favor of the Office of the Kalamazoo County Treasurer (acting as the Foreclosing Governmental Unit). Evidence of the issuance and full payment for such bond shall be presented to the FGU within fifteen (15) days of the acceptance of the purchasers bid at auction. In the event evidence of issuance and full payment is not tendered within fifteen (15) days of sale, the sale shall be cancelled outright, and the purchaser considered non-responsive to a necessary condition of the sale. No receipt for the sale shall be issued, and the bidder shall not be entitled to enter upon such premises, until such bond is issued and deemed sufficient by the FGU. Such bond shall be issued by an underwriter licensed to do business in the State of Michigan, who is not the subject of any pending disciplinary action by the State of Michigan or any department, bureau or commission thereof. It shall be payable, in full amount, to the FGU in the event of either whole or partial non-performance of the terms above written for its entire duration. It shall run as effective and be fully pre-paid, for the entire term of twenty-four (24) months. Any overage or refund shall be payable to the purchaser upon earlier termination of the bond because of full performance hereunder. This 24 month time period is not applicable to those performance bonds required for contaminated parcels noted in (5) above. The original of such bond(s) shall be held by an escrow agent satisfactory to the FGU, fully prepaid, at the expense of the purchaser. In the event any purchaser is a corporate or other entity, the principals of such entity must also execute full-recourse personal guarantees that assure payment of the amount(s) due under performance bonds in the event they are not honored for any reason. Compliance with the terms of the requirements hereof shall be at the sole discretion of the FGU. Bundle;

Town of Gay 0.41A m/l S19-T56N-R30W Comments: This one is literally coming apart at the seams. The main two story frame structure appears to be straight and true, but the one story addition to the south is slowly declaring independence and having some gravity issues. The most serious issue here is the foundation. Three of the four corners, especially the two rear corners, are failing. Someone tried to fix that with some aerosol foam, but it didn't solve the problem (COUGH). There appears to have been a two car or such addition to the north that has already been removed (and the opening plugged) in the past. All that remains is the concrete slab on grade. Roof appears older but serviceable. Hard shingle siding that has been painted (may contain asbestos). Appears to have been unoccupied for a little while now. There is an inoperable vehicle here with a plate that expired 5+ years ago. This is actually a nice 119' x 150' lot in a quiet friendly little resort town, and the frame structure could be moved to a new foundation and restored without the side addition. Comments: This is a two story early century home, with a couple of mid century, one story additions. We noticed a substantial deflection in the north exterior wall that you can see from outside the building near the foundation about half-way back. This could be the result of removing interior load bearing walls to "remodel". The home went through a mid-century upgrade. It needs a roof and there are localized leaks appearing. There is some sway to the floors which should be investigated from the crawlspace. There is a newer boiler, but we did not see evidence of it having been winterized. Has an odd, rambling floor plan, including a toilet right smack dab in the middle of the upstairs hallway (peek-a-boo!). There is a large hole around the electric service mast in the roof (rain + power = boom boom, spark spark). Lake Miramichi is located five miles south of Evart, in the mid-western lower peninsula in Michigan. The Lake Miramichi Property Owners Association (LMPOA) is the association for this private lake and is responsible for upkeep of our roads, parks, clubhouse, and dams, which are between the larger lake and our little Lake Miramichi. The little lake has its own charm with pristine water and no motors allowed. The homes, approximately 160, vary between simple seasonal cabins to beautiful year-round homes with great views of the hilly countryside or the many fantastic views of the lake. The lake is private and for the exclusive use of the property owners association members. Maintaining this private status is one of the associations goals. There is a marina available to dock boats for lots without lake frontage. There is a primitive but very nice campground for members located nearby and a lovely clubhouse to use with a large covered pavilion. Lake Miramichi is noted for excellent fishing and is monitored by the DNR for state regulations. Please investigate Yearly Association Fees. Comments: Well built, clean, modern restaurant facility in Walkerville. The west section appears to have been added about 2006, and is a large banquet/dining room. The east portion is older, and contains the kitchen and backend, which includes a walk-in cooler *and* freezer as well as vent hoods and the Ansul fire suppression system, which appears to be intact. It does not appear that this facility has make-up air, which is now a health department mechanical requirement. The roof is newer architectural series shingle and does not leak. We did not see a basement. Some parking out back. Adjacent to the village park. 5402	<p>Parcel ID: 03 520 034 00; Legal Description: SEC 5 T50N R42W LOT 34 OF PLAT OF WHITE PINE. Comments: Four bedrooms and two baths. Roof is old, with one substantial leak/bad spot in the right rear corner bedroom. The main floor has had walls removed and the floor plan reconfigured. Maple flooring. Needs a good cleaning and probably some attention to plumbing and heating. Hot water boiler heat system that we did not see any obvious signs of freeze damage and we found a drain valve open, so it MAY have been winterized. Will need a new kitchen and bath on the main floor as these are both substandard. Foundation veneer is flaking, but the core seems solid from what we saw. Power service is old 60A fused panel, and the service line has been dropped. Personal Property;</p> <p>Summer Tax Due: \$515.99</p>	18 CHERRY ST CARP LAKE TOWNSHIP;	\$100	
5404	<p>Parcel ID: 04 209 031 00; Legal Description: SEC 9 T50N R38W SE 1/4 OF SE 1/4. 40 A. Comments: Nice square 40 off Rosseau Road. Access is from the north, and a two track that comes straight down to the NW corner of the land. At the 1320' mark on that trail, you will see old buildings off to the right, and that tree line is the north edge of the parcel. This trail isn't mucky, but its definitely 4WD territory. STOP at this point ... because there is a pretty good sized ravine/gully/ditch just ahead and you'll be calling for the tow truck iffen you don't. USGS topo maps indicate that this parcel is all uplands and not marsh. No signs of recent timbering, but the forestry stock here is not old. It's a mix of evergreen, softwood and a little hardwood with brush as well. Good camp property. Halfway between Mass Station and McKeever.</p> <p>Summer Tax Due: \$55.55</p>	(Off) Rosseau Road;	\$100

5411	<p>Parcel ID: 10 688 004 00; Legal Description: LOT 6 BLK 8 OF TOWN OF WEBSTER. Comments: This one isn't shot, yet, but it's headed there in a hurry. Historically this has been a pool hall. In more recent years only the second floor was used as a residence. The roof is generally bad and leaking in several spots. That has transmitted to the main level where it has warped hardwood flooring. The foundation on the left/south side of the building could not be examined without a ladder to the basement, but it could be an issue tho its not stressing the side wall. The side and back stairways and porches are creeky and need attention. It certainly needs a roof. We're told by Ray (the overseer who you will undoubtedly meet if you visit this one) that the former owner had a new boiler put into the basement before he died, which was about 6 or 7 years ago. Has potential, but will require a lot of work and deep pockets. There is no active electric or water service here, but we have a hunch this may be squatter territory. Ask Ray. He'll know :) Roof Issues; Summer Tax Due: \$214.62</p>	68 NATIONAL AVE ROCKLAND TOWNSHIP;	\$100

Comments: We've sold this one (and the one next door too) a couple of times before ... and like the bad penny it returns. Older one story mid-century frame construction. Sits on a footing system that backs up to a ravine and it is sloooooowly collapsing from underneath. Most of the foundation at the front of the house has collapsed, and it's just a matter of time til house-go-boom. But hey, it's got a newer furnace! The house itself actually isn't bad and would be worth moving. But the logistics with the steep ravine behind it makes that impractical. 5505	<p>This lot is a "bundle" comprised of 7 parcels</p> <p><i>(1 of 7) Parcel ID:</i> 03 381 007 00; Legal Description: LOT 7 LAKE MIRAMICHI SUBD Comments: Lake Miramichi is an established resort community south of Evert in Osceola County. Most of the development is near the Lake, which is privately held by the membership of the association. Please see the LMPOA link attached to this listing for more information on association membership, fees and requirements. Many of the parcels that are offered for tax sale are in portions of this development that are incomplete. Many of the roads are not graded regularly, some not at all. Many of these parcels have no electric or other utility service, and none is expected or proposed in the near future. The oil and propane trucks will not service those areas of the property. In short, "Caveat Emptor". We have photographs of the road to each parcel in the file for that lot. In general, if there is grass between the tracks, there is no power. Please study carefully prior to bidding. IT IS AN EXPRESS REQUIREMENT OF THIS SALE THAT THE PURCHASER MUST EXTEND ELECTRIC, UTILITY SERVICE TO EACH LOT INCLUDED IN THE BUNDLE AS A REQUIREMENT OF SALE. To this end, a cash bond in the amount of \$50,000 will be required to be furnished and held in escrow payable to the office of the Osceola County Treasurer. Account shall be held by a third party meeting the approval of the seller. The purchaser shall be permitted to draw against this account for the expense of such electric utility extension and road improvement. The cash account must be created prior to the completion of the sale, or the sale shall be cancelled and no refund issued. Any surplus funds shall be returned to the purchaser upon the completion of utility extension to the final lot in the bundle. All work must be completed within 6 months of the sale date, or the balance shall be forfeited to the seller. Comments: This is a very solid, square, straight older wood frame home in Manistique. It is pretty original as to design with the exception of the front two upstairs bedrooms having been made into one larger one. The roof looks shady and there is evidence of some past damage to plaster upstairs from leaks, but all repairable if dealt with soon. The main floor has fallen victim to a mid-century "remodel" (ie: paneling) , but at least they didn't paint the trim. Nice hardwood floors, built in pantry off the kitchen. What the place needs more than anything is a good cleaning and resurfacing. It has "animal odors" and it looks like the family pets used one of the closets as the litter box for a century or two. It's just generally a dirty girl. Some of it clearly has not been scrubbed since last century. Three bedrooms, one bath (up) and a mid-century forced air furnace. At the end of the road at the cul-de-sac and sits high above most of the other homes here. Has a sweeping southward panoramic view of the countryside. Great spot for a solar home or at least a terrific sun-soaked deck! This is a site condo, not a subdivision lot. As such, there are restrictions and likely fees for maintaining the private road. You'll want to check on those before bidding. Condo Subdivision "site Condo"; Summer Tax Due: \$85.98</p>	Fairview Drive;	\$100

6724	<p>Parcel ID: MN-CC-01-01; Legal Description: LOT 1, BLK. 1 EXC W 20 FT. CEDAR CREEK PLAT CITY OF MANTON Comments: Appears to have been a gas station in a prior life ... we'd guess a Sinclair by the color scheme. The front overhead doors have been closed in, and another replaced it off the alley to the north. Has an updated 200A electric service and modern natural gas forced air heat. Right at the heavily trafficked main four in Downtown Manton and on "Old" US 131. Great visibility and traffic counts here! Building is cinderblock and has a built up roof with a little tiny bit of trouble seen in the west storage room in one itsy bitsy spot. This is (or has been ... not sure which) the location of UNDERGROUND STORAGE TANKS (gas tanks) in the past. There are no *listed* contamination events. It is unclear whether or not the tanks have been removed, but we see no signs or remaining pipes or venting. It is listed in State records as FACILITY ID # 00003505. You will want to perform a baseline environmental assessment within 45 days of purchase ... there have been 4 BEA's conducted at this site in the past. Short version: No past known contamination, possible tanks. Verify status and protect yourself. Has a countertop level bathtub. Great for really, really tall people. SEAMAN & MAQUESTON ADDITION CITY OF MANTON Comments: Kitchen fire special in Manton! The west one-third of the house is pretty well dozer bait from fire damage that involved the roof system. The eastern two-thirds of the house are lesser affected. Posted as condemned, so we did not enter it to investigate its integrity. From what we could see through (what's left of the) windows, the entire house has water and smoke damage. Power service here has been dropped. Other than that, it's a great spot!
